

TBS Testimonials
Fiscal Year 2015

We cannot thank all of you enough for your wonderful service over the years. It has been outstanding. Your selection of books has been excellent. There are no words to express how grateful we are and tell you how much you are appreciated.

Be assured that your service provided tremendous comfort and entertainment to my father for several years. He was thankful, and so are we, his family, for your support.

Thank you so much for your wonderful service. My husband has really enjoyed your books.

My mother passed away on November 2nd. Mom greatly enjoyed the ability to read books and to feel a part of the "normal" world of a seeing individual. Thank you for the invaluable service you provided and to others who are vision impaired. (Joan Peterson/Joyce Bennion)

.....

In the past few months you have sent me Guidelines and Welcoming information in regard to the Talking Book Service and I wanted to express my gratitude for this service and the work of your staff. It has been 28 years since an accident removed much of my sight for reading and nerve and memory problems from an old accident. But I have always been a reader and still love the ideas of authors in spite of my problems seeing. Talking books has allowed me to read books that I've missed for these past decades.

TBS has improved the quality of life for my 88 year old mother. She never stops talking about the recent books she's listened to and I can't thank you enough for this service!

Many thanks to the ICfL for offering this meaningful service. The staff was helpful when there were questions and delivery was always timely and convenient; the title lists were long and varied- there is definitely something for every listener's interest. The titles were a major and almost sole source of entertainment and learning for my mother as her eyesight failed. (Pam Demo, Daughter)
