

## Libraries are for making..... Submission Template

### Submission Guidelines:

1. Only one project per library may be submitted for this challenge.
2. Insert a picture of the creation **in .jpg format**, or include the URL if it is a video or can be seen online. (If you need help, call us!)
3. Size the picture to approximately 4-5 inches in height to keep your submission on one page if possible.
4. Fill in the project information below and
5. Save this document in **.pdf format** and email the file to [Erica](#) or [Sue](#) by the April 6, 2015 deadline.

### Project Information:

- Library Name: East Bonner County Library District                      Library Contact: Morgan Gariepy
- A short description about the creation. What media, computer program, or design method was used:

We partnered with MakerPoint Studios, our local Maker Space co-op, to design and assemble acrylic desk signs lit by LEDs. This sign was created by Adina Timblin, 17, in honor of her favorite TV show, Psych. She used Microsoft Illustrator to design the content of the sign. The design was then applied by a laser cutter. Finally, Adina wired up the circuit for the LEDs and battery and assemble the stand. Through this process, she applied her creativity with the design, tech skills with Illustrator, and engineering skills with the assembly. She also gained exposure to laser cutting machinery.
