Teens & Technology 2013

Training Purpose:

Provide participants with the knowledge, resources, and skills to use selected tools for formal and informal tween/teen programming in *Maker Spaces*.

Desired Outcomes:

By the end of the training, participants will:

1. Be knowledgeable of the nomenclature, building techniques, and curriculum in manipulative kits.
2. Develop skills to implement formal and informal tween/teen programs with the manipulative kits.
3. Acquire skills and knowledge necessary to develop an inventory management plan.
4. Refine their action plan to help implement the project in their library.
