ICFL TARGET

KRISTINA TAYLOR AND STACI SHAW: READ TO ME

SMARTY ANTS

- Smarty Ants is an online literacy program being offered for free to all 4-year-olds in Idaho for the next three years through a partnership between the Idaho State Department of Education and Achieve3000.
- ICfL arranged a webinar on May 30th to help Idaho library staff address parent questions and become familiar with this early literacy tool.
- If you missed the Smarty Ants webinar last week, but want to have a better understanding of what it is and how to help parents and caregivers using it, the archive can be viewed here.
- If you would like to login to Smarty Ants via a demo account, please follow the directions below to create a demo account. The login and password information will expire at the end of June, but we can obtain another as needed.
  1. Go to http://www.achieve3000.com/try
  2. Enter the following demo codes: Username: “air4823“ and Password: “air4823“
  3. Click on the Smarty Ants logo to open the Free Trial Form.
  4. Complete and submit the form.
  5. Check your email for a message from customerservice@smartyants.com. You’ll receive an email with your login credentials and instructions.

SUMMER READING

- Summer Reading Program Reports are due September 15.
