Book Title/Author: *The Three Musketeers* by Alexandre Dumas

Library Name: Boundary County Library

Essay:

The Three Musketeers

By Alexander Dumas

The reason I chose the book *Three Musketeers* was because I was told that the book would have an action type plot, and a bit of romance. What I was told definitely lived up to expectations with the little twist of how the main character meets up with the 3 musketeers. With a fast entertaining plot this is one of the better books made back in the day. This book is only second to the *Count of Monte Cristo* which is also another great book made early on in history. The *Three Musketeers* is a great, remarkable journey that keeps people entertained.
