

## Low-Cost STEM iPad Apps

- *Bugs and Buttons* by Little Bit Studio, LLC. Best of the iPhone Education category in App Store Rewind 2011 in the U.S. There are 18 games and activities to engage preschool age children. They help develop skills in counting, path finding, patterns, sorting, and tracking. \$2.99
- *Freefall Money-Coin Math for Kids* by Merge Mobile. Geared towards 4-7 year olds, this money app adjusts levels as children master skills. \$1.99
- *Geo Walk HD-3D World Fact Book* by Vito Technology Inc. 500 objects from around the world are described in text and photos. They are displayed on an interactive globe model. \$2.99
- *I Like Books-37 Picture Books for Kids in 1 App* by Grasshopper Apps. You can read by yourself, be read to, or record the text of each book. Books range from *I Like Animals* to *I Like Sticks*. Photo illustrations help make real-world connections to the text. This is a good source of nonfiction science books. \$1.99
- *iLearn with Poko: Seasons and Weather! HD* by Tribal Nova. This cross curricular game focuses on math, science & literacy. \$2.99
- *Mini Adventures-Animals* by Innovative Mobile Apps. This app is similar to an encyclopedia of animals, displaying at least three photos and three videos of each animal. There are 262 animal words that children will learn through audio, voice, and text. It is customizable to different learning styles. \$.99
- *Park Math HD* by Duck Duck Moose. 2011 Parent's Choice Silver Award winner, Winner of 2010 Best Kids' iPhone/iPod App of the Year Award, Children's Technology Review Editor's Choice Award. This app has activities that teach sorting, counting, addition, and subtraction. \$1.99
- *Rosita's Jump Count* by Sesame Street. Children learn how to count in English and Spanish to 100 while doing physical activities. \$1.99
- *SimpleSort* and *SimpleSort:Counting* by KidsandBeyond, LLC. **This app is available in Spanish & English.** Children have to sort items into buckets after the cartoon characters spill them out. Teaches sorting and classifying. \$.99
- *TallyTots Pocket* by Spinlight Studio. Apple Education What's Hot, 2011 Top 50 Apps by Babble.com. Children are able to do activities with 20 different numbers. They include matching, sorting, counting, and exploring games. \$.99

## Fun with Math & Science
