# Computer Skills Tutorials

HELPING PEOPLE NAVIGATE AND EXCEL IN TODAY'S INFORMATION AGE

With our global economy firmly rooted in technology, solid proficiency in computer applications is a critical component of the 21st century skill set necessary to succeed in the workplace and in life. LearningExpress Library's unique online learning platform offers a wide array of computer skills tutorials for today's most popular applications, which make learning a new program a breeze.

With LearningExpress Library™ your patrons can:

- Instantly access self-paced computer software application tutorials from basic to advanced levels for the most commonly used applications and operating systems

- Gain a competitive advantage in the workplace or job search by becoming proficient in office and desktop application functionalities

- Learn rapidly through fully interactive multimedia programs that include sound, animation, and visuals for easy learning

- Use self-assessments, quizzes, hands-on practice lab simulations, and interactive video content for better understanding of material

- Easily navigate the Web interface for an intuitive user experience through self-paced, self-directed courses

- Access anytime, from anywhere with an Internet connection
