BOISE, ID – The Idaho Commission for Libraries is pleased to announce that new resources are available through the Libraries Linking Idaho Databases (LiLI-D). “There’s something for everyone in the LiLI-D resources,” said State Librarian Ann Joslin. “Students will find homework help and sources for academic research, consumers can access health and financial information, small businesses can review market research reports, and entrepreneurs can take advantage of startup resources.”

LiLI-D provides access to top quality articles, magazines, professional journals, newspapers, reference books and more, and access is free to all Idaho residents. With the addition of a readers advisory service and a highly regarded encyclopedia, the following LiLI Databases are available through the LiLI Portal at [www.lili.org](http://www.lili.org) and Idaho's publicly funded libraries:

- NovelList and NovelList K-8
