**A. Competitive Just in Time Grant Application Evaluation Summaries**

Meridian School District

- Engaging Alternative School readers & integrating information literacy into the reading curriculum
- \$18,189.95 in LSTA requested
- Project recommended for funding by staff and LSTA Advisory Council

Plus	Delta
Great project – project about the students not the collection.	Concern about appearance of providing books and computers.
Materials are necessary to the project.	Outcomes and indicators need work.
Librarian has a proven track record.	Math errors in the budget.
Information Literacy/Library Skills Curriculum is being developed.	
Grant based on Information Literacy Big 6.	
Support by teachers & principal in the Alternative Schools.	

Lewiston City Library

- Civic Technologies/Library Decision: Patron
- \$13,492 in LSTA requested
- Project recommended for funding by staff and LSTA Advisory Council

**Board Document 09-12 Revised**

Plus	Delta
Impressive project.	Some question about the vendor's methodology – but a step in the right direction.
Will assist library in determining future services for patrons.	How will the Commission deal with the potential ground swell of similar applications?
Will provide invaluable demographic information.	

Boise State University

- Idaho Academic Libraries WorldCat Local Project
- \$40,275 in LSTA requested
- Project not recommended for funding by staff and LSTA Advisory Council (2-1)

Plus	Delta
Interesting project, w/ benefit to users.	There seemed to be a lack in coordination among the institutions; no mention of a written agreement.
Would like to see project of this type implemented.	Not sure who participated on the project planning team.
An interface such as this would be a good thing.	No mention of how or who would be training students on the software & searching techniques.
Recommend that the applicant resubmit with more detail.	Needs identified were opinions as opposed to statements of fact; weak documentation.
