MakerSpace Action Plan

Your library’s vision for this project: a room w/all the supplies for students to do lego projects to start w/ I'd like to create other smaller maker spaces too!

Location and size of Maker Space: (Describe in detail or attach photo.) 10 x 18 room - we're looking for a logo table - nothing in the room right now. We can paint - add furniture etc.

Maximum capacity of space: 10 people - but we can spill out into the other area if needed.

Potential partners, mentors and collaborators:

Snake River PTA, FFA, Premier Technology

Farm Bureau

Project timeline: attach your calendar of events - will work on this in Boise.

Existing resources that could be used in the Maker Space:

Tables/chairs/shelves (can be moved from another area)

Required materials: (i.e. tables, chairs, storage) Tables/chairs/shelves/bins

Ideas for tools and materials to enhance project: not sure yet.

Basket of grant supplies

Advertise use of room/quilt frames

Ideas for promoting Maker Space concept to community:

Face book -

Word of mouth - get a buzz going

Ideas for evaluating the effectiveness of the Maker Space and programs offered:

Survey -

Ask for feedback - requests for more projects materials
### Next Steps:

<table>
