### **Learning 2.0**

So your New Year's Resolution is to learn more about web-based tools, social networking and other web-based tools!? Here is a short list (there are many more) of what began with Public Library of Charlotte & Mecklenberg County 23 Things. This was also the basis of the Idaho Commission for Libraries SPLAT 101 (you can still explore the tools presented by SPLAT 101 at <http://splat.lili.org/splat101x/intro>) -- while many of these sites may ask you to register, typically you can access the information and explore on your own without registering.
