Essay:

I chose this book because I thought this book was amazing. Also because this book takes place inside a video game and I love them. This book was also the first book to come to mind. My favorite part is when the main character is trying to defeat the dragon and get back the crown. When you read this book you will fall in love because it is so riveting. I hope you enjoy this but I'm not done yet because will she make it or die winning the game? This is an amazing book and if you haven't read it you're crazy (no offense). Anyway another fav part is when she gets killed by her crush and has lost another life. I hope you enjoy!
