- A dozen Idaho libraries have hosted programs since that time with more making plans to present the family storytimes/workshops during the 2016-2017 school year.
- Funding from Blue Cross will allow ICfL to purchase books for families to keep each session and \$100 for each participating library to use for supplies or books for their library.

(For more details and information on how libraries can participate, go to <http://libraries.idaho.gov/eatplaygrow>.)

JEANNIE STANDAL: SCHOOL LIBRARIES

LETTERS ABOUT LITERATURE

- This year's Letters About Literature contest from the Library of Congress, a reading and writing contest for students in grades 4-12, will open for entries starting **November 2, 2016**. Students write a letter to the author of a book that changed their lives or points of view; it's not a fan letter or a book report, but rather a reflective analysis of why a book affected them. Guidelines, tools, deadlines, and a very spiffy teacher guide are available at <http://read.gov/documents/LAL16-Guidelines.pdf>, so students can start reading and writing now! This contest is open to students from all types of educational environments: public school, private school, virtual school, or home school. While many students participate in Letters About Literature through their schools, they can also enter on their own or through their public library. In fact, a few of last year's winners from Idaho entered through their local public libraries, not through their schools. Get more information and read the letters of previous national winners at <http://read.gov/letters/>.
