

**Project or Team Name:** Carter & Andy

**Book Title/Author:** Heaven is Real by Todd Burpo

**Library Name:** Snake River Library

**Essay:** I heard about the book, Heaven is Real, and I wanted to hear more about the little boys experience. Talking with my friend Carter, brought up a lot of questions about dying and Heaven. I wanted to know what the little boy told his parents about Heaven. What were his impressions and how did he feel about it. The little boy in this story died, visited Heaven and came back and told his family all about it. It's an interesting book and we had a good discussion.
