

Teen Tech Week 2015

Libraries are for making... What will you MAKE?

The Commission encourages you and your teens to **Make _____ at the Library**. Fill in the blank and have some fun this Teen Tech Week. Any time during the month of March you and your teens can join the maker movement and get making! Then all you need to do is submit your favorite creation for final judging by Commission staff and the Idaho library community.

Here are just a few ideas of what your teens could make:

- Recycled Robots
- Play, musical, dance
- Wearable tech fashion show
- Stomp Rockets
- Fabric bowls or other creations
- Teen Space artwork
- Video or PSA
- Digital photo album
- Squishy Circuit animals
- A new recipe or a food sculpture
- Teen magazine or e-zine
- Little Free Library for the community
- Booktrailers
- Upcycled jewelry
- Paper Circuit creations
- Or????

For registering your library will receive:

- Paperback book on the maker movement
- Free poster and bookmark files to print at your library

The top 5 most popular and innovative ideas will receive innovative “making” tools and materials. Need more ideas? Just talk to your teens and see what they are excited about making!
