**Essay:** *The Hunger Games* by Suzanne Collins is one of the best books I've read because it was very exciting. Mrs. Perkins suggested I read it, and since many of my friends also read it and enjoyed it, I really wanted to read it. Once I was able to check out a copy, I couldn't put it down. It was a page turner and I was totally on the edge of my seat. It had a really good plot. I really liked Katniss. She was a character I could connect with. I would recommend this book to anyone who is looking for a fast-paced book with a strong female character.
