

## Ice, Ice, Baby!

### Science experiments & activities to do with ice

- Make ice cream (in a Baggie or ice cream maker)  
<http://science.howstuffworks.com/innovation/edible-innovations/ice-cream3.htm>
- Paint with ice: [www.wonderbrains.com/articles/ice-painting.html](http://www.wonderbrains.com/articles/ice-painting.html)
- Make ice cubes levitate: [www.jumpstart.com/common/levitating-ice-cubes](http://www.jumpstart.com/common/levitating-ice-cubes)
- Experiment with salt and ice:  
<http://learningandteachingwithpreschoolers.blogspot.com/2010/01/rock-salt-and-ice-experiment.html>
- What does ice stick to?
- Freeze objects in ice and have children excavate with eye droppers or small hammers.
- Ice breaker game- hold a piece of ice in your hand while you are introducing yourself to someone else. Keep talking until the ice melts.
- A variety of ice activities, songs and fingerplays by Jean Warren:  
[www.preschoolexpress.com/theme-station11/ice-january.shtml](http://www.preschoolexpress.com/theme-station11/ice-january.shtml)
- Discover how salt can affect the properties of water with this salty ice experiment:  
<http://tlc.howstuffworks.com/family/easy-science-experiments-for-kids2.htm>
- Three science experiments for preschoolers:
