Definitions of Performance Measures 4-5

Idaho Public Library National Rankings [FY2012] 6

Location of Idaho Public Libraries and District Boundaries [MAPS] 7-8

Table 1. Libraries by County 9-78

A. **Population** 9-15
- Percent County Served
- County Populations [2013 Census Bureau estimates]
- Combined Population Served [LP + CP]
- Legal Service Area Population [LP]
- Contract Service Area Population [CP]

B. **Borrowers** 9-15
- Legal Service Area Registered Borrowers [LB]
- Contract Service Area Registered Borrowers [CB]
- Combined Service Area Registered Borrowers [LB + CB]
- Percent Combined Service Area Borrowers
- Non-Resident Borrowers [Card holders]

C. **Facilities** 9-15
- Central Libraries
- Branch Libraries
- Bookmobiles

D. **Staff** 16-22
- ALA-MLS Librarians FTE
- Non-MLS Librarians FTE
- Total Librarians FTE
- Other Paid Staff FTE
- Total Library Employees FTE
- FTE Staff per 1,000 Combined Population

E. **Directors** 16-22
- Director Salaries
- Director Hours Per Week

F. **Operating Income** 23-29
- Local Operating Income
- State Operating Income
- Federal Operating Income
- Contract Operating Income [CO]
- Other Operating Income [M & O]
- Total Other Operating Income [CO & M & O]
- Total Operating Income
- Operating Income per Capita
- Total Capital Income
- Grand Total Income

G. **Operating Expenditures [Staff and Collections]** 30-36
Salaries
Benefits
Total Staff Expenditures
Staff Expenditures per Capita
Print Materials Expenditures
Database and Electronic Materials Expenditures
Other Materials Expenditures
Total Collection Expenditures
Collection Expenditures per Capita

H. **Operating Expenditures [Other and Totals]** 37-43
Contract Expenditures [CE]
Other Operating Expenditures (Supplies, Utilities, Etc.) [NCE]
Total Other Expenditures [CE + NCE]
Total Other Operating Expenditures per Capita
Total Operating Expenditures
Total Operating Expenditures per Capita
Expenditures by Other Agencies
Capital Expenditures

I. **Collections** 44-50
Acquisition Rate [%]
Total Items Added
Total Items Weeded
Print Materials
Total Audio Materials
Total Video Materials
Other Electronic Materials [Physical Units]
Total Databases
Electronic Books [E-Books]
Other Library Materials
Total Items Held [Physical Units]
Total Subscriptions

J. **Hours and Use of the Library and Square Footage** 51-57
Public Service Hours [annual]
Total Attendance [annual]
Attendance per Capita
Total Reference Transactions [annual]
Reference per Capita
Internet User Sessions [annual]
Internet Use per Capita
Total Square Footage (including branches)

K**. Programs** 58-64
Children's Programs [Annual]
Children's Programs Attendance [Annual]
Young Adult Programs [Annual]
Young Adults Programs Attendance [Annual]
Adult Programs [Annual]
Adult Programs Attendance [Annual]
Total Library Programs
Total Attendance at Library Programs
Attendance per Program

L. **Circulation and Turnover** 65-71
Adult Circulation
Juvenile Circulation
Total Circulation [annual]
Circulation per Capita
Turnover Rate
Loan Period for Books [weeks]
Circulation of Electronic Materials

M. **Interlibrary Loans** 65-71
Interlibrary Loans TO Others
Interlibrary Loans FROM Others
Net ILL Lending Rate
ILL's per 1,000 Circulation

N. **Internet** 72-78
Public Internet Terminals
User Sessions per Terminal per Hour Open [Annual]
Internet Connectivity
Connectivity Speed

Public Library Statewide Summary 2009 –2013 [table] 79

Total Idaho Population vs. Unduplicated Population Served by Tax Supported Libraries 2009 – 2013 [graphs] 80-86

Table 2. Libraries by Population Served (Complete) 87-136

Group 1 More than 10,000 87-96
Group 2 5,001 to 10,000 97-106
Group 3 2,501 to 5,000 107-116
Group 4 1,001 to 2,500 117-126
Group 5 Less than 1,000 127-136

[The data elements for each group are arranged in the same order as the data in Table 1 above. The only difference is that the data are arranged in descending order by the size of population service area, not by county.]

Table 3. Public Libraries by Name with Director, Phone, Mailing Address, Winter Hours, and E-mail address [includes branches] 137-146

INTRODUCTION

The 2013 edition of the Idaho Public Library Statistics includes data gathered by the Idaho Commission for Libraries using the "Public and District Library Annual Statistical Report Form." That report reflects:

1. All monies available to a library during the report year, regardless of the source of funds;

2. All expenditures made by the library, regardless of the source of funds;

3. Populations served within legal service areas and also by contract; and

4. Collections, services, and staff provided during the report year.

The Report Form complies with the Federal/State Cooperative System for Public Library Data (FSCS).

In addition to the actual data reported, a few performance measures have been calculated for each library. Selected per capita and percentage figures have been generated by computer and are presented in columns next to the data (numerators) from which these measures were derived.

It is important to remember that performance measures and comparative statistics are not absolutes. There are no right or wrong measures and no single measure tells a complete story. An individual library's statistics should be considered in the context of its roles, goals, and objectives. Be creative in thinking about how the information contained in these numbers can help you improve library services. Use them to analyze your services and to work with your local government and your public.

Assistance in analyzing the statistics and performance measures is available from the Idaho Commission for Libraries.

NOTES ON THE STATISTICS

A. Locating Data and Performance Measures for Your Library

Table 1. Idaho Public Libraries by County
Data for all reporting libraries are listed alphabetically by county and then by library name under the following 13 categories:

A. Populations
B. Borrowers
C. Facilities
D. Staff
E. Directors
F. Income
G. Expenditures [Staff & Collections]
H. Expenditures [Other and Totals]
I. Collections
J. Hours and Use of the Library and Square Footage
K. Programs
L. Circulation and Turnover
M. Interlibrary Loans
N. Internet

County subtotals and performance measures are included in this table.

Table 2. Idaho Public Libraries by Population Served
All data elements are listed in descending order by **Combined Population Served**, which is defined as: "The population of a library's legal service area (within the boundaries of a city or a district) PLUS the population of any other areas served by contract." Libraries are grouped as follows:
Group 1 - Population more than 10,000
Group 2 - Population from 5,001 to 10,000
Group 3 - Population from 2,501 to 5,000
Group 4 - Population from 1,001 to 2,500
Group 5 - Population 1,000 or less

Group averages [means] and medians have been calculated for each group.

B. Non-Reporting Libraries

At the end of FY 2013 there were 103 publicly funded library entities in Idaho. All libraries submitted their data for publication this year.

Library Type Codes and Number of Each Type of Library

D=District	51
C=City	49
S=School/Community	3
Publicly Funded Library Entities	103

C. FSCS Public Library Definition

A public library is an entity that is established under state enabling laws or regulations to serve a community, district, or region, and that provides at least the following:

1. An organized collection of printed or other library materials, or a combination thereof;
2. Paid staff;
3. An established schedule in which services of the staff are available to the public;
4. The facilities necessary to support such a collection, staff, and schedule; and
5. Is supported in whole or in part with public funds.

D. Administrative Only and Contracting Library Districts

During the last few years, there have been only two library districts that contracted to have all services provided to their patrons by other libraries, namely Blackfoot Rural District and Bonneville County District. These "administrative only" districts have legally established boards and levy taxes, but have no facilities, collections, or other services; consequently, they do not meet the criteria of the FSCS Public Library Definition given above.

Data for "administrative only" districts are always included with the data of the libraries that provided services to their patrons, Blackfoot Public and Idaho Falls Public respectively.

Several other Idaho public libraries are party to some type of contract to provide or receive services from other libraries. Specific data for contracts are given, where applicable, in columns labeled Contract Population, Contract Income, and Contract Expenditures.

E. Accuracy and Completeness of the Statistics

The data in all tables are as the local libraries reported them to the Idaho Commission for Libraries except where obvious inconsistencies were spotted. In most cases, the local library provided revised figures.

F. Population Data

Population figures have been adjusted to reflect the most recent estimates (2013) for both County and City populations published by the Population Division, U.S. Census Bureau in April and June 2014. Service populations for city libraries and countywide districts are as reported by the Bureau of the Census. Also, partial county district populations have been adjusted in counties where it is possible to calculate the population by subtracting the populations of cities with tax supported libraries. There are, however, several districts where other methods for estimating population must still be used, since their boundaries do not match Census "block" units.

However, the authoritative source for all population questions is always the U.S. Census Bureau via the State Data Centers Program.
The URL is: http://www.census.gov/sdc/

The total population for Idaho as of 07/01/2013 was **1,612,136**. This is an increase of 16,408 (about 1.02%) over the 2012 Census figure of **1,595,728**.

G. Totals, Means, Medians, Percentages, and Per Capitas

County Totals, Percentages, and Per Capitas are computed in Table 1. Please note that the County Percentages and Per Capitas are computed from the

County Totals and not by averaging figures for all libraries within the county.

Means for raw data elements such as "Annual Circulation" or "Central Libraries" are calculated by

dividing the State Totals by the number of reporting libraries. This is the common Arithmetic Mean which is commonly used to represent the typical library. A true Arithmetic Mean is also calculated for Per Capitas such as Circulation per Capita or Operating Income per Capita. As in past years, State Total per Capitas have been calculated and reported in the summary at the end of each section in Table 1. These summaries include State Totals, State Means and State Medians.

For clarity, State per Capitas are presented on a separate line in the summary sections in order to facilitate cross references to and comparisons with national compilations of public library data such as Public Libraries in the United States E.D. Tabs. This highly useful document, published by the U.S. Department of Education, calculates State per Capitas by dividing the State Total for a given element by the total unduplicated population served by all tax-supported libraries.

As an "average," the Median is much less sensitive to extreme differences than is the Mean. Remember that the median is defined as the "exact middle" figure. To derive the median, each column of figures is arranged in descending order and then divided in half. For columns having an odd number of entries, the median is an actually reported figure. For columns having an even number of entries, the median is calculated by dividing the sum of the two middle figures by 2.

In this edition FY2012 totals are reprinted in the summary area at the bottom of each subsection.

Differences between FY12 and FY13 are also calculated.

In Table 2, Totals, Means, and Medians are calculated for each group [1-5].

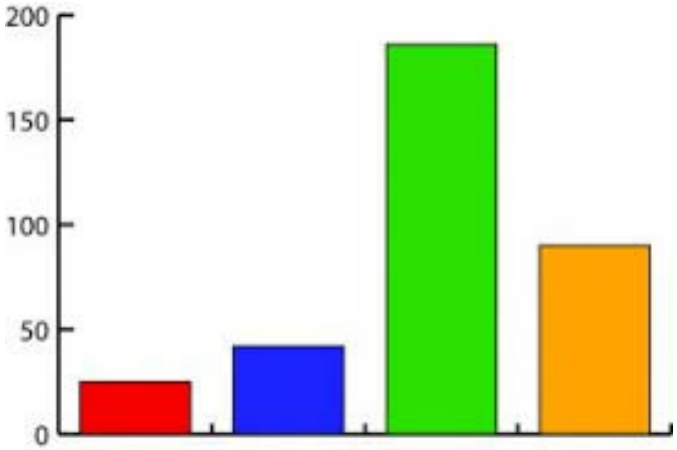
H. Doubling Errors

An attempt has been made to correct a "doubling" error that occurs at the bottom line, especially in columns containing data on Population, Funding, and Expenditures.If not corrected, figures for a contracting library may be counted twice, once on its own line, and once again on the providing library's line. In the population tables, the column for Contract Population will sometimes show both plus and minus figures. This allows the reporting of more accurate population data across the page and keeps the "doubling" effect from occurring when totals are added down the page. Figures which are subject to doubling effects are enclosed in boxes.

In the "Total Income" and "Total Operating Expenditures" columns the doubling error has been corrected manually on county subtotal lines and again at the bottom line. Items that have been so corrected are again placed in boxes.

I. Multi-County Districts

There are five library districts in Idaho whose boundaries cross county lines. For these libraries, all data and measures are listed under the county wherein the central library is situated. Multi-County libraries are marked with an "@" symbol. The five Multi-County libraries are: Kuna District [Ada-Canyon], Lizard Butte District [Owyhee-Canyon], Sugar-Salem School/Community [Madison-Fremont], Prairie-River District [Nez Perce-Lewis-Idaho] and Community Library Network.



DEFINITIONS OF PERFORMANCE MEASURES

This section defines the various measures that are calculated and presented throughout the data tables.

Combined Population Served Legal Population + Contract Population	A library's COMBINED POPULATION SERVED is used as the divisor in calculating all per capita measures.
Total Income Per Capita **Total Expenditures Per Capita** **Staff Expenditures Per Capita** **Collection Expenditures Per Capita** **Other Expenditures Per Capita** Example: Total Income Combined Population	These input measures reflect the relative level of financial support that libraries receive as well as the way in which funding resources are distributed in major budget categories.
Acquisition Rate [Percentage] Items Added x 100(%) Total Items Held	This input measure relates the number of new acquisitions to the overall size of the collection. It is the number of titles acquired during the year divided by the number of items held by the library (including the new ones). This measure is expressed as a percentage [e.g. 4.1%].
Turnover Rate [Ratio] Annual Circulation Total Items Held	This output measure is a ratio that relates the number of items circulated to the overall size of the collection. It is the total circulation divided by the number of items held in the collection at the end of the year. The measure indicates the average number of times each item in the collection was circulated, assuming that circulation was evenly distributed among the library's holdings.
Circulation per Capita Annual Circulation Combined Population	This output measure relates the number of items circulated to the number of persons in the library's combined service area. It is the annual circulation divided by the combined population served.

ILL Net Lending Rate ILLs TO ILLs FROM	This output measure relates the number of materials provided to other libraries through interlibrary loan to the number of materials borrowed from other libraries through interlibrary loan. It is the number of items loaned divided by the number of items borrowed. As a simple ratio, the measure indicates whether the library does more borrowing or more lending. A number greater than 1.0 indicates the library does more lending; a number below 1.0 indicates the library does more borrowing.
ILLs per 1,000 Circulation ILLs FROM x 1,000 Annual Circulation	This output measure relates the number of materials borrowed from other libraries to the number of materials from the local collection circulated to borrowers. It is the number of materials borrowed from other libraries through interlibrary loan divided by total circulation multiplied by 1,000.
Visits per Capita [annual] Annual Visits Combined Population	This measure relates the number of visits made to the library to the number of persons in the library's combined service area. It is attendance at the library during the year divided by the combined population served by the library. The measure reflects actual visits to the library.
Electronic Use per Capita Number of Users of Electronic Resources Combined Population	This measure relates the number of users of Electronic Resources in the library's combined service area. It is the number of users of electronic resources during the year divided by the combined population served by the library.
Reference per Capita [annual] Annual Reference Combined Population	This output measure relates the number of information contacts in which a staff member involves information sources to the number of persons in the library's Combined Population Service Area. It is the number of reference transactions per year divided by the total population served by the library. The measure indicates the average number of times a resident of the service area received staff assistance in using information sources available or accessible through the library.
Total FTE Staff per 1,000 Population FTE Staff (FTE Librarians) x 1,000 Combined Population	This input measure relates information about Staff to Population Served expressed in a decimal. One full time equivalent (FTE) is one paid employee working 40 hours per week. Examples: 40 hours per week / 40 hours = 1 FTE 20 hours per week / 40 hours = .5 FTE
