

IV. LEGISLATION – POLICIES – RULES

C.1 Status – information item

The Commission has two rules under review by the Education Committees during the 2009 legislative session:

Pending rule: Docket 30-0101-0801

Rule necessary to carry out the provisions of SB 1321 passed by the 2008 Legislature, concerning the digital repository of state publications; provides a mechanism for operating the digital repository of state publications including authority and exemptions.

Status: No concerns or objections were raised by House or Senate Committee members. Unless there is a vote to reject the rule, it will become effective upon conclusion of the 2009 Legislature session.

Temporary rule: Docket 30-0101-0901

Changes to the rule governing the use of Commission Services – LSTA grant process; clarifies grant application procedures and eliminates unnecessary references. These changes were identified after the deadline for review by the 2009 Legislature as a pending rule.

Status: No concerns or objections were raised by House or Senate Committee members. Unless there is a vote to reject the temporary it, it will become effective upon conclusion of the 2009 Legislature session. At that time we will begin the proposed rule making process.
