Essay:

I chose this book because it's about two twins; I'm a twin myself. A couple of years ago, I had nothing to read, so my mom grabbed the book off the shelf and told me to read it. At first I didn't like it too much, but after two chapters, I was hooked. The Winder Singer is the first book in the Wind on Fire trilogy. Out of all three books I love the first one the most. I have read the whole trilogy four times and The Wind Singer five times. I plan to read this book over and over again and then introduce it to my children when I'm older. I think this is a great book for anybody who loves adventures. If you like the first one read the other two!
