INTRODUCTION

This is a new edition of the Idaho Library Laws with changes through the 2006 legislative session. The compilation contains Idaho Code sections which legally affect city, school-community or district libraries, or the Idaho Commission for Libraries. These sections include the basic library laws in the Idaho Code Title 33, Chapters 25, 26, and 27, additional sections of the law referred to in the basic chapters, and other select code sections of general applicability to Idaho libraries.

The Idaho Library Laws should be used as both an orientation tool for trustees and librarians, and as a starting point for investigating legal questions that arise in the management of the library. Legal interpretation of the law should be left to a qualified attorney.

There are a few things to note about the format of this publication. The compilation is color coded. The colored pages in the middle of the compilation represent the basic library laws from the Idaho Code, (Title 33, Chapters 25, 26, 27). These include sections of the law discussing the Idaho Commission for Libraries, city and school-community libraries and library districts. The white pages of the compilation represent code sections which are referred to in the basic library laws or are of general applicability to local government entities. The text of the laws in this compilation is presented in numerical order by code section.

To help the user, this edition has three (3) appendices. Appendix A is a table of additional Idaho Code sections containing the word “library” or “librarian”. Appendix B is a list of the 2006-2007 Idaho Board of Commissioners and a list of the Idaho Commission for Libraries telephone numbers. Appendix C is a subject index to Idaho Code, Title 33, Chapter 25, 26, and 27. The statutes reprinted or quoted verbatim in the following pages are taken from the Idaho Code Copyright 2006 by the State of Idaho and Matthew Bender & Co., Inc. and are reprinted with permission. All rights reserved.
Section 4. Public property exempt from taxation. The property of the United States, except when taxation thereof is authorized by the United States, the state, counties, towns, cities, villages, school districts, and other municipal corporations and public libraries shall be exempt from taxation; provided, however, that unimproved real property owned or held by the department of fish and game may be subject to a fee in lieu of taxes if the fees are authorized by statute but not to exceed the property tax for the property at the time of acquisition by the department of fish and game, unless the tax for that class of property shall have been increased.

Section 5. Taxes to be uniform -- Exemptions. All taxes shall be uniform upon the same class of subjects within the territorial limits, of the authority levying the tax, and shall be levied and collected under general laws, which shall prescribe such regulations as shall secure a just valuation for taxation of all property, real and personal: provided, that the legislature may allow such exemptions from taxation from time to time as shall seem necessary and just, and all existing exemptions provided by the laws of the territory, shall continue until changed by the legislature of the state: provided further, that duplicate taxation of property for the same purpose during the same year, is hereby prohibited.
6-902. Definitions. As used in this act:
   1. "State" means the state of Idaho or any office, department, agency, authority, commission, board, institution, hospital, college, university or other instrumentality thereof.
   2. "Political subdivision" means any county, city, municipal corporation, health district, school district, irrigation district, an operating agent of irrigation districts whose board consists of directors of its member districts, special improvement or taxing district, or any other political subdivision or public corporation. As used in this act, the terms "county" and "city" also mean state licensed hospitals and attached nursing homes established by counties pursuant to chapter 36, title 31, Idaho Code, or jointly by cities and counties pursuant to chapter 37, title 31, Idaho Code.
   3. "Governmental entity" means and includes the state and political subdivisions as herein defined.
   4. "Employee" means an officer, board member, commissioner, executive, employee, or servant of a governmental entity, including elected or appointed officials, and persons acting on behalf of the governmental entity in any official capacity, temporarily or permanently in the service of the governmental entity, whether with or without compensation, but the term employee shall not mean a person or other legal entity while acting in the capacity of an independent contractor under contract to the governmental entity to which this act applies in the event of a claim.
   5. "Bodily injury" means any bodily injury, sickness, disease or death sustained by any person and caused by an occurrence.
   6. "Property damage" means injury or destruction to tangible property caused by an occurrence.
   7. "Claim" means any written demand to recover money damages from a governmental entity or its employee which any person is legally entitled to recover under this act as compensation for the negligent or otherwise wrongful act or omission of a governmental entity or its employee when acting within the course or scope of his employment.

6-903. Liability of governmental entities -- Defense of employees. (a) Except as otherwise provided in this act, every governmental entity is subject to liability for money damages arising out of its negligent or otherwise wrongful acts or omissions and those of its employees acting within the course and scope of their employment or duties, whether arising out of a governmental or proprietary function, where the governmental entity if a private person or entity would be liable for money damages under the laws of the state of Idaho, provided that the governmental entity is subject to liability only for the pro rata share of the total damages awarded in favor of a claimant which is attributable to the negligent or otherwise wrongful acts or omissions of the governmental entity or its employees.

   (b) (i) A governmental entity shall provide a defense to its employee, including a defense and indemnification against any claims brought against the employee in the employee's individual capacity when the claims are related to the course and scope of employment, and be responsible for the payment of any judgment on any claim or civil lawsuit against an employee for money damages arising out of any act or omission within the course and scope of his employment; provided that the governmental entity and its employee shall be subject to liability
only for the pro rata share of the total damages awarded in favor of a claimant which is attributable to the act or omission of the employee; (ii) provided further, that to the extent there is valid and collectible, applicable insurance or any other right to defense or indemnification legally available to and for the protection of an employee, while operating or using an automobile, aircraft or other vehicle not owned or leased by the governmental entity and while acting within the course and scope of his/her employment or duties, the governmental entity's duty hereunder to indemnify the employee and/or defend any such claim or lawsuit arising out of the operation or use of such personal automobile, aircraft or vehicle, shall be secondary to the obligation of the insurer or indemnitor of such automobile, aircraft or vehicle, whose obligation shall be primary; and (iii) provided further, this paragraph shall not be construed to alter or relieve any such indemnitor or insurer of any legal obligation to such employee or to any governmental entity vicariously liable on account of or legally responsible for damages due to the allegedly wrongful error, omissions, conduct, act or deed of such employee.

(c) The defense of its employee by the governmental entity shall be undertaken whether the claim and civil lawsuit is brought in Idaho district court under Idaho law or is brought in a United States court under federal law. The governmental entity may refuse a defense or disavow and refuse to pay any judgment for its employee if it is determined that the act or omission of the employee was not within the course and scope of his employment or included malice or criminal intent.

(d) A governmental entity shall not be entitled to contribution or indemnification, or reimbursement for legal fees and expenses from its employee unless a court shall find that the act or omission of the employee was outside the course and scope of his employment or included malice or criminal intent. Any action by a governmental entity against its employee and any action by an employee against the governmental entity for contribution, indemnification, or necessary legal fees and expenses shall be tried to the court in the same civil lawsuit brought on the claim against the governmental entity or its employee.

(b) The content of any title V operating permit;

(c) The name and address of any applicant or permittee for a hazardous waste treatment, storage, or disposal facility permit pursuant to chapter 44, title 39, Idaho Code; and

(d) Any other record required to be provided to or obtained by the department of environmental quality pursuant to the federal clean air act and the resource conservation and recovery act, and the implementing state statutes, federal regulations and state rules, unless the record is a trade secret.

(2) For purposes of this section, a record, or a portion of the record, is a "trade secret" if the information contained in the record is a trade secret within the meaning of the Idaho trade secrets act, sections 48-801, et seq., Idaho Code, including commercial or financial information
which, if disclosed, could cause substantial competitive harm to the person from whom the record was obtained.

(3) Any record, or portion of a record, provided to or obtained by the department of environmental quality and identified by the person providing the record as a trade secret shall not be disclosed to the public and shall be kept confidential according to the procedures established in this section.

(4) Nothing in this section shall be construed as limiting the disclosure of a trade secret by the department of environmental quality:
   (a) To any officer, employee, or authorized representative of the state or the United States, under a continuing claim of confidentiality, as necessary to carry out the provisions of state or federal law, or when relevant to any proceeding thereunder;
   (b) As determined necessary by the director of the department of environmental quality (under a continuing confidentiality claim) to protect the public health and safety from imminent and substantial endangerment;
   (c) As required by state or federal law, including section 9-343(3), Idaho Code, under a continuing claim of confidentiality and subsection (1), of this section; or
   (d) With the consent of the person from whom the record is obtained.

(5) It shall be the responsibility of any person providing a record to the department of environmental quality to give notice of the existence of a trade secret on each page or other portion of information at the time of submittal and such person shall have the burden of demonstrating that the information is a trade secret.

(6) Notwithstanding the time frames set forth in section 9-339(1), Idaho Code, when a request is made to the department of environmental quality pursuant to the provisions of this chapter for the disclosure of information for which a trade secret claim has been made, and the information has not been demonstrated to be a trade secret to the satisfaction of the director of the department of environmental quality, within three (3) working days of receipt of the request for the disclosure of the information the department of environmental quality shall provide a written request for substantiation to the person making the confidentiality claim. A response shall be submitted to the department of environmental quality by the person claiming the trade secret protection within ten (10) working days after receipt of the request for substantiation or the information subject to the claim shall be disclosed without further notice. Upon receipt of a timely response to the request for substantiation, the director of the department of environmental quality shall determine whether the information is a trade secret subject to protection.
   (a) If it is determined that the information, or any portion of the information, is a trade secret, within three (3) working days after receipt of the response, the director of the department of environmental quality shall notify the person requesting the information that the request is denied pursuant to sections 9-339(3) and (4), Idaho Code.
   (b) If it is determined that the information, or any portion of the information, is not a trade secret and is, therefore, subject to disclosure, within three (3) working days after receipt of the response, the director of the department of environmental quality shall inform the person making the confidentiality claim of the determination. The decision shall be a final agency action directly appealable, de novo, to the district court of the county where the records or some part thereof are located. An appeal contesting the decision of the director of the department of environmental quality to release information claimed to be a trade secret shall be filed within ten (10) working days from the date of receipt of the written notice of decision. The information claimed to be a trade secret
shall not be disclosed until the period for appeal has expired with no appeal being taken, or a court order has been issued finding that the information is not a trade secret and all appeals of that order have been exhausted.

(7) In any appeal taken pursuant to this section, the court may award reasonable costs and attorney's fees to the prevailing party if it finds the claim of confidentiality or the decision of the director of the department of environmental quality to provide records was frivolously pursued.

(8) The department of environmental quality shall adopt rules which include:

(a) Appropriate measures to safeguard and protect against improper disclosure of trade secrets, including procedures to train all employees on the proper handling of trade secrets; and

(b) Any other provisions necessary to carry out this section.

(9) As it relates to the department of environmental quality, or to agents, contractors, or other representatives of the department, the immunity created in section 9-346, Idaho Code, shall apply only when disclosure of a trade secret is made consistent with this section.

9-343. Proceedings to enforce right to examine or to receive a copy of records -- Retention of disputed records.

(1) The sole remedy for a person aggrieved by the denial of a request for disclosure is to institute proceedings in the district court of the county where the records or some part thereof are located, to compel the public agency or independent public body corporate and politic to make the information available for public inspection in accordance with the provisions of sections 9-337 through 9-348, Idaho Code. The petition contesting the public agency's or independent public body corporate and politic's decision shall be filed within one hundred eighty (180) calendar days from the date of mailing of the notice of denial or partial denial by the public agency or independent public body corporate and politic. The time for responsive pleadings and for hearings in such proceedings shall be set by the court at the earliest possible time, or in no event beyond twenty-eight (28) calendar days from the date of filing.

(2) The public agency or independent public body corporate and politic shall keep all documents or records in question until the end of the appeal period, until a decision has been rendered on the petition, or as otherwise statutorily provided, whichever is longer.

(3) Nothing contained in sections 9-337 through 9-348, Idaho Code, shall limit the availability of documents and records for discovery in the normal course of judicial or administrative adjudicatory proceedings, subject to the law and rules of evidence and of discovery governing such proceedings. Additionally, in any criminal appeal or post-conviction civil action, sections 9-335 through 9-348, Idaho Code, shall not make available the contents of prosecution case files where such material has previously been provided to the defendant nor shall sections 9-335 through 9-348, Idaho Code, be available to supplement, augment, substitute or supplant discovery procedures in any other federal, civil or administrative proceeding.

9-344. Order of the court -- Court costs and attorney fees.

(1) Whenever it appears that certain public records are being improperly withheld from a member of the public, the court shall order the public official charged with withholding the records to disclose the public record or show cause why he should not do so. The court shall decide the case after examining the pleadings filed by the parties and such oral arguments and additional evidence as the court may allow. The court may examine the record in camera in its discretion.
(2) If the court finds that the public official's decision to refuse disclosure is not justified, it shall order the public official to make the requested disclosure. If the court determines that the public official was justified in refusing to make the requested record available, he shall return the item to the public official without disclosing its content and shall enter an order supporting the decision refusing disclosure. In any such action, the court shall award reasonable costs and attorney fees to the prevailing party or parties, if it finds that the request or refusal to provide records was frivolously pursued.

9-345. Additional penalty. If the court finds that a public official has deliberately and in bad faith improperly refused a legitimate request for inspection or copying, a civil penalty shall be assessed against the public official in an amount not to exceed one thousand dollars ($1,000), which shall be paid into the general account.

9-346. Immunity. No public agency or independent public body corporate and politic, public official, or custodian shall be liable, nor shall a cause of action exist, for any loss or damage based upon the release of a public record governed by the provisions of this chapter if the public agency or independent public body corporate and politic, public official or custodian acted in good faith in attempting to comply with the provisions of this chapter.

9-347. Agency guidelines. By January 1, 1991, every state agency or independent public body corporate and politic shall adopt guidelines that identify the general subject matter of all public records kept or maintained by the state agency or independent public body corporate and politic, the custodian, and the physical location of such documents.

9-348. Prohibition on distribution or sale of mailing or telephone number lists -- Penalty. (1) Except as provided in subsections (2), (3), (4), (5), (6), (7), (8) and (9) of this section, in order to protect the privacy of those who deal with public agencies or an independent public body corporate and politic:

(a) No agency or independent public body corporate and politic may distribute or sell for use as a mailing list or a telephone number list any list of persons without first securing the permission of those on the list; and

(b) No list of persons prepared by the agency or independent public body corporate and politic may be used as a mailing list or a telephone number list except by the agency or independent public body corporate and politic or another agency without first securing the permission of those on the list.

(2) Except as may be otherwise provided in this chapter, this section does not prevent an individual from compiling a mailing list or a telephone number list by examination or copying of public records, original documents or applications which are otherwise open to public inspection.

(3) The provisions of this section do not apply to the lists of registered electors compiled pursuant to title 34, Idaho Code, or to lists of the names of employees governed by chapter 53, title 67, Idaho Code.

(4) The provisions of this section shall not apply to agencies which issue occupational or professional licenses.

(5) This section does not apply to the right of access either by Idaho law enforcement agencies or, by purchase or otherwise, of public records dealing with motor vehicle registration.
(6) This section does not apply to a corporate information list developed by the office of the secretary of state containing the name, address, registered agent, officers and directors of corporations authorized to do business in this state or to a business information list developed by the department of commerce containing the name, address, telephone number or other relevant information of Idaho businesses or individuals requesting information regarding the state of Idaho or to business lists developed by the department of agriculture, division of marketing and development, used to promote food and agricultural products produced in Idaho.

(7) This section does not apply to lists to be used for ordinary utility purposes which are requested by a person who supplies utility services in this state. Ordinary utility purposes, as used in this chapter only, do not include marketing or marketing research.

(8) This section does not apply to lists to be used to give notice required by any statute, ordinance, rule, law or by any governing agency.

(9) This section does not apply to student directory information provided by colleges, universities, secondary schools and school districts to military recruiters for military recruiting purposes pursuant to the requirements of federal laws.

(10) If a court finds that a person or public official has deliberately and in bad faith violated the provisions of subsection (1)(b) of this section, the person or public official shall be liable for a civil penalty assessed by the court in an amount not in excess of one thousand dollars ($1,000) which shall be paid into the general account.

9-349. Confidentiality language required in this chapter. On and after January 1, 1996, any statute which is added to the Idaho Code and provides for the confidentiality or closure of any public record or class of public records shall be placed in this chapter. Any statute which is added to the Idaho Code on and after January 1, 1996, and which provides for confidentiality or closure of a public record or class of public records and is located at a place other than this chapter shall be null, void and of no force and effect regarding the confidentiality or closure of the public record and such public record shall be open and available to the public for inspection as provided in this chapter.

9-349A. Severability. The provisions of this act are hereby declared to be severable and if any provision of this act or the application of such provision to any person or circumstance is declared invalid for any reason, such declaration shall not affect the validity of remaining portions of this act.

9-350. Idaho code is property of the state of Idaho. (1) The Idaho Code is the property of the state of Idaho, and the state of Idaho and the taxpayers shall be deemed to have a copyright on the Idaho Code. If a person reproduces or distributes the Idaho Code for the purpose of direct or indirect commercial advantage, the person shall owe to the Idaho code commission, as the agent of the state of Idaho, a royalty fee in addition to the fee charged for copying the Idaho Code. Any person who reproduces or distributes the Idaho Code in violation of the provisions of this section, shall be deemed to be an infringer of the state of Idaho's copyright. The Idaho code commission, through the office of the attorney general, is entitled to institute an action for any infringement of that particular right committed while the Idaho code commission or its designated agent has custody of the Idaho Code.
(2) A court having jurisdiction of a civil action arising under this section may grant such relief as it deems appropriate. At any time while an action under this section is pending, the court may order the impounding, on such terms as it deems reasonable, of all copies claimed to have been made or used in violation of the Idaho code commission's copyright pursuant to this section.

(3) An infringer of the state of Idaho's copyright pursuant to this section is liable for any profits the infringer has incurred by obtaining the Idaho Code for commercial purposes or is liable for statutory damages as provided in subsection (4) of this section.

(4) The Idaho code commission, as agent of the copyright owner, may elect, at any time before final judgment is rendered, to recover, instead of actual damages and profits, an award of statutory damages for all infringements involved in the action, with respect to the Idaho Code for which any one (1) infringer is liable individually, or for which any two (2) or more infringers are liable jointly and severally, in a sum of not less than two hundred fifty dollars ($250) or more than ten thousand dollars ($10,000), as the court considers just.

(5) In any civil action under this section, the court may allow the recovery of full costs by or against any party and may also award reasonable attorney's fees to the prevailing party as part of the costs.

(6) The Idaho code commission is hereby authorized to license and charge fees for the use of the Idaho Code. The Idaho code commission may grant a license for the use of the Idaho Code to a public agency in the state and waive all or a portion of the fees. All fees recovered by the Idaho code commission shall be deposited in the general account.

The department shall be informed by law enforcement of any report made directly to it. When the attendance of a physician, resident, intern, nurse, day care worker, or social worker is pursuant to the performance of services as a member of the staff of a hospital or similar institution, he shall notify the person in charge of the institution or his designated delegate who shall make the necessary reports.

(2) For purposes of subsection (3) of this section the term "duly ordained minister of religion" means a person who has been ordained or set apart, in accordance with the ceremonial, ritual or discipline of a church or religious organization which has been established on the basis of a community of religious faith, belief, doctrines and practices, to hear confessions and confidential communications in accordance with the bona fide doctrines or discipline of that church or religious organization.

(3) The notification requirements of subsection (1) of this section do not apply to a duly ordained minister of religion, with regard to any confession or confidential communication made to him in his ecclesiastical capacity in the course of discipline enjoined by the church to which he belongs if:

A confession or confidential communication made under any other circumstances does not fall under this exemption.

TITLE 18, CHAPTER 41
INDECENCY AND OBSCENITY

18-4101. Definitions. The following definitions are applicable to this act:
(A) "Obscene" material means any matter:
(1) which the average person, applying contemporary community standards, would find, when considered as a whole, appeals to the prurient interest; and
(2) which depicts or describes patently offensive representations or descriptions of:
   (a) ultimate sexual acts, normal or perverted, actual or simulated; or
   (b) masturbation, excretory functions, or lewd exhibition of the genitals or genital area.
Nothing herein contained is intended to include or proscribe any matter which, when considered as a whole, and in the context in which it is used, possesses serious literary, artistic, political or scientific value.

In prosecutions under this act, where circumstances of production, presentation, sale, dissemination, or publicity indicate that the matter is being commercially exploited by the defendant for the sake of its prurient appeal, such evidence is probative with respect to the nature of the matter and can justify the conclusion that, in the context in which it is used, the matter has no serious literary, artistic, political, or scientific value.

(B) "Prurient interest" means a shameful or morbid interest in nudity, sex, or excretion, which goes substantially beyond customary limits of candor in description or representation of such matters. If it appears from the character of the material or the circumstances of its dissemination that the subject matter is designed for a specially susceptible audience or clearly defined deviant sexual group, the appeal of the subject matter shall be judged with reference to such audience or group.

(C) "Matter" or "material" means any book, magazine, newspaper, or other printed or written material; or any picture, drawing, photograph, motion picture, or other pictorial representation; or any statue or other figure; or any recording, transcription, or mechanical, chemical, or electrical reproduction; or any other articles, equipment, machines, or materials.

(D) "Person" means any individual, partnership, firm, association, corporation, or other legal entity; or any agent or servant thereof.

(E) "Distribute" means to transfer possession of, whether with or without consideration, by any means.

(F) "Knowingly" means having actual or constructive knowledge of the character of the subject matter or live conduct. A person shall be deemed to have constructive knowledge of the character of the subject matter or live conduct if he has knowledge of facts which would put a reasonable and prudent man on notice as to the suspect nature of the matter, and the failure to inspect the contents is either for the purpose of avoiding such disclosure or is due to reckless conduct.

(G) "Reckless conduct" is conduct which consciously disregards a substantial and unjustifiable risk that matter may be obscene. The risk must be of such a nature and degree that, considering the nature and purpose of the actor's conduct and the circumstances known to him, its disregard involves a gross deviation from the standard of conduct that an average law-abiding person would observe in the actor's situation under like circumstances.

(H) "Exhibit" means to show or display.
"Obscene live conduct" means any physical human body activity, whether performed or engaged in alone or with other persons, including but not limited to singing, speaking, dancing, acting, simulating, or pantomiming, where:

1. the average person, applying contemporary community standards, would find such conduct, when considered as a whole, appeals to the prurient interest; and
2. the conduct is patently offensive because it consists of:
   a. ultimate sexual acts, normal or perverted, actual or simulated; or
   b. masturbation, excretory functions, or lewd exhibition of the genitals or genital area.

Nothing herein contained is intended to include or proscribe any conduct which, when considered as a whole, and in the context in which it is used, possesses serious literary, artistic, political or scientific value. In prosecutions under this act, where circumstances of production, presentation, advertising, or exhibition indicate that live conduct is being commercially exploited by the defendant for the sake of its prurient appeal, such evidence is probative with respect to the nature of the conduct and can justify the conclusion that, in the context in which it is used, the matter has no serious literary, artistic, political or scientific value.

18-4102. Affirmative defense. It is not innocent but calculated purveyance which is prohibited. This act shall not apply to any persons who may possess or distribute obscene matter or participate in conduct otherwise proscribed by this act when such possession, distribution, or conduct occurs:

A. within the scope of employment of law enforcement and judicial activities; or
B. within the scope of employment of bona fide school, college, university, museum or public library activities or within the scope of employment of such an organization or a retail outlet affiliated with and serving the educational purposes of such an organization; or
C. within the scope of employment as a moving picture machine operator, assistant operator, usher, or ticket taker in a motion picture theater in connection with a motion picture film or show exhibited in such theater, if such operator or assistant operator has no financial interest in the motion picture theater wherein he is so employed other than his wages received or owed, and such person consents to give testimony regarding such employment in all judicial proceedings brought under this act, when granted immunity by the trial judge; or
D. under like circumstances of justification where the possession, distribution or conduct possesses serious literary, artistic, political or scientific value.

If this issue is not presented by the prosecution's evidence, the defendant may raise the same as an affirmative defense by presenting some evidence thereon. Where raised, the prosecution must sustain the burden of proving the defendant guilty beyond a reasonable doubt as to that issue.
18-7301. Freedom from discrimination constitutes a civil right. The right to be free from
discrimination because of race, creed, color, sex, or national origin is recognized as and declared
to be a civil right. This right shall include, but not be limited to:
(1) The right to obtain and hold employment without discrimination.
(2) The right to the full enjoyment of any of the accommodations, facilities or privileges
of any place of public resort, accommodation, assemblage or amusement.

33-401. Legislative intent. The legislature finds that a comprehensive and integrated statutory scheme for the conduct of school elections is critical to the public's understanding of and confidence in the public school election system. It is therefore the intent of the legislature that with the exception of chapter 24, title 34, Idaho Code, and the provisions of title 18, Idaho Code, which shall be fully applicable, or unless otherwise specifically provided, all school elections shall be governed by the provisions of this chapter.

c. Notice of all other school elections shall be given in the same manner, except that the posting shall be for not less than ten (10) days, and publishing shall be at least once each week for two (2) consecutive weeks prior to the day of the election.

d. Notice of the deadline for filing declaration of candidacy for election of trustees shall be posted for not less than ten (10) days and published at least once each week for two (2) consecutive weeks prior to the last day for filing nominating petitions as required by section 33-502, Idaho Code.

In all other elections it shall be the duty of the clerk of the board of trustees so to do.

If more than one (1) newspaper is printed and published in said district or county, then in the newspaper most likely to give best general notice of the election within said district; provided that if no newspaper is published in the said district or county, then in a newspaper as provided in section 60-106, Idaho Code, most likely to give best general notice of the election within the district.

g. Notices calling for bids for the acquisition, use, or disposal of real and personal property as provided for in section 33-601, Idaho Code, and contracting for transportation services as provided for in section 33-1510, Idaho Code, shall be given as required by chapter 28, title 67, Idaho Code, except that the notice for contracting for transportation services shall be made not less than four (4) weeks before the date of opening bids.

Such affidavits shall be filed with his board by the clerk responsible for the posting and the publishing of said notice, before the day of the election named in the notice.

33-403. Conduct of elections. In all school elections each polling place shall be presided over by a board of election. Each board shall consist of one (1) or more judges and a clerk, who shall be qualified school district electors of the district. The board of election shall determine the time of duty of each judge and clerk as full time or part time on duty and require those who count the ballots to remain on duty until the ballots are counted. Before entering upon his duties, each member of the board of election shall take an oath, which shall be administered by any qualified school district elector of the district, faithfully to perform the duties of such member.

In any election involving excision and annexation of territory, or consolidation of districts, or division of a district, the board of county commissioners of any county affected by such election shall appoint the boards of election and designate the polling places within that county; and in all other school elections, the board of trustees of the district shall appoint the board or boards of election.

Polling places designated for school election shall conform to the accessibility standards established by the secretary of state pursuant to the authority granted in section 34-302, Idaho Code.

While the polls are open neither the board of election nor any person shall give information on the progress of the election. All elections shall be by secret and separate ballot, each ballot to be in print, type or other legible writing. The ballots in each case shall be prepared by the person responsible for signing, posting and arranging the publishing of the notice of election, and shall be in such form that an elector may express a choice in the affirmative or in the negative of any proposition to be voted on or the election of any person, by marking a cross (X). Ballots shall carry a brief but clear statement of any proposition being submitted; and

In all school elections, the ballots used by the electors shall be kept in a sealed container until the polls are closed at the time specified in the notice of election.

It is intended that no informalities in the conduct of school elections shall invalidate the same if the election shall have been otherwise fairly held.

33-403A. Assistance to voter. a. If any elector is unable, due to physical disability or other handicap, to enter the polling place, he may be handed a ballot outside the polling place but within forty (40) feet thereof by one (1) of the election clerks, and in his presence but in a secret manner, mark and return the same to such election officer who shall proceed to deposit the ballot as provided by law.

b. If any elector, who is unable by reason of physical disability or other handicap to record his vote by personally marking his ballot and who desires to vote, then and in that case such elector shall be given assistance by the person of his choice or by one (1) of the election clerks. Such clerk or selected person shall mark the ballot in the manner directed by the elector and fold it properly and present it to the elector before leaving the voting compartment or area provided for such purpose. The elector shall then present it to the judge of election who shall deposit the ballot as provided by law.

33-403B. Spoiled ballots. No person shall take or remove any ballot from the polling place. If an elector inadvertently or by mistake spoils a ballot, he shall return it folded to the distributing clerk, who shall give him another ballot. The ballot thus returned shall, without examination, be immediately cancelled by writing across the back, or outside of the ballot as folded, the words "spoiled ballot, another issued," and the spoiled ballot shall be deposited in a box provided for that purpose.

33-403C. Challengers -- Watchers. (1) The school district clerk shall, upon receipt of a written request to be received no later than five (5) days prior to the day of election, direct that the election judges permit one (1) person authorized by each candidate to be at the polling place for the purpose of challenging voters, and shall if requested, permit one (1) person authorized by any candidate to be present to serve as a watcher to observe the counting of votes. Challengers or watchers may work in various shifts throughout the day. However, each candidate may have only one (1) challenger and only one (1) watcher at the polling place at any given time.

(2) Where the issue before the electors of a school district is other than the election of officers, the clerk of the school district shall upon receipt of a written request, such request to be received no later than five (5) days prior to the date of voting on the issue or issues, direct that the election judges permit one (1) pro and one (1) con person to be at the polling place for the purpose of challenging voters and to serve as a watcher to observe the counting of votes. Such authorization shall be evidenced in writing signed by the requesting person and shall state which position relative to the issue or issues the person represents. Challengers or watchers may work in various shifts throughout the day. Persons who are authorized to serve as challengers or watchers shall wear a visible name tag which includes their respective titles. Challengers or watchers shall not be a candidate at the election where they are serving as a challenger or watcher.
33-404. Places elections to be held. In elections involving excision and annexation of territory, or the consolidation of school districts, or the division of a school district, each notice of election shall designate that polling places shall be established, as follows:

In an election involving excision and annexation of territory, polling places shall be established in the district to which the territory or area is to be annexed; in the territory or area to be annexed; and in the remainder of the school district from which the territory or area is to be excised.

In an election involving consolidation of school districts, polling places shall be established in each district proposed to be consolidated.

In an election involving the division of a school district, polling places shall be established in each proposed trustee zone of each school district proposed to be created by the division.

In any school election held within a joint school district, polling places shall be designated and established, within such district, in each county in which ten (10) or more electors of the district reside. In an area where less than ten (10) electors reside, a polling place shall be designated upon petition to the board of trustees, received not less than twenty-eight (28) days preceding the date of the election, of three (3) or more electors within the affected area, or may be designated at the option of the board of trustees.

33-405. Qualifications of school electors. Any person voting, or offering to vote, in any school election must be, at the time of the election eighteen (18) years of age and a United States citizen who has resided in this state and in the school district at least thirty (30) days next preceding the election in which the elector desires to vote. In the case of election of trustees, the elector must be a resident of the same trustee zone as the candidate or candidates for school district trustees for whom the elector offers to vote for at least thirty (30) days next preceding the election in which the elector desires to vote.

Registration requirements set forth in chapter 4, title 34, Idaho Code, shall be applicable to school elections, and in addition to the foregoing qualifications, a school elector shall have executed, in writing and immediately before voting, a form of elector's oath attesting that he or she possesses the qualifications of a school elector prescribed by this section and indicating the mailing address, residence address or any other necessary information definitely locating the residence of the school elector. The elector may be required to furnish to the election official proof of residence, which proof shall be established by either an Idaho motor vehicle driver's license or any other document definitely establishing the elector's residence within the school district or trustee zone.

33-405A. Residence defined. a. Residence, for the purpose of voting in school elections, shall be the principal or primary home or place of abode of a person. Principal or primary home or place of abode is that home or place in which his habitation is fixed and which a person, whenever he is absent, has the present intention of returning after a departure or absence therefrom, regardless of the duration of absence.

b. In determining what is a principal or primary place of abode of a person the following circumstances relating to such person may be taken into account: business pursuits, employment, income sources, residence for income or other tax pursuits, residence of parents, spouse, and
children, if any, leaseholds, situs of personal and real property, situs of residence for which the exemption in section 63-602G, Idaho Code, is filed, and motor vehicle registration.

c. A qualified elector who has left his home and gone into another state or territory, county, school district or in the event of trustee election another district trustee zone for a temporary purpose only shall not be considered to have lost his residence.

d. A qualified elector shall not be considered to have gained a residence in any school district or, in the event of a trustee election, any trustee zone of a school district of this state into which he comes for temporary purposes only, without the intention of making it his home but with the intention of leaving it when the elector has accomplished the purpose that brought him there.

e. If a qualified elector moves to another school district or trustee zone or to another state or any of the other territories, with the intention of making it his permanent home, he shall be considered to have lost his residence in the school district or trustee zone in which he had previously resided.

33-405B. Challenge of voters. Any judge may challenge any elector attempting to vote in a school district election. In the event any person offering to vote is challenged, one (1) of the judges must declare the qualifications of an elector to such person. If the person so challenged then declares himself duly qualified and the challenge is not withdrawn, the elector shall be entitled to vote upon subscribing to the elector's oath.

33-406. Absentee voting. For the purposes of this section the term "clerk" shall mean the clerk of the board of county commissioners whenever an election involves changing the boundaries of school districts, or the creation of new school districts by consolidation of districts or division of a district. In all other school elections the term "clerk" shall mean the clerk of the board of trustees of the school district.

In any school election, a qualified school elector may vote in such election by absentee ballot in the manner herein provided.

Any such elector may make written application to the clerk for a ballot or ballots of the kind or kinds to be voted on at such election, which application shall contain the name of the elector, the trustee zone of the district in which he resides, and his present address. The application for an absent elector's ballot shall be filed with the clerk not later than 5:00 p.m. of the day before the election.

The clerk receiving such application shall, not more than twenty-eight (28) days prior to the day of the election, deliver to said applicant elector personally or by mail to the mailing address given in the application, postage prepaid, a ballot or ballots, one (1) of each kind thereof, to be voted on in the election, and a form of oath of qualification.

The elector shall vote in secret and shall enclose his ballot or ballots in an envelope to be supplied by the clerk and seal the same. The elector shall then place the secrecy envelope in a return envelope, together with the form of oath of qualification executed by him, and address and mail, or deliver, the same to the clerk. The absentee ballot must be received by the clerk, not later than 8:00 p.m. on the day of the election, before such ballot may be counted.

Any elector physically unable to mark his own ballot may receive assistance in marking his ballot from the officer delivering same or an available person of his own choosing. In the event the officer is requested to render assistance in marking an absent elector's ballot, the officer shall ascertain the desires of the elector and shall vote the applicant's ballot accordingly.
No election officer or any other person assisting a disabled voter shall attempt to influence the vote of such elector in any manner.

The written applications shall be kept by the clerk as a part of the records of the election and he shall, on the day of the election and before the polling places are closed, deliver to the proper board of election all such envelopes together with a list, compiled and signed by him, of the electors making application to vote in absentia.

The board of election shall verify all return envelopes delivered to it by the clerk against the names appearing on the said list, open the return envelopes and examine the elector's oath. If these are found to be in order, the ballots shall remain in the secrecy envelopes and be placed in the ballot box in the same manner as though the elector were personally present and voting; and the voter's name shall thereupon be subscribed in any polling book or other record kept at such election.

33-406A. Challenging absentee elector's vote. The vote of any absent elector may be challenged in the same manner as other votes are challenged and the receiving judges shall have power and authority to determine the legality of such ballot. If the challenge be sustained, or if the receiving judges determine that the elector is not a qualified elector, the envelope containing the ballot of such elector shall not be opened and the judges shall endorse on the back of the envelope the reason therefor. Whenever it shall be made to appear to the receiving judges by sufficient proof that any elector who has marked and forwarded his ballot has died, then the envelope containing the ballot of such deceased elector shall not be opened and the judges shall make proper notation on the back of such envelope. If an absent elector's envelope contains more than one (1) marked ballot of any kind, none of such ballots shall be counted and the judges shall make notations on the back of the ballots of the reason therefor. Judges of election shall certify in their returns the number of absent electors' ballots cast and counted and the number of such ballots rejected.

33-407. Return and canvass of elections. In any school election involving the excision and annexation of territory, or the consolidation of school districts, or the division of a school district, the board of county commissioners of the county in which the election is held, or, in the case of a joint school district, the board of county commissioners of the home county of the school district, shall constitute the board of canvassers. In all other school elections, the board of trustees of each school district shall act as the board of canvassers.

Following the close of the polls at the time stated in the notice of election, each board of election shall open the ballot boxes and compute the results in public view. Any ballot or part of a ballot from which it is impossible to determine the elector's choice shall be void and shall not be counted. In the event of a bond election or any other election requiring more than a simple majority conducted by a school district, any qualified elector casting such ballot or part of a ballot shall be deemed not to have voted at or participated in such bond election and the ballot or part of a ballot shall not be counted in determining the number of qualified electors voting at or participating in such elections. Within not more than three (3) days thereafter each board of election shall make return to the chairman of the board of canvassers. Said return shall include the computation of the results of the election and all ballots cast at the election, both those counted and those rejected.

At its next meeting after receiving all returns from the board or boards of election, the board of trustees or the board of county commissioners, when acting as a board of canvassers
shall canvass all returns of the election. The board of canvassers shall examine and make a statement of the total number of votes cast for all candidates or questions that shall have been voted upon at the election. The statement shall set forth the names of the candidates or questions for which the votes have been cast. It shall also include the total number of votes cast for each candidate and/or the total number of affirmative and negative votes cast for any question voted upon at the election. The board of trustees of the school district, when acting as a board of canvassers, shall enter the results of the election as reflected in such a statement in the minutes of the board of trustees.

The board of county commissioners, when acting as a board of canvassers, shall canvass the returns and shall give notice of the result of the election as reflected in such statement to the board of trustees of any school district involved in the election. If the proposals have been approved by the majority or majorities required by law, the board of county commissioners shall thereupon enter its order showing the proposals as having been approved, and shall also give notice of such approval to the board of county commissioners of any other county in which shall lie any part of the territory of any school district affected by the result of the election. The board of county commissioners of each county shall thereupon make appropriate corrections in the legal descriptions of any school district boundaries, within its county whenever the result of the election requires such correction.

All returns of elections, including ballots cast thereat, shall be kept and retained by the clerk of the board of trustees, or by the clerk of the board of county commissioners, as the case may be, for not less than eight (8) months after the date of the election.

33-408. Election contests -- Grounds of contest. The election of any person to a school board of trustees, or an election concerning any proposition submitted to a vote of the people in a school district election may be contested:

1. For malconduct, fraud, or corruption on the part of the judges of election in any polling place or of any board of canvassers, or any member of either board sufficient to change the result.
2. When the incumbent was not eligible to the office at the time of the election.
3. When the incumbent has been convicted of felony, unless at the time of the election he shall have been restored to civil rights.
4. When the incumbent has given or offered to any elector, or any judge, clerk or canvasser of the election, any bribe or reward in money, property or anything of value for the purpose of procuring his election.
5. When illegal votes have been received or legal votes rejected at the polls sufficient to change the result.
6. For any error in any board of canvassers in counting votes or in declaring the result of the election, if the error would change the result.
7. When the incumbent is in default as a collector and custodian of public money or property.
8. For any cause which shows that another person was legally elected.
9. For any cause which shows that the election was not conducted in conformance with the provisions of this chapter.

33-409. Bond election and levy increases -- Time for filing -- Validation of elections and bonds. a. The provisions of this chapter with respect to the contest of school district elections
shall be applicable to bond elections conducted by school districts and to elections conducted by school districts for levy increases as authorized by sections 33-802, 33-803 and 33-804, Idaho Code. Any such contest shall be regarded as one contesting the outcome of the vote on the bond or levy proposition, rather than election to office, and the school district calling the election rather than a person declared to have been elected to office, shall be regarded as the defendant.

b. When the validity of any bond or levy election is contested upon any of the grounds enumerated in section 33-408, Idaho Code, the plaintiff or plaintiffs must, within forty (40) days after the votes are canvassed and the results thereof declared, file in the proper court a verified written complaint setting forth, in addition to the other requirements of this chapter, the following:

1. The name of the party contesting the bond or levy election, and that he is an elector of the school district conducting the bond or levy election.
2. The proposition or propositions voted on at the election which are contested.
3. The particular grounds of such contest.

c. No such election contest shall be maintained and no bond or levy election shall be set aside or held invalid unless a complaint is filed as permitted hereunder within the period prescribed in this section. As to bond or levy elections which have been held prior to the effective date of section 34-2001A, Idaho Code, no such contest shall be maintained wherein it is alleged that the election should be set aside or held on any ground enumerated in section 33-408, Idaho Code, unless such election contest be filed as herein provided within forty (40) days from and after the effective date of section 34-2001A, Idaho Code.

d. All bond elections conducted by school districts prior to the effective date of section 34-2001A, Idaho Code, and all proceedings had in the authorization and issuance of the bonds authorized thereat, are hereby validated, ratified and confirmed and all such bonds are declared to constitute legally binding obligations in accordance with their terms. Nothing in the provisions of this section shall be construed to affect or validate any bond election, or bonds issued pursuant thereto, the legality of which is being contested at the time this section takes effect, or any election the legality of which is contested within the forty (40) day period from and after the effective date of section 34-2001A, Idaho Code.

33-410. Misconduct of judges. When misconduct complained of is on the part of the judges of election, it shall not be held sufficient to set aside the election, unless the vote of the polling place would change the result as to the office or question for which the election had been held.

33-411. Jurisdiction -- Election contests. The district courts shall hear and determine contests of election of school district trustees and all other school elections concerning any other subject which may by law be submitted to the vote of the people upon any of the grounds enumerated in section 33-408, Idaho Code.

33-412. Who may contest an election. Any school district election may be contested upon any of the grounds enumerated in section 33-408, Idaho Code, by any qualified elector of the school district, school district trustee zone, or territory in and for which the election was held.

33-413. Complaint and security for costs. Except for bond elections and elections for levy increases which shall be governed by the provisions of section 33-409, Idaho Code, the
contestants shall file in the proper court within twenty (20) days after the votes are canvassed, a complaint setting forth the name of the contestant, and that he is an elector competent to contest such election, the election contested, the time of the election, and the particular causes of contest, which complaint shall be verified by the affidavit of the contestant, that the causes set forth are true as he verily believes. In all school elections, including bond elections and elections for levy increases, the contestant must also file a bond, with security to be approved by the clerk of the court or the district judge, as the case may be, conditioned to pay all costs in case the election be confirmed, the complaint dismissed, or the prosecution fail.

33-414. Complaint -- Specific allegations. When the reception of illegal votes or the rejection of legal votes is alleged as a cause of contest, the names of the persons who so voted, or whose votes were rejected, if known, with the location of the polling place where they voted or offered to vote, shall be set forth in the complaint.

33-415. Issuance of summons. Upon the filing of such complaint, summons shall issue against the person whose office is contested, or in the case of any other election, against the school district calling the election, and a copy of the complaint shall in all cases accompany the summons.

33-416. Procedure in general. Procedures including, but not limited to, the taking of testimony and the subpoenaing of witness shall be the same as in other cases in the court where the case is tried as shall the style, form and manner of service of process and papers, and the fees of officers and witnesses. The actual proceedings of the case shall be simulated to those in an action, so far as practicable, but shall be under the control and direction of the courts which shall have all the powers necessary to the right hearing and determination of the matter; to compel the attendance of witnesses, swear them and direct their examination; to punish for contempt in its presence or by disobedience to its lawful mandate; to adjourn from day to day; to make any order concerning immediate costs, and to enforce its orders by attachment. Proceedings shall be governed by the rules of law and evidence applicable to the case.

33-417. Voters to testify as to qualifications. The court may require any person called as a witness, who voted at such election, to answer touching his qualifications as a voter; and if he was not a qualified voter in the election in which he voted, then to answer for whom or as to how he voted; and if the witness answers such questions no part of his testimony in that trial shall be used against him in any criminal action.

33-418. Liability for costs. The contestant and the responding party, whether it be a newly elected official or a school district, are liable to the officers and witnesses for the costs made by them respectively. But if the election be confirmed or the complaint be dismissed, or the prosecution fail, judgment shall be rendered against the contestant for costs, and if the judgment be against the responding party or the election be set aside, it shall be against the contestee for costs.

33-419. Form of judgment. The judgment of the court in cases of a contested election shall confirm or annul the election according to the right of the matter or, in case the contest is in
relation to the election of a school board trustee, shall declare as elected the person who shall appear to be duly elected.

33-420. Determination of tie vote. In a school district trustee election, if it appears that two (2) or more persons have, or would have had if the legal ballots cast or intended to be cast for them had been counted, the highest and an equal number of votes for the same office, the person to be declared duly elected shall be determined in accordance with the provisions of section 33-503, Idaho Code.

33-421. Election declared void. When a person whose trustee election is contested is found to have received the highest number of legal votes, but the election is declared null by reason of legal disqualification on his part, or for other causes, the person receiving the next highest number of votes shall not be declared elected, but the election shall be declared void and the judgment in such a case shall provide for a new trustee election to be conducted by the school district.

33-422. Appeal. The party against whom a judgment is rendered in cases of an election contest tried in district court may appeal to the supreme court. However, in the event of a trustee election, if the appellant be in possession of the office, such appeal shall not supersede the execution of the judgment of the court.

33-423. Applicability of penal provisions. The penal provisions of chapter 23, title 18, Idaho Code, with the exception of section 18-2322, Idaho Code, shall apply to school elections conducted pursuant to this chapter.

33-424. Initiating recall proceedings. Whenever any legal voter of the school district in the same trustee zone as the school trustee for whom the recall is being submitted, either individually or on behalf of an organization, desires to demand the recall and discharge of the school trustee, under the provisions of article VI, section 6, of the constitution of the state of Idaho, he shall send or deliver to the clerk of the board a copy of a petition of recall duly signed by at least twenty (20) electors eligible to sign such petition. The receiving officer shall immediately examine the petition. The clerk of the board shall indicate in writing on the recall petition that he has approved it as to form and the date of such approval. Upon approval as to form, the clerk of the board shall immediately inform the person or persons, organization or organizations under whose authority the recall petition is to be circulated, in writing, that the petition must be perfected with the required number of certified signatures within sixty (60) days following the date of approval as to form. Any petition that has not been perfected with the required number of certified signatures within the sixty (60) days allowed shall be declared void in its entirety.

33-428. Filing petitions -- Time limitations. The sponsors of a recall demanded of any school trustee shall stop circulation and file all petitions with the appropriate school board clerk not less than six (6) months before the next regular election in which the school trustee whose recall is petitioned is subject to reelection.
33-429. Petition -- Form. Recall petitions shall be printed on single sheets of paper of
good writing quality including, but not limited to, newsprint not less than eight and one-half

substantially in the following form:

33-430. Petition -- Size. Each recall petition at the time of circulating, signing and filing
with the clerk of the board with whom it is to be filed, shall consist of not more than five (5)
sheets with numbered lines for not more than twenty (20) signatures on each sheet, with the
prescribed warning, title and form of petition on each sheet, and a full, true and correct copy of
the original statement of the charges against the school trustee referred to therein, printed on
sheets of paper of like size and quality as the petition, firmly fastened together.

33-431. Number of signatures required. When the person, demanding the recall of a
school trustee has secured sufficient signatures upon the recall petition he may submit the same
to the clerk of the school board for filing in his office. The number of signatures required shall be equal to twenty percent (20%) of the total number of votes cast for all candidates at the last election during which the school trustee, whose recall is demanded, was elected. If the school trustee whose recall is demanded was appointed, the number of signatures required shall be equal to twenty percent (20%) of the total number of votes cast for all candidates at the last election during which his predecessor was elected.

33-432. Canvassing petition for sufficiency of signatures -- Notice. Upon the filing of a recall petition in his office, the clerk of the school board with whom the charge was filed shall stamp on each petition the date of filing, and shall notify the person filing them and the school trustee whose recall is demanded of the date when the petitions will be canvassed, which date shall be not more than ten (10) days from the date of its filing.

33-433. Verification and canvass of signatures -- Procedure. (1) Upon the filing of a recall petition, the clerk of the school board shall proceed to verify and canvass the names of legal voters on the petition.

   (2) The verification and canvass of signatures on the petition may be observed by persons representing the advocates and opponents of the proposed recall so long as they make no record of the names, addresses, or other information on the petitions or related records during the verification process except upon the order of the magistrate court. The clerk of the school board may limit the number of observers if in his opinion a greater number would cause undue delay or disruption of the verification process. Any such limitation shall apply equally to both sides, but in no case shall fewer than two (2) observers on each side be allowed. If the clerk of the school board finds the same name signed to more than one (1) petition, he shall reject all but one (1) such valid signature.

33-434. Fixing date for recall election -- Notice. If, at the conclusion of the verification and canvass, it is found that a petition for recall bears the required number of signatures of certified legal voters, the clerk of the school board shall promptly certify the petitions as sufficient and fix a date for the special election to determine whether or not the school trustee charged shall be recalled and discharged from office. The special election shall be held not less than fourteen (14) days nor more than forty-five (45) days from the certification. Notice shall be given in the manner as required by law for all other school elections as provided in section 33-402, Idaho Code.

33-435. Response to recall petition statement. When a date for a special election is set, the clerk of the school board shall serve a notice of the date of the election to the school trustee whose recall is demanded and the person demanding recall. Such notice may be made only in person or by certified mail, return receipt requested. After having been served a notice of the date of the election, the school trustee whose recall is demanded may submit to the clerk of the school board a response, not to exceed two hundred (200) words in length, to the recall statement. Such response shall be submitted by the seventh consecutive day after service of the notice. The clerk of the school board shall promptly send a copy of the response to the person who filed the petition.
33-436. Destruction of insufficient recall petition. If it is found that the recall petition does not contain the requisite number of signatures of certified legal voters, the clerk of the school board shall so notify the person filing the petition, and specify the number of additional signatures required to make the petition valid. The petition must be perfected within thirty (30) days of the date that the clerk finds the petition defective for lack of certified signatures. If the petition is not perfected within the thirty (30) day period, the clerk shall declare the petition void in its entirety.

33-437. Invalid names -- Record of. The clerk of the school board shall keep a record of all names appearing thereon which are not certified to be legal residents of the trustee zone, and of all names appearing more than once thereon, and he may report the same to the prosecuting attorneys of the respective counties where such names appear to have been signed, to the end that prosecutions may be had for such violation of the provisions of this chapter.

33-438. Conduct of election -- Form of ballot. The special election to be called for the recall of school trustees shall be conducted in the same manner as regular school trustee elections are conducted. The clerk of the school board shall provide for the holding of recall elections and the necessary places and officers, ballot boxes, ballots, poll books, voting machines, supplies, and returns as are required by law for holding regular school trustee elections. The ballots at any recall election shall contain a full true, and correct copy of the recall statement, the school trustee's response to the recall statement if such has been filed, and shall be so arranged that any voter can, by making one cross (X), express his desire to have the school trustee charged recalled from his office, or retained therein. The following form shall substantially comply with the provisions of this section:

RECALL BALLOT
Here insert the school recall statement. FOR the recall of (here insert the name of the school trustee) AGAINST the recall (here insert the name of the school trustee)

33-439. Ascertaining the result -- When recall effective. The votes on a recall election shall be counted, canvassed, and the results certified in the manner provided by law for counting, canvassing, and certifying the results of an election for school trustee.

To recall any school trustee, a majority of the votes cast at the recall election must be in favor of such recall, and additionally, the number of votes cast in favor of the recall must at least equal the number of votes cast in favor of such trustee as a candidate at the last election. A vacancy in the office shall exist when the board of canvassers certifies the results of the election in favor of the recall vote.

33-440. Enforcement provisions -- Mandamus -- Appeals. The magistrate court of the county in which the school trustee subject to recall resides has original jurisdiction to compel the performance of any act required of any public officer or to prevent the performance by any such officer of any act in relation to the recall not in compliance with law.

33-441. Violations by signers. Every person who signs a recall petition with any other than his true name is guilty of a felony. Every person who knowingly (1) signs more than one (1)
petition for the same recall, (2) signs a recall petition when he is not a legal voter, or (3) makes a false statement as to his residence on any recall petition is guilty of a misdemeanor.

33-442. Violations -- Corrupt practices. (1) Every person is guilty of a misdemeanor, who:

(a) Wilfully or knowingly circulates, publishes or exhibits any false statement or representation concerning the contents, purpose or effect of any recall petition for the purpose of obtaining any signature to any such petition, or for the purpose of persuading any person to sign any such recall petition;
(b) Presents to any officer for filing any recall petition to which is attached, appended or subscribed any signature which the person so filing the petition knows to be false or fraudulent, or not the genuine signature of the person purporting to sign such petition, or whose name is attached, appended or subscribed thereto;
(c) Circulates or causes to circulate any recall petition, knowing the same to contain false, forged or fictitious names;
(d) Makes any false affidavit concerning any recall petition or the signatures appended thereto;
(e) Offers, proposes or threatens for any pecuniary reward or consideration:
(i) To offer, propose, threaten or attempt to sell, hinder or delay any recall petition or any part thereof or any signatures thereon;
(ii) To offer, propose or threaten to desist from beginning, promoting or circulating any recall petition;
(iii) To offer, propose, attempt or threaten in any manner or form to use any recall petition or any power of promotion or opposition in any manner or form for extortion, blackmail or secret or private intimidation of any person or business interest.
(2) A public officer is guilty of a felony, who knowingly makes any false return, certification or affidavit concerning any recall petition, or the signatures appended thereto.
33-601. Real and personal property -- Acquisition, use or disposal of same. The board of trustees of each school district shall have the following powers and duties:

1. To rent to or from others, school buildings or other property used, or to be used, for school purposes.

2. To contract for the construction, repair, or improvement of any real property, or the acquisition, purchase or repair of any equipment, or other personal property necessary for the operation of the school district.

Except for the purchase of curricular materials as defined in section 33-118A, Idaho Code, such contract shall be executed in accordance with the provisions of chapter 28, title 67, Idaho Code.

3. To designate and purchase any real property necessary for school purposes or in the operation of the district, or remove any building, or dispose of any real property. Prior to, but not more than one (1) year prior to, any purchase or disposal of real property, the board shall have such property appraised by an appraiser certified in the state of Idaho, which appraisal shall be entered in the records of the board of trustees, and shall be used to establish the value of the real property. The board of trustees shall determine the size of the site necessary for school purposes. The site shall be located within the incorporated limits of any city within the district; provided, however, that if the board finds that it is not in the best interests of the electors and the students of the district to locate the site within the incorporated limits of a city, the board, by duly adopted resolution setting forth the reasons for its finding, may designate a site located elsewhere within the district. In elementary school districts, except upon removal for highway purposes, a site may be designated or changed only after approval of two-thirds (2/3) or more of the electors voting at the annual meeting.

4. (a) To convey, except as provided by paragraph (b) of this subsection, by deed, bill of sale, or other appropriate instrument, all of the estate and interest of the district in any property, real or personal. In elementary school districts, except such conveyance as is authorized by subsection 6. of this section, any of the transactions authorized in this subsection shall be subject to the approval of two-thirds (2/3) or more of the electors voting at the annual meeting.

Prior to such sale or conveyance, the board shall have the property appraised pursuant to this section, which appraisal shall be entered in the records of the board of trustees. The property may be sold at public auction or by sealed bids, as the board of trustees shall determine, to the highest bidder. Such property may be sold for cash or for such terms and conditions as the board of trustees shall determine for a period not exceeding ten (10) years, with the annual rate of interest on all deferred payments not less than seven percent (7%) per annum. The title to all property sold on contract shall be retained in the name of the school district until full payment has been made by the purchaser, and title to all property sold under a note and mortgage or deed of trust shall be transferred to the purchaser at the point of sale under the terms and conditions of the mortgage or deed of trust as the board of trustees shall determine. Notice of the time and the conditions of such sale shall be published twice, and proof thereof made, in accordance with subsections g. and h. of section 33-402, Idaho Code, except that when the appraised value of the property is less than one thousand dollars ($1,000), one (1)
single notice by publication shall be sufficient and the property shall be sold by sealed bids or at public auction.

The board of trustees may accept the highest bid, may reject any bid, or reject all bids. If the real property was donated to the school district the board may, within a period of one (1) year from the time of the appraisal, sell the property without additional advertising or bidding. Otherwise, the board of trustees must have new appraisals made and again publish notice for bids, as before. If, thereafter, no satisfactory bid is made and received, the board may proceed under its own direction to sell and convey the property. In no case shall any real property of the school district be sold for less than its appraisal.

The board of trustees may sell personal property, with an estimated value of less than one thousand dollars ($1,000), without appraisal, by sealed bid or at public auction, provided that there has been not less than one (1) published advertisement prior to the sale of said property. If the property has an estimated value of less than five hundred dollars ($500), the property may be disposed of in the most cost-effective and expedient manner by an employee of the district empowered for that purpose by the board, provided however, such employee shall notify the board prior to disposal of said property.

(b) Real and personal property may be exchanged hereunder for other property. Provided, however, that aside from the provisions of this paragraph, any school district may by a vote of one-half (1/2) plus one (1) of the members of the full board of trustees, by resolution duly adopted, authorize the transfer or conveyance of any real or personal property owned by such school district to the government of the United States, any city, county, the state of Idaho, any hospital district organized under chapter 13, title 39, Idaho Code, any other school district, any library district, any community college district, or any recreation district, with or without any consideration accruing to the school district, when in the judgment of the board of trustees it is for the interest of such school district that said transfer or conveyance be made. Prior to any transfer or conveyance of any real or personal property pursuant to this paragraph 4.(b), the board shall have the property appraised by an appraiser certified in the state of Idaho, which appraisal shall be entered in the records of the board of trustees, and shall be used to establish the value of the real or personal property.

5. To enter into contracts with any city located within the boundaries of the school district for the joint purchase, construction, development, maintenance and equipping of playgrounds, ball parks, swimming pools, and other recreational facilities upon property owned either by the school district or the city.

6. To convey rights-of-way and easements for highway, public utility, and other purposes over, upon or across any school property and, when necessary to the use of such property for any such purpose, to authorize the removal of school buildings to such new location, or locations, as shall be determined by the board of trustees, and such removal shall be made at no cost or expense to the school district.

7. To authorize the use of any school building of the district as a community center, or for any public purpose, and to establish a policy of charges, if any, to be made for such use.

8. To exercise the right of eminent domain under the provisions of chapter 7, title 7, Idaho Code, for any of the uses and purposes provided in section 7-701, Idaho Code.

9. If there is a great public calamity, such as an extraordinary fire, flood, storm, epidemic, or other disaster, or if it is necessary to do emergency work to prepare for national or local defense, or it is necessary to do emergency work to safeguard life, health or property, the
board of trustees may pass a resolution declaring that the public interest and necessity demand the immediate expenditure of public money to safeguard life, health or property. Upon adoption of the resolution, the board may expend any sum required in the emergency without compliance with this section.

33-601A. Leasing of goods, equipment, buses and portable classrooms. No provision of chapter 6, title 33, or chapter 28, title 67, Idaho Code, shall be construed to prevent a board of trustees from entering into lease-purchase agreements for goods, equipment, buses or portable classrooms, provided the agreement is in writing and meets all of the following requirements:

(1) The annual lease payments shall reflect reasonable compensation for use;
(2) No penalty shall be imposed on the school district for proper cancellation of the lease;
(3) The right to exercise the option to purchase shall be at the sole discretion of the school district; and
(4) The cost of purchase shall not exceed the reasonable value of the goods, equipment, buses or portable classrooms as of the time the option to purchase is exercised.

For the purposes of this section, "portable classroom" means a facility which is not so related to particular real estate that an interest in it arises under real estate law.
33-804. School plant facilities reserve fund levy. In any school district in which a school plant facilities reserve fund has been created, either by resolution of the board of trustees or by apportionment to new districts according to the provisions of section 33-901, Idaho Code, to provide funds therefor the board of trustees shall submit to the qualified school electors of the district the question of a levy not to exceed four-tenths of one percent (.4%) of market value for assessment purposes in each year, as such valuation existed on December 31 of the previous year, for a period not to exceed ten (10) years.

The question of a levy to be submitted to the electors of the district and the notice of such election shall state the dollar amount proposed to be collected each year during the period of years in each of which the collection is proposed to be made, the percentage of votes in favor of the proposal which are needed to approve the proposed dollar amount to be collected, and the purposes for which such funds shall be used. Said notice shall be given, the election shall be conducted and the returns canvassed as provided in chapter 4, title 33, Idaho Code; and the dollar amount to be collected shall be approved only if:

1. Fifty-five percent (55%) of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of less than two-tenths of one percent (.2%) of market value for assessment purposes as such valuation existed on December 31 of the year immediately preceding the election;

2. Sixty percent (60%) of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of two-tenths of one percent (.2%) or more and less than three-tenths of one percent (.3%) of market value for assessment purposes as such valuation existed on December 31 of the year immediately preceding the election; or

3. Two-thirds (2/3) of the electors voting in such election are in favor thereof if the levy will result in a total levy for school plant facilities and bonded indebtedness of three-tenths of one percent (.3%) or more of market value for assessment purposes as such valuation existed on December 31 of the year immediately preceding the election.

If the question be approved, the board of trustees may make a levy, not to exceed four-tenths of one percent (.4%) of market value for assessment purposes as such valuation existed on December 31 of the previous year, in each year for which the collection was approved, sufficient to collect the dollar amount approved and may again submit the question at the expiration of the period of such levy, for the dollar amount to be collected during each year, and the number of years which the board may at that time determine. Or, during the period approved at any such election, if such period be less than ten (10) years or the levy be less than four-tenths of one percent (.4%) of market value for assessment purposes as such valuation existed on December 31 of the previous year, the board of trustees may submit to the qualified school electors in the same manner as before, the question whether the number of years, or the levy, or both, be increased, but not to exceed the maximum herein authorized. If such increase or increases be approved by the electors, the terms of such levy shall be in lieu of those approved in the first instance, but disapproval shall not affect any terms theretofore in effect.

Any bonded indebtedness incurred in accordance with the provisions of section 33-1103, Idaho Code, subsequent to the approval of a plant facilities reserve fund levy shall not affect the terms of that levy for any time during which such levy is in effect.
33-901. School plant facilities reserve fund. The board of trustees of any school district may create and establish a school plant facilities reserve fund by resolution adopted at any regular or special meeting of the board. All moneys for said fund accruing from taxes levied under section 33-804, Idaho Code, together with interest accruing from the investment of any moneys in the fund and any moneys allowed for depreciation of school plant facilities as are appropriated from the general fund of the district, shall be credited by the treasurer to the school plant facilities reserve fund.

Disbursements from said fund may be made from time to time as the board of trustees may determine, for purposes authorized in section 33-1102, Idaho Code, and for lease and lease purchase agreements for such purposes and to repay loans from commercial lending institutions extended to pay for the construction of school plant facilities, but no expenditure for remodeling existing buildings shall be authorized and made unless the estimated cost thereof shall exceed five thousand dollars ($5,000). Lease purchase agreements shall not extend beyond the period designated for any existing school plant facilities reserve fund levy. Expenditures may also be made from this fund for participation by the school district in any local improvement district in which the school district may be situate, but any such participation shall not create a lien upon any of the property owned by the school district.

Should any school district having a balance in its school plant facilities reserve fund be consolidated with one or more school districts to form a new school district, the moneys in such fund shall be used to retire any bonds issued by it and outstanding at the time of the consolidation. If there are no bonds outstanding, any balance in its school plant facilities reserve fund shall accrue to the new district to be added to or to create and establish a school plant facilities reserve fund.

Should any school district having a balance in its school plant facilities reserve fund be divided so as to create two (2) or more new districts the said fund may be used to retire any bonds issued by it and outstanding at the time of the division, or the said fund may be divided among the new school districts, as may be approved by the electors at the time of the division. If the fund is divided among the new districts, a school plant facilities reserve fund is thereby created and established for each district.

The board of trustees of any school district having a school plant facilities reserve fund created and established under any of the provisions of this section, may discontinue the same by resolution adopted at any regular meeting of the board. Upon such discontinuance, any balance in the fund shall be used to retire any outstanding bonds, if any; otherwise, the balance may be transferred to the general fund of the district.

Moneys in the school plant facilities reserve fund being held for future use may be invested in the manner of section 57-127, Idaho Code.

A detailed financial report of the operations in and the condition of the school plant facilities reserve fund shall be included in the annual report of each district. Forms for such reporting shall be provided by the state board of education. Such report shall be published as provided by law for the publication of annual reports of school districts.
TITLE 33, CHAPTER 11
SCHOOL BONDS

33-1103. Definitions -- Bonds -- Limitation on amount -- Elections to authorize issuance. For the purposes of this chapter the following definitions shall have the meanings specified: "Market value for assessment purposes" means the amount of the last preceding equalized assessment of all taxable property within the school district on the tax rolls completed and available as of the date of approval by the electorate in the school bond election. "Aggregate outstanding indebtedness" means the total sum of unredeemed outstanding bonds, minus all moneys in the bond interest and redemption fund or funds accumulated for the redemption of such outstanding bonds, and minus the sum of all taxes levied for the redemption of such bonds, with the exception of that portion of such tax levies required for the payment of interest on bonds, which taxes remain uncollected. "Issue," "issued," or "issuance" means a formal delivery of bonds to any purchaser thereof and payment therefor to the school district.

The board of trustees of any school district, upon approval of a majority thereof, may submit to the qualified school district electors of the district the question as to whether the board shall be empowered to issue negotiable coupon bonds of the district in an amount and for a period of time to be named in the notice of election.

An elementary school district which employs not less than six (6) teachers, or a school district operating an elementary school or schools, and a secondary school or schools, or issuing bonds for the acquisition of a secondary school or schools, may issue bonds in an amount not to exceed five percent (5%) of the market value for assessment purposes thereof, less the aggregate outstanding indebtedness; and no other school district shall issue bonds in an amount to exceed at any time two percent (2%) of the market value for assessment purposes thereof less the aggregate outstanding indebtedness. The market value for assessment purposes, the aggregate outstanding indebtedness and the unexhausted debt-incurring power of the district shall each be determined as of the date of approval by the electors in the school bond election.

Notice of the bond election shall be given, the election shall be conducted and the returns thereof canvassed, and the qualifications of electors voting or offering to vote shall be, as provided in sections 33-401 through 33-406, Idaho Code.

In lieu of receiving sealed bids, the board of trustees may provide for the public sale of bonds by electronic bidding as provided in section 57-233, Idaho Code.

No school bond shall at any time be sold at less than its par value.

TITLE 33, CHAPTER 26
PUBLIC LIBRARIES

33-2601. Policy. It is hereby declared to be the policy of the state of Idaho, as a part of the provisions for public education, to promote the establishment and development of free library service for all the people in Idaho. It is the purpose of this act to assure an informed electorate by enabling the provision of free local library service, in the present and in the future, to children in their formative years and to adults for their continuing education. To carry out the purpose of this act, an independent, nonpartisan board shall govern the library.

Every library established in this chapter shall be forever free for the use of the residents of the city, always subject to such reasonable rules and regulations as the library board may find necessary to adopt.

The city council of every city shall have power to establish a public library, and for such purpose may annually levy and cause to be collected a tax up to but not exceeding one-tenth percent (.10%) of market value for assessment purposes or fund a library out of allocations from the city's general fund. All such moneys shall be kept by the city treasurer separate and apart from other moneys of the city and be used exclusively for library purposes, provided that every city shall have power to contract for specified library service from an existing library, or become part of an existing library district, following the procedure outlined in section 33-2709, Idaho Code.

33-2604. Board of trustees -- Appointment -- Term of office -- Compensation. For the government of such library there shall be a board of five (5) library trustees appointed by the mayor and council pursuant to section 50-210, Idaho Code, from among city residents. Appointment to the board shall be made solely upon consideration of the ability of such appointees to serve the interests of the people, without regard to sex, age, race, nationality, religion, disability or political affiliation. A member of the city council shall not be one (1) of the five (5) appointed trustees of the library board, but each year the council shall appoint one (1) of its members to be a liaison to the board, without voting rights.

The initial appointment of trustees shall be for terms of one (1), two (2), three (3), four (4) and five (5) years respectively. Subsequent appointments shall be made for five (5) years from the date of appointment, and until their successors are appointed.

Members of the board shall serve without salary but may receive their actual and necessary budgeted expenses while engaged in authorized business of the library.
33-2605. Board of trustees -- Vacancies -- Removal. The board shall report all vacancies to the council within five (5) working days. A quorum shall consist of three (3) voting members, but a smaller number may adjourn. All library board meetings are to be held pursuant to the open meeting law, sections 67-2340 through 67-2344, Idaho Code.

The board may hold a separate checking account to be used to pay petty expenses of the library. This account shall be audited along with other library funds.

33-2610. Donations. Donations or gifts for the benefit of the library shall be budgeted along with other library accounts and shall be used only for library purposes. Money or other funds which are donated or given to the library may be expended by the board of trustees only in accordance with the city budget process.

33-2611. Reports of trustees. The board of trustees shall annually, not later than the first day of January, file with the board of library commissioners a report of the operations of the library for the fiscal year just ended. The report shall be of such form and contain such information as the board of library commissioners may require, but in all cases must include a complete accounting of all financial transactions for the fiscal year being reported. The board shall also report to the city council and mayor as required in section 50-210, Idaho Code.

33-2612. Regional library systems -- Purpose -- Boundaries. It is the purpose of this act to provide a method by which the library boards which govern Idaho's libraries, now or hereafter established in accordance with the Idaho Code, may contract to form regional library systems, in order to provide improved library and information services for residents of a multi-county region. The boundaries for library regions in Idaho shall be established by the Idaho board of library commissioners.

33-2613. Definitions. As used in this act, unless the context otherwise requires:
(1) "Library board" means the five (5) citizens appointed, or elected, to govern a public library, a school community library, or a library district, in accordance with chapters 26 and 27, title 33, Idaho Code.
(2) "Participating board" or "participating library" means a board or library or district which is cooperating and participating in a regional library system.

(3) "Region" means that geographic area, with boundaries established by the board of library commissioners, wherein library units are encouraged to work together.

(4) "Regional system" means two (2) or more library boards formally contracting a system approved by the board of library commissioners, officially designated as a regional library system under this act, and therein working together in specific efforts to extend and improve library services to their resident constituents.

Such petition shall be prepared in cooperation with the state librarian, on forms provided by the commission for libraries, and shall include but shall not be limited to the following information:

(2) A list of the participating libraries, with a listing of the current tax levy and budget of each such participant; the names and addresses of the members of each library board, and a letter or resolution from each such board regarding participation in the regional system.

(3) A list of the counties in the geographic region as a whole, the number of persons who are within taxing districts supporting existing libraries, and the number of persons outside such districts but within a county in the region, and thus potentially eligible for service from the regional system being established.

(4) Proposed number of persons to be on the initial system board of directors.

(5) Proposed headquarters for the regional system, accompanied by a copy of a resolution by the governing authority for that library approving its designation as headquarters and, if a member of the staff of the headquarters is to be the administrator of the system, including approval of such designation.

The board of library commissioners shall consider any petition presented to it as provided in this act, and if it approves such petition it shall adopt a resolution officially designating such particular regional library system, describing the territory thereof, and designating the headquarters and the initial number of directors for the system board.

33-2615. System board of directors. Each regional system shall be governed by a board of directors, to be selected by and from the governing boards of the participating libraries.

Initially, as the system is formed, each participating library shall be entitled to one (1) representative on the system board, and those libraries legally serving a population base of more than ten thousand (10,000) shall also be entitled to a second representative.

Within two (2) weeks after receiving notice of approval of a petition for establishment, as provided for under this act, the board of each participating library shall select its representative or representatives, and certify the names and addresses of such representatives to the state librarian.

As additional libraries, now or hereafter established, petition to join the system, the board shall not exceed twenty-five (25) in number. When the board members total twenty-five (25), or
earlier with the unanimous agreement of the participating boards, the system board shall develop a plan for equitable rotation of trustees, while retaining representation from a library in each county. The designated headquarters for the system shall always have representation on the board.

At their first meeting the members of the system board shall divide themselves by lot into terms of one (1) to five (5) years. Thereafter, all vacancies shall be filled in the same manner as the original appointments, and appointments to complete an unexpired term shall be for the residue of the term only.

No member of any system board shall serve on the system board for more than five (5) consecutive years, and in no event shall service on the system board exceed the term of office of the incumbent on the governing board of the participating library which he represents.

The system board shall annually elect from its membership a chairman and such other officers as it may deem necessary to conduct the affairs of the system.

Members of the system board may receive from the regional system their actual and necessary expenses while engaged in business of said system.

33-2616. Powers and duties of the system board. The system board shall serve as a liaison agency between the participating libraries and their governing bodies and library boards. The system board shall make such bylaws, rules and regulations as may be necessary for its own government and that of the regional system, none of which shall deprive any participating library board of any of its powers or property.

The system board shall have the following powers and responsibilities, all of which relate to the functioning of the regional system and the management and control of its funds and property;

(1) To develop a long-range plan of service for the regional system, and annually to submit to the board of library commissioners any changes in said long-range plan, and a detailed plan of proposed system development and service for the following year.

(2) To provide improved library service for residents of the regional system, in cooperation with participating libraries, and to this end to purchase books and other library materials, supplies and equipment, for the system services, and to employ such personnel as the system board finds necessary.

(3) To set the administrator's hours and rate of compensation for regional system duties, and to delegate such administrative powers as the board deems in the best interest of the system.

(4) To enter into contracts to receive service from or to give service to other libraries, or agencies, within the state or interstate, and to file copies of such contracts with the board of library commissioners.

(5) To be a public corporation, as is provided for library districts, and to contract in the name of the "Board of directors of the ... regional library system, Idaho" and in that name to sue and be sued and to take any action authorized by law.

(6) To acquire by purchase, lease, or otherwise, and to own and hold real and personal property and to construct buildings for the use of the regional system, and to sell, exchange or otherwise dispose of property real or personal when no longer required by the system, and to insure the real and personal property of the system.

(7) To have control of the expenditure of all funds of the regional system, to accept by gift or donation any funds and real or personal property under such terms as may be a condition of the gift.
(8) To exercise such other powers, not inconsistent with law, necessary for the effective use and management of the regional system.

33-2617. Finance of regional systems -- Budgets -- Participating and nonparticipating units. Each regional system may be financed by any combination of available funds, federal, state, local, public and/or private. Counties, cities and library districts are hereby authorized and empowered to join in the creation, development, operation and maintenance of regional systems, and to appropriate and allocate funds for the support of such systems. All funds collected or contributed for the support of each regional system shall be controlled and administered under the direction of the system board, following procedures outlined in the library district statutes, and as directed by the board of library commissioners.

(1) Participating Units. Participating boards shall continue to control the funds appropriated or contributed for the support of the participating libraries, but may expend all or any part thereof for library services to be furnished by the regional system. Each participating board shall prepare its own annual budget as required by the Idaho Code, and said budget may include anticipated revenues or expenditures for regional system services. Tax levies made pursuant to each such budget shall be certified as provided by law.

(2) System Budget. Each system board shall prepare a preliminary budget for the system for the coming year, and shall by the last day of April forward said budget to the boards of participating libraries. This budget shall be published, and a hearing held thereon before the last day of May.

(3) Nonparticipating Areas. The system board shall also prepare a list of those areas within each county of the library region wherein public libraries, library districts, school-community libraries, or association libraries are not maintained as authorized in the Idaho Code. Such lists shall be forwarded to the board of library commissioners and to the board of county commissioners of each affected county. The system board shall include in its preliminary budget an estimate of the kinds of services which the system could provide to those areas without established libraries, and the cost of such services, and shall forward this to the appropriate boards of county commissioners.

33-2618. Addition to or withdrawal from a regional system. (1) After the establishment of a regional system as provided in this act, the board of any library which is not a part of the system, and which is within the boundaries of a library region as established by the Idaho board of library commissioners, may petition the board of library commissioners for addition to the regional system.

Petitions for addition shall be prepared and processed as provided in this act for initial petitions, except that prior approval in writing shall be obtained by the petitioning board from the regional system board, and shall be attached to the petition when it is submitted to the board of library commissioners.

(2) After the establishment of a regional system as provided in this act, a participating library board may petition the board of library commissioners for withdrawal from the system. A petition for withdrawal must be received by the board of library commissioners at least sixty (60) days before the end of the fiscal year of the system.

All assets of a participating library remain the property of that library, and if a unit withdraws from a system the disposal of the joint assets of the system shall be determined by the board of library commissioners, who shall give consideration to such items as the amount of
funds raised from each unit of the system, and the ability of the units to make further use of such property or equipment for library purposes.

33-2619. Administration of act by board of library commissioners. The Idaho board of library commissioners shall administer the provisions of this act, and shall adopt such rules as are necessary for approval of regional system petitions, review and amendment of regional system plans and contracts, and such other matters as the board of library commissioners may deem advisable.

33-2620. Failure to return borrowed material. Any person who borrows from a publicly funded lending facility any book, newspaper, magazine, manuscript, pamphlet, publication, microform, recording, film, artifact, specimen, device, exhibit or other article belonging to, or in the care of, the facility, under any agreement to return the same within a specified time, and thereafter fails to return the book, newspaper, magazine, manuscript, pamphlet, publication, microform, recording, film, artifact, specimen, device, exhibit or other article, shall be given written notice, which shall bear upon its face a copy of this statute, mailed by a registered or certified letter with return receipt, or delivered in person to such person at his last known address, to return the borrowed article within fifteen (15) days; and in the event that the person shall thereafter wilfully and knowingly fail to return the borrowed article within thirty (30) days, or shall fail to reimburse the facility for the value of the borrowed article plus overdue fines and costs incurred, the person shall be guilty of a petit theft and punishable as provided in chapter 24, title 18, Idaho Code. For purposes of this section, a "publicly funded lending facility" includes any library, gallery, museum, collection or exhibit supported by public funds.

(3) The notice shall state that a library district is proposed to be established, giving the proposed boundaries and name thereof, and that any resident elector within the proposed boundaries of the proposed district may appear and be heard in regard to:
   (a) The form of the petition;
   (b) The genuineness of the signatures;
   (c) The legality of the proceedings; and
   (d) Any other matters in regard to the creation of the library district.

(4) Concurrently with the notice of hearing, the board of county commissioners shall notify, in writing, the governing body of any tax supported library within the boundaries of the proposed library district. If any governing body decides that it is not in the best interest of library
services to be included within the proposed library district, they shall present a resolution stating this to the county commissioners, not less than one (1) week prior to the date of hearing.

(5) No later than ten (10) days after the hearing, the board of county commissioners shall make an order thereon with or without modification, based upon the public hearing and their determination of whether the proposed library district would be in keeping with the declared public policy of the state of Idaho in regard to library districts as more particularly set forth in section 33-2701, Idaho Code, and, shall accordingly fix the boundaries and certify the name of the proposed district in the order granting the petition. The boundaries so fixed shall be the boundaries of the district after its establishment is completed as provided in this chapter.

33-2705. Conduct of election. Upon the county commissioners having made the order referred to in subsection (5) of section 33-2704, Idaho Code, the clerk of the board of county commissioners shall cause to be published a notice of an election to be held for the purpose of determining whether or not the proposed library district shall be established under the provisions of this chapter. The date of this election shall be the next uniform election date as provided for in section 34-106, Idaho Code. Whenever more than one (1) petition is presented to the county commissioners calling for an election to create library districts, the first presented shall take precedence. Notice of the election shall be given, the election shall be conducted, and the returns thereof canvassed as provided for in chapter 14, title 34, Idaho Code, and under the general election laws of the state of Idaho. The ballot shall contain the words "(Name) Library District--Yes" and "(Name) Library District--No," each followed by a box wherein the voter may express his choice by marking a cross "X." The board or boards of election shall make returns and certify the results to the boards of county commissioners within three (3) days after the election, and the board of county commissioners shall, within seven (7) days after the election, canvass the returns. If a majority of all votes cast be in the affirmative, the board of county commissioners shall, within seven (7) days after the returns have been canvassed, enter an order declaring the library district established, designating its name and boundaries including a map prepared in a draftsmanlike manner. The board of county commissioners shall transmit a copy of the order to the county recorder, county assessor, and the state tax commission in a timely manner, but no later than December 15, in the calendar year in which the election was held. A copy of the order shall also be transmitted to the board of library commissioners.

33-2706. Establishment of library district embracing more than one county. When the proposed library district embraces more than one (1) county, the petition and procedure for praying for the establishment of the district shall be carried forward in each county as though that county were the only county affected. Each petition shall designate the same home county for the proposed district.

The board of county commissioners of the home county shall advise with the board of county commissioners in any other county affected to the end that the election shall be held in each county on the same day. The board of county commissioners in each county shall proceed in the conduct of the election as though the election were being held only in that county as set forth in section 33-2705, Idaho Code. After the canvass of the returns, the results in each other county shall be certified to the board of county commissioners of the home county, together with all ballots and tally sheets. The board of county commissioners of the home county shall canvass all returns and certify the results of the election to the board of county commissioners of any other county affected. The proposal shall be deemed approved only if a majority of all votes cast
in each county were cast in the affirmative. If this is the case, the board of county commissioners of the home county shall enter an order declaring the library district to be created, designating its name and boundaries, including a map prepared in a draftsmanlike manner. A certified copy of the order shall be transmitted by the board of county commissioners to the county recorder, the county assessor and the state tax commission in a timely manner, but no later than December 15, in the calendar year in which the election was held. A copy of this order shall also be transmitted to the board(s) of county commissioners of any other county affected, which shall enter the order in its minutes. A copy of this order shall also be transmitted to the board of library commissioners.

33-2707. Addition of territory not having a tax supported library to a library district -- Petitions and signatures -- Election. (1) Any area which does not have a tax supported library and which is contiguous to an existing library district may become a part of the district by petition and election.

(2) A petition may arise as set forth in section 33-2704, Idaho Code, in the area seeking to become a part of the library district. A true copy of the petition shall be transmitted to the board of trustees of the district, and to the board of county commissioners in each county affected. The board of trustees of the library district may approve or disapprove the petition, and shall give notice of its decision to the board of county commissioners in each county affected.

(3) When the notice carries the approval of the board of trustees of the district, the board of county commissioners in the county in which the petition arose shall enter its order calling for an election on the question. The election shall be held in the area described in the petition. Notice of the election shall be given, the election shall be conducted on the next uniform election date as provided in section 34-106, Idaho Code, and the returns thereof canvassed as provided in section 33-2705, Idaho Code. The ballot shall bear the question: "Shall .... become a part of the .... (Name) Library District .... Yes" and "Shall .... become a part of the .... (Name) Library District .... No," each followed by a box in which the voter may express his choice by marking a cross "X." The proposal shall be deemed approved only if the majority of the votes cast in the area seeking to become a part thereof is in the affirmative.

(4) If the proposal has been approved by the majority herein required, the board of county commissioners of the home county of the district shall enter its order amending the boundaries of the district, including a map prepared in a draftsmanlike manner. A copy of this order shall be transmitted to the board of trustees of the library district, to each board of county commissioners of the county in which the district lies, and to the board of library commissioners.

(5) The board of trustees of the library shall transmit a certified copy of this order to the county recorder, the county assessor of the home county and to the state tax commission in a timely manner, but no later than December 15, in the calendar year in which the election was held.

(6) Addition of new territory to an existing library district shall not be considered an initial establishment. The existing board of trustees shall continue to serve for the terms for which elected. When a vacancy occurs appointment shall be made as provided in section 33-2716, Idaho Code.

33-2708. Addition of territory not having a tax supported library to a library district -- Alternate method. (1) An alternate method of adding territory to a library district may be
initiated by a petition or petitions as set forth in section 33-2704, Idaho Code, except that the petitions must be signed by sixty percent (60%) of the qualified electors in the area to be annexed.

(2) A true copy of the petitions shall be transmitted to the board of trustees of the library district and to the board of county commissioners in each county affected. The board of trustees may approve or disapprove the petition, and shall give notice of its decision to the board of county commissioners in each county affected.

(3) When the notice carries the approval of the board of trustees of the district, the board of county commissioners of the county in which the petition arose shall proceed with the required hearing and resolution as outlined in section 33-2704, Idaho Code.

(4) When the proposal has the approval of the board of county commissioners, the board of trustees of the district and the board of county commissioners shall follow these procedures:

(a) If the proposal has been approved by the majority herein required, the board of county commissioners of the home county of the district shall enter its order amending the boundaries of the district, including a map drawn in a draftsmanlike manner, and transmit a copy of the order to the board of county commissioners in the county in which the petition arose. A copy of this order shall also be sent to the board of library commissioners.

(b) The board of trustees of the library district shall transmit a copy of the order to the county recorder, the county assessor of the home county, and the state tax commission in a timely manner, but no later than December 15, in the calendar year in which the order was granted.

(c) Addition of new territory to an existing library district shall not be considered an initial establishment. The existing board of trustees shall continue to serve for the terms for which elected. When a vacancy occurs, appointment shall be made as provided in section 33-2716, Idaho Code.

33-2709. Existing tax-supported city libraries may join library districts. Any tax-supported city library may join an established library district by majority vote of the qualified electors of the city according to procedure set forth in section 33-2707, Idaho Code. A true copy of the petition and the district library board's notice of approval or disapproval shall be sent to the city council. When the notice carries the approval of the district library board, the city council shall conduct the election and give notice of the results to the library district board and the board of county commissioners.

If the proposal has been approved by the majority required, the board of county commissioners of the home county of the district shall enter its order amending the boundaries of the district, including a map drawn in a draftsmanlike manner, and a copy shall be transmitted to the board of trustees of the library district, to the board of county commissioners of the county in which the petition arose, and to the board of library commissioners.

The board of trustees of the library district shall transmit a copy of the order to the county recorder, the county assessor of the home county and the state tax commission in a timely manner, but no later than December 15, in the year in which the election was held.

Addition of new territory to an existing library district shall not be considered an initial establishment. The existing district board of trustees shall continue to serve for the terms for which elected. When a vacancy occurs, appointment shall be made as provided in section 33-2716, Idaho Code.
33-2710. Determination of the property portion of the budget for consolidated libraries --
District and district -- District and city. (1) When two (2) district libraries have agreed to
consolidate, the property tax portion of the new consolidated district's first budget will be
determined in the following manner.

The property tax portion of each district's most recent annual certified budget will be
added together. The resulting figure will be considered the dollar amount of property taxes on
which to base the first annual budget for the new consolidated district. The provisions of section
63-802, Idaho Code, shall be applied to this dollar amount.

(2) When a tax supported city library has voted to consolidate with a district library, the
property tax portion of the new consolidated district's first annual budget will be determined in
the following manner.

The city library budget figure will be defined as the budget for library services, whether
from the general fund and/or the library fund, in the city's annual certified budget in effect on the
date the election was held, less fines, fees, and any other identifiable revenues from nontax
sources, and any grants made directly to the city library board. The city library budget figure will
be added to the property tax portion of the public library district's annual certified budget in
effect on the date the election was held. The resulting figure will be considered the dollar amount
of property taxes on which to base the first annual budget for the new consolidated district. The
provisions of section 63-802, Idaho Code, shall be applied to this dollar amount.

If the city has established a dedicated library fund in effect on the date the election was
held, those dollars will be removed from the city budget in the fiscal year in which the newly
consolidated district begins to levy to provide library services.

(3) In any consolidation, the dollar amount of property taxes for the new consolidated
district's budget shall not exceed six hundredths percent (0.06%) of the market value for
assessment purposes of all taxable property within the district.

(4) In any consolidation, the existing bonded debt of any district or districts shall not
become the obligation of the proposed consolidated library district. The debt shall remain an
obligation of the property which incurred the indebtedness.

33-2711. Consolidation of library districts. When there are two (2) or more library
districts, which have at least one (1) common boundary, the boards of trustees of the library
districts, meeting together, may determine that it is in the best interest of library service that the
districts be consolidated, as herein provided.

The boards of trustees shall jointly prepare a petition describing the boundaries of the
existing library districts, the names of the existing library districts, and praying for the
reorganization of the territory therein described as one (1) or more library districts to be known
as the ".... (Name) Library District" and with boundaries as set forth in the petition.

The petition shall be signed by the chairpersons of the library boards upon majority
approval of the respective boards involved in the consolidation.

The petition shall be forwarded to the clerk of the board of county commissioners in all
counties affected, who shall verify the signatures, and shall file the petition. Thereupon, the
board of county commissioners in all counties affected shall proceed with the hearing and
resolution as outlined in section 33-2704, Idaho Code. Upon completion of the hearing, the
board of county commissioners shall issue an order granting the petition.
In the order granting the petition of consolidation, the board of county commissioners in all counties affected shall certify the new boundaries and the name of the district.

A copy of the order shall be transmitted to the board of trustees of the library districts involved, and to the board of library commissioners.

Other notices required by law shall be filed by the board of trustees of the district, including a legal description and map of altered boundaries prepared in a draftsmanlike manner to be filed with the board(s) of county commissioners, the county recorder, the county assessor of the home county, the board of library commissioners, and the state tax commission in a timely manner, but no later than December 15, of the year in which consolidation takes place.

The board of county commissioners of the home county of the consolidated public library district shall within ten (10) days take action to reaffirm members of the board of trustees, or to appoint members of the board, who shall be chosen from the members of the boards initiating the consolidation. These trustees shall serve until the next annual election of trustees or until their successors are elected and qualified as in section 33-2715, Idaho Code. The board of trustees shall take the oath of office as outlined in section 33-2715, Idaho Code.

33-2711A. Adjustment of boundary lines between existing public library districts. When the boards of two (2) public library districts having a common boundary determine that it is in the best interest of public library service that an adjustment of library district boundaries be made, this adjustment may be made using the following procedure.

The board of trustees shall jointly prepare a petition describing the boundaries of both the existing and proposed public library district, including maps prepared in a draftsmanlike manner, and the names of the public library districts, praying for the reorganization of the territory therein described.

The petition shall be signed by the chairperson of the library boards upon majority approval of the respective boards involved in the boundary adjustment.

The petition shall be forwarded to the clerk of the board(s) of county commissioners in all counties affected, who shall verify the signatures, and shall file the petition. Thereupon, the boards of county commissioners in all counties affected shall proceed with the hearing and resolution as outlined in section 33-2711, Idaho Code. Upon the completion of the hearing, the board of county commissioners shall issue an order granting the petition.

33-2713. Dissolution of library district. A library district may be dissolved according to procedures followed in its original organization, but not earlier than four (4) years after the date of its establishment. The ballot shall contain the words "Shall (Name) Public Library District be dissolved--Yes" and "Shall (Name) Public Library District be dissolved--No," each followed by a box wherein a voter may express his choice by marking a cross "X". If the library district embraces territory in more than one (1) county, an election for its dissolution shall be deemed approved only if a majority of the votes cast in each such county were cast in the affirmative. If, upon the canvass of ballots, it is determined that the proposition has been approved, the board of county commissioners of the home county shall enter its order to that effect and transmit a copy of said order to the board of county commissioners in any other county affected, and said order shall by them be made a matter of record. When any library district is dissolved, all property and assets of the library district shall be disposed of by the board of county commissioners of the home county. Receipts from the sale of assets and all unpaid taxes, when collected, shall be first used to retire any indebtedness of the district. Any remainder shall be apportioned to the counties

70
embraced in the library district in proportion to the assessed valuation of each which was
included in the library district, and placed in the respective county general expense fund. If, after
the application of the tax monies and sale proceeds, indebtedness remains, the board of county
commissioners of the home county shall provide for the payment of the remaining indebtedness
from special levies certified to each county in proportion to the assessed valuation of each which
was included in the district. The tax shall be collected by each county and remitted to the home
county for payment of the remaining indebtedness.

33-2714. Library districts -- Public corporations. Each library district shall be a public
corporation, may sue and be sued in its corporate name and may contract and be contracted with.

33-2715. Board of trustees -- Selection -- Number -- Qualifications -- Term -- Oath --
Appointment of first board. Each library district shall be governed by a board of trustees of five
(5) members elected or appointed as provided by law, who at the time of their selection and
during their terms of office shall be qualified electors of the district and if trustee zones have
been established under section 33-2718, Idaho Code, shall be a resident of the trustee zone. One
(1) trustee shall be elected at each annual trustee election, held on the uniform election date in
May. The regular term of a trustee shall be for five (5) years, or until his successor has been
elected and qualified. Within ten (10) days after his appointment an appointed trustee shall
qualify and assume the duties of his office. An elected trustee shall qualify and assume the duties
of his office at the annual meeting. All trustees qualify by taking the oath of office required of
state officers, to be administered by one (1) of the present trustees or by a trustee retiring.

Following the initial establishment of a library district, the board of county
commissioners of the home county within five (5) days shall appoint the members of the first
board of trustees, who shall serve until the next annual election of trustees or until their
successors are elected and qualified. The initial election of trustees shall be for terms of one (1),
two (2), three (3), four (4) and five (5) years respectively. Addition of new territory to an
existing library district shall not be considered an initial establishment. The first board of trustees
shall be sworn by a member of the board of county commissioners of the home county of the
district.

At its first meeting, and after each trustee election, the board shall organize and elect
from its membership a chairman and other officers necessary to conduct the affairs of the
district.

Members of the board shall serve without salary but shall receive their actual and
necessary expenses while engaged in business of the district.

33-2716. Board of trustees -- Nomination and election -- Recall -- Vacancies. (1) The
procedure for nomination and election of trustees of a library district shall be as provided for in
chapter 14, title 34, Idaho Code, and in the general election laws of Idaho. If any two (2) or more
candidates for the same trustee position have an equal number of votes, the board of trustees
shall determine the winner by a toss of a coin.

(2) Notwithstanding the limitations of chapter 17, title 34, Idaho Code, each library
district trustee shall be subject to recall following procedures as closely as possible to the
procedures described for the recall of county commissioners pursuant to chapter 17, title 34,
Idaho Code.
Individuals signing a petition to recall a library trustee or voting in an election to recall a library trustee shall meet the requirements of section 33-2702, Idaho Code.

If, pursuant to section 33-2717, Idaho Code, no election was held for the trustee being recalled:

(a) The number of district electors required to sign the petition seeking a recall election must be not less than fifty (50), or twenty percent (20%) of the number of votes cast in the last trustee election held in the library district, whichever is the greater.

(b) To recall any trustee, a majority of the votes cast at the recall election must be in favor of the recall, and additionally, the number of votes cast in the recall election must equal or exceed the number of votes cast in the last trustee election held in the library district.

(3) A vacancy shall be declared by the board of trustees when any nominee has been elected but has failed to qualify for office, or within thirty (30) days of when any trustees shall (a) die; (b) resign from office; (c) no longer reside in his respective trustee zone of residence; (d) no longer be a resident or qualified elector of the public library district; (e) refuse to serve as trustee; (f) without excuse acceptable to the board of trustees, fail to attend two (2) consecutive regular meetings of the board; or (g) be recalled and discharged from office as provided in this chapter.

A declaration of vacancy shall be made at any regular or special meeting of the board of trustees, at which any of the above-mentioned conditions is determined to exist.

The board of trustees shall appoint to fill the vacancy, a person qualified to serve as trustee of the public library district, provided there remains in membership on the board of trustees a majority of the membership thereof, and the board shall notify the board of library commissioners of the appointment. This appointment shall be made within sixty (60) days of the declaration of vacancy. In the event that the board of trustees fails to exercise their authority, appointments shall be made by the board of county commissioners of the home county in which the district is located within thirty (30) days after the expiration of the sixty (60) days allowed for trustees for this action.

Any person appointed as provided in this chapter shall serve until the next annual election of public library district trustees following the appointment. At the annual election a trustee shall be elected to complete the unexpired term of the office which was declared vacant filled by appointment.

The elected trustee shall assume office at the first annual meeting of the public library district following the election.

33-2717. Board of trustees -- One nomination -- No election. In any election for the office of trustee it is not necessary to conduct an election if:

(1) After the expiration of the date for filing written nominations only one (1) candidate has been nominated for each position to be filled; and, there has been no declaration of intent to be a write-in candidate filed as provided in section 33-2717A, Idaho Code; or

(2) If no candidate has filed a written nomination and only one (1) candidate for each position to be filled has filed a declaration of intent to be a write-in candidate as provided in section 33-2717A, Idaho Code. If either of these conditions are present, the board of trustees shall no later than seven (7) days before the scheduled date of the election declare the candidate elected as trustee, and the clerk of the library board shall immediately make and deliver to this person a certificate of election. The clerk of the library board shall also notify the clerk of the
county commissioners of the home county and the commission for libraries. The procedure set forth in this section shall not apply to any other library district election.

33-2717A. Declaration of intent for write-in candidate. No write-in vote for library district trustee in a library district election shall be counted unless a declaration of intent has been filed indicating that the person desires the office and is legally qualified to assume the duties of library trustee if elected. The declaration of intent shall be filed with the clerk of the library board not later than twenty-five (25) days before the day of election.

33-2717B. Withdrawal of candidacy. Any person who filed a declaration of candidacy in accordance with the provisions of this chapter may withdraw from the election by filing a notarized statement of withdrawal with the clerk of the library board. The statement shall contain sufficient information necessary to identify the person and the office sought. A person may withdraw at any time prior to the day of election.

33-2717C. Procedure for correction of ballots. When any person withdraws his name from the election by filing a withdrawal of candidacy as provided in section 33-2717B, Idaho Code, the clerk of the library board shall cross the name of the person off the ballot and no votes cast shall be counted for that person. The clerk of the library board shall also inform the election board at each polling place that the person has withdrawn his candidacy from the election.

33-2718. Creation of trustee zones. Each library district may be divided into five (5) trustee zones with each zone having approximately the same population. To the maximum extent possible, boundaries of trustee zones shall follow the existing boundaries of the electoral precincts of the county. They shall be revised, as necessary, to equalize population and to follow new electoral precinct boundaries following the publication of the report of each decennial census. In order for a library district to be divided into trustee zones, the board of trustees shall pass a motion declaring the district to be divided into trustee zones and providing a legal description of each trustee zone. The board of trustees shall transmit the motion along with the legal description of the trustee zones to the board or boards of county commissioners in the county or counties where the library district is contained and to the board of library commissioners. The board or boards of county commissioners shall have forty-five (45) days from the receipt of the motion and legal description to reject, by adoption of a motion, the establishment of trustee zones proposed by formal motion of the board of trustees of the library district. If the board or boards of county commissioners do not reject the establishment of the trustee zones within the time limit specified, they shall be deemed to be in full force and effect. If a library district is contained in more than one (1) county, a motion of rejection adopted by one (1) board of county commissioners shall be sufficient to keep the trustee zone plan from going into effect. A board of county commissioners shall notify the library board of trustees in writing if a proposal is rejected.

If a proposal for the establishment of trustee zones is rejected by a board of county commissioners, the boundaries of the trustee zones, if any, shall return to the dimensions they were before the rejection. Trustee zones may be redefined and changed, but not more than once every two (2) years after a new set of trustee zones are formally established and in full force and effect.
At the next regular meeting of the board of trustees of the library district following the creation of trustee zones, the public library district board shall appoint from its membership or from other qualified electors resident in each trustee zone, a person from that zone to serve as a trustee until the next regularly scheduled trustee election from that zone. The initial election of trustees for the trustee zones shall be for terms of one (1), two (2), three (3), four (4) and five (5) years respectively, with each zone being assigned an initial term length by a random drawing of the numbers one (1) through five (5). Thereafter, a trustee from each zone shall be elected once every five (5) years on a rotating basis with one (1) zone voting each year. Only residents of the zone electing a trustee may vote. The elector must be a resident of the same trustee zone as the candidate or candidates for library district trustee for whom the elector offers to vote for at least thirty (30) days preceding the election in which the elector desires to vote.

33-2719. Board of trustees -- Meetings. The annual meeting of a library district board shall be on the date of its first regular meeting following each trustee election. The purposes of the annual meeting are to administer the oath of office to the newly elected or re-elected trustee or trustees, to elect the officers of the board, to establish a regular meeting date, and to review, amend, repeal or adopt bylaws, policies and procedures. The regular meetings of the board of trustees of an administrative only district shall be held at least once in each quarter. All other library district boards shall meet at least once every two (2) months at a uniform day of the month as the board of trustees shall determine at its annual meeting. Special or adjourned meetings may be held from time to time as the board may determine, but written notice thereof shall be given to the members at least two (2) days prior to the day of the meeting. A quorum shall consist of three (3) members, but a smaller number may adjourn. All meetings shall be held under the provisions of section 67-2340 through 67-2347, Idaho Code. It is the duty of each trustee to attend all meetings of the board of trustees.

33-2721. Library director -- Director team -- Employees. (1) Except for an administrative only district, the board of trustees of each library district shall appoint a library director or director team who shall administer the library district. The director or one (1) member of the director team assigned by the board shall serve as the secretary for the board without voting rights. The library director or director team shall advise the board, implement policy set by the board, and shall acquire library materials, equipment and supplies. The director or director team shall attend all executive sessions of the board of trustees, except those called to consider the evaluation, dismissal, or disciplining, or to hear complaints or charges against the library director or director team member. No library director or director team member shall be an employee or board member of a library or other agency with which the district has a contract to provide library services.

(2) The board shall fix and pay employee salaries and compensation, classify employees, adopt personnel policies, and discipline or discharge any library director or director team member for cause. The library director or director team shall hire or oversee the hiring of all other employees based on the policies, procedures, and job descriptions created by the library board, and shall discipline and discharge any employee for cause, as necessary, according to the written policies of the board.

33-2722. Treasurer -- Clerk. The board of trustees of each library district shall appoint some qualified person, who may or may not be a member of the board of trustees, to act as treasurer of the library district. This person shall, on taking office, give bond to the library district, with sureties approved by the board of trustees, in the amount of at least five thousand dollars ($5,000), which bond shall be paid for by the district, and shall be conditioned upon faithful performance of the duties of his office and his accounting for all moneys of the library district received by him or under his control. 33-2724. Taxes for the support of library district -- Tax Anticipation loans -- Carry over authority -- Capital assets replacement and repair fund. (1) Any tax levied for library district purposes shall be a lien upon the property against which the tax is levied. The board of trustees shall determine and levy a tax upon each dollar of assessed valuation of property within the district for the ensuing fiscal year as shall be required to satisfy all maturing bond, bond interest, and judgment obligations. For the maintenance and operation of the library district, the board of trustees may also levy upon the taxable property within the district a tax not to exceed six hundredths percent (.06%) of market value for assessment purposes. These levies shall be certified to the board of county commissioners of each county in which the district may lie, not later than the second Monday in September of each year.

(2) In the first year after establishment, the board of a district may, for the purpose of organization and to finance general preliminary expenses of the district and before making a tax levy, incur an indebtedness not exceeding in the aggregate a sum equal to six hundredths percent (.06%) on each one dollar ($1.00) of market value for assessment purposes of all taxable property within the district. To repay the organization indebtedness incurred, the board shall have authority to levy and collect an additional tax not to exceed two hundredths percent (.02%) per annum on each one dollar ($1.00) of market value for assessment purposes of all taxable property within the district. This additional levy shall not be used for any purpose other than repayment of the organizational indebtedness and interest thereon. This additional levy may be imposed for three (3) years.

(3) Library districts may accumulate fund balances at the end of a fiscal year and carry over these fund balances into the ensuing fiscal year, sufficient to achieve or maintain library district operations on a cash basis. A fund balance is the excess of the assets of a fund over its liabilities and reserves.

(4) The board of trustees of a library district may establish a capital assets replacement and repair fund within the library district budget for which district moneys may be budgeted and carried over from year to year. Disbursements from the fund may be made as the board may determine to maintain, repair, or replace the capital assets of the district to remodel or repair any existing library building; to furnish and equip any existing library building; and to purchase or replace major appliances and vehicles necessary to maintain and operate the services of the district. Moneys from the capital assets replacement and repair fund may not be used for the purchase of land or to build new library facilities or to build additions to current library facilities. Moneys in the fund may be invested in the manner provided in section 57-127, Idaho Code. In any year in which there is a capital assets replacement and repair fund in a library district, the amount held in the fund shall be reported in the library district's budget hearing announcement, along with a list of capital items which may eventually be replaced or repaired with moneys from
the fund. The fund shall be included in the annual report filed with the board of library commissioners and in the audit required in section 33-2726, Idaho Code.

The board of trustees of each library district shall prepare for the ensuing fiscal year a budget and prior to its adoption shall have called and caused to be held a public hearing thereon at a regular or special meeting. Notice of the time and place of the hearing shall be published at least once in a newspaper printed, or having general circulation within the district or in the county or counties in which the library district may lie. The board of trustees of each library district shall also prepare and publish, as a part of this notice, a summary statement of the budget for the ensuing year prepared in a manner consistent with standard accounting practices and indicating amounts previously budgeted for the then current year for purposes of comparison.

During the year the board of trustees may proceed to adjust the budget as adopted to reflect the receipt of unanticipated revenue, grants, or donations from federal, state or local government or private sources, provided that there shall be no increase in the property tax portion of the annual certified budget. Prior to the adoption of the budget adjustment, the library board shall have called and cause to be held a public hearing thereon at a regular or special meeting. Notice of the time and place of the hearing shall be published at least once in a newspaper printed or having general circulation within the district or in the county or counties in which the library district may lie. The board of trustees of each library district shall also prepare and publish, as a part of this notice, a summary of the budget and the adjustments prepared in a manner consistent with standard accounting practices and indicating amounts previously budgeted for the then current year for purposes of comparison.

33-2726. Fiscal year -- Annual reports -- Audit. The fiscal year of each library district shall commence on the first day of October of each year. The board of trustees of each library district shall annually, not later than the first day of January, file with the board of library commissioners a report of the operations of the district for the fiscal year just ended. The report shall be on the form and contain the information that the board of library commissioners requires, but in all cases must include a complete accounting of all financial transactions for the fiscal year being reported.

The board of trustees of each library district shall cause to be made a full and complete audit of the books and accounts of the district as required in section 67-450B, Idaho Code.

The library district may issue bonds in an amount not to exceed four-tenths percent (.4%) of the market value for assessment purposes of property within the district, less any aggregate outstanding indebtedness.

The board of trustees of any library district, upon approval of a majority thereof, may call a bond election on the question as to whether the board shall be empowered to issue bonds of the district in an amount and for a period of time to be stated in the notice of election. The notice of bond elections, the qualification of bond electors, the conduct of the election, and the canvass of election and determination of the result of election shall be in accordance with chapter 14, title 34, Idaho Code, and with the general election laws of the state of Idaho. The majority required to pass a bond issue shall be two-thirds (2/3) of those voting in the election. The issuance of bonds, the expenditure of bond proceeds and the repayment of the bonds shall all be as specified in school district law.

(2) District library bond funds may not be used to purchase or expand a building for a contracting agency providing library services unless the district library gains an ownership share in the building proportional to the percentage of district bond funds used to purchase or expand the building.

33-2729. Plant facilities reserve fund and levy. The library district board of trustees is authorized to create a plant facilities reserve fund as set forth in sections 33-804 and 33-901, Idaho Code.

33-2737. School-community library districts. (a) The board of trustees of any school district in which is situated no incorporated city having a population in excess of one thousand (1,000), and in which no public library is maintained under any other provision of law, shall, upon petition of twenty (20) or more school district electors, submit to the school district electors of the district the question whether there shall be a public library established by the district for the benefit of the citizens thereof.

(b) The election on the question shall be held at the same time as the election of school district trustees, next following the filing of the petition, and notice shall be given, the election conducted, and the returns canvassed, as provided in chapter 4, title 33, Idaho Code.
(c) If a majority of the school district electors voting in the election vote in favor of the question a school-community library district shall be established.

The procedure for nomination and election of trustees shall be as provided for the nomination and election of trustees of a library district pursuant to this chapter. Each school-community public library district may be divided into four (4) trustee zones with each zone having approximately the same population. In order for a school-community public library district to be divided into trustee zones, the board of trustees shall pass a motion declaring the district to be divided into trustee zones and present a description of boundaries of each trustee zone. The board of trustees shall transmit the motion along with the boundaries of the trustee zones to the board or boards of county commissioners in the county or counties where the school-community public library district is contained. The board or boards of county commissioners shall have forty-five (45) days from the receipt of the motion and description to reject, by adoption of a motion, the establishment of trustee zones proposed by formal motion of the board of trustees of the school-community public library district. If the board or boards of county commissioners do not reject the establishment of the trustee zones within the time limit specified, the zones shall be deemed to be in full force and effect upon the next annual trustee election. If a school-community public library district is contained in more than one (1) county, a motion of rejection adopted by one (1) board of county commissioners shall be sufficient to keep the trustee zone plan from going into effect. A board of county commissioners shall notify the board of trustees in writing if a proposal is rejected.

If a proposal for the establishment of trustee zones is rejected by a board of county commissioners, the boundaries of the trustee zones, if any, shall return to the dimensions they were before the rejection. Trustee zones may be redefined and changed, but not more than once every two (2) years, after a new set of trustee zones are formally established and in full force and effect.

All other matters relating to school-community library public district trustee zones shall be as provided in chapters 4 and 5, title 33, Idaho Code, relating to school district trustee zones.

(2) The fifth trustee of the school-community library district board shall be a member of the school district board and shall be appointed by the school district board from its members at the annual meeting of the school district board. In the case of division of the district into four (4) elected school-community public library trustee zones, this fifth trustee shall serve as a trustee member-at-large.

(3) The initial board, except for the fifth trustee who shall be appointed by the school board, shall be appointed by the board of county commissioners, and shall serve until the next annual election of trustees or until their successors are appointed and qualified.

The school-community library district board shall have exclusive control of the school-community library district fund and shall cause to be made a full and complete audit of the books and accounts of the district as provided for in section 33-2726, Idaho Code.

(2) To bring the fiscal year of school-community library districts into conformity with the fiscal year of library districts, fiscal year 1994 for school-community library districts shall be defined as beginning on July 1, 1993 and ending on September 30, 1994. To fund school-community library district operations from July 1, 1993 through September 30, 1994:
   (a) The four (4) existing school-community library districts are authorized to budget for the fifteen (15) month period;

   (d) The relevant counties are authorized to collect ad valorem taxes for the fifteen (15) month period for the relevant existing school-community library districts within each county's boundaries;
   (e) For the fifteen (15) month period only, the maximum allowable levy for school-community library districts shall be seven and one-half hundredths percent (.075%) of market value for assessment purposes.

This subsection (2) shall be void and of no further force and effect on and after September 30, 1994.

(3) On and after fiscal year 1995, school-community library districts shall have a fiscal year of October 1 through September 30.

33-2740. School-community library districts -- Consolidation -- Reorganization into library districts. School-community library districts may join existing library districts according to the procedures set forth in section 33-2711, Idaho Code.

School-community library districts may reorganize into a library district as follows. The board of trustees of the school-community library district shall present a resolution calling for reorganization to the board of county commissioners who shall follow the procedures in subsections (2) through (5) of section 33-2704, Idaho Code, except that no precedent petition shall be necessary. After the required hearing, the board of county commissioners shall appoint the first board of library district trustees and thereafter trustees shall be elected as provided in section 33-2715, Idaho Code. The school-community library district's dollar amount of the budget from ad valorem taxes shall be transferred without interruption to the new library district and shall be the base of the ad valorem portion of the new district's budget.

The dispersement of the assets and liabilities of the school-community library district shall be the responsibility of the school-community library district board of trustees should the library consolidate with a library district, organize into a library district, or dissolve.

33-5001. Definitions. In this chapter:

(1) "Institutional endowment fund" means an institutional fund, or any part thereof, not wholly expendable by the institution on a current basis under the terms of the applicable gift instrument, but shall not include permanent endowment funds managed pursuant to chapter 7, title 57, Idaho Code.

(2) "Gift instrument" means a will, deed, grant, conveyance, agreement, memorandum, writing, or other governing document (including the terms of any institutional solicitations from which an institutional fund resulted) under which property is transferred to or held by an institution as an institutional fund.

(3) "Governing board" means the body responsible for the management of an institution or of an institutional fund.

(4) "Historic dollar value" means the aggregate fair value in dollars of: (a) an institutional endowment fund at the time it became an institutional endowment fund, (b) each subsequent donation to the fund at the time it is made, and (c) each accumulation made pursuant to a direction in the applicable gift instrument at the time the accumulation is added to the fund. The determination of historic dollar value made in good faith by the institution is conclusive.

(5) "Institution" means an incorporated or unincorporated organization organized and operated exclusively for educational, religious, charitable, or other eleemosynary purposes, or a governmental organization to the extent that it holds funds exclusively for any of these purposes.

(6) "Institutional fund" means a fund held by an institution for its exclusive use, benefit, or purposes, but does not include: (a) a fund held for an institution by a trustee that is not an institution, or (b) a fund in which a beneficiary that is not an institution has an interest, other than possible rights that could arise upon violation or failure of the purposes of the fund.

33-5002. Appropriation of appreciation. The governing board may appropriate for expenditure for the uses and purposes for which an institutional endowment fund is established so much of the net appreciation, realized and unrealized, in the fair value of the assets of an institutional endowment fund over the historic dollar value of the fund as is prudent under the standard established by section 33-5006, Idaho Code. This section does not limit the authority of the governing board to expend funds as permitted under other law, the terms of the applicable gift instrument, or the charter of the institution.

33-5003. Rule of construction. Section 33-5002, Idaho Code, does not apply if the applicable gift instrument indicates the donor's intention that net appreciation shall not be expended. A restriction upon the expenditure of net appreciation may not be implied from a designation of a gift as an endowment, or from a direction or authorization in the applicable gift instrument to use only "income," "interest," "dividends," or "rents, issues or profits," or "to preserve the principal intact," or a direction which contains other words of similar import. This rule of construction applies to gift instruments executed or in effect before or after the effective date of this chapter.

33-5004. Investment authority. In addition to an investment otherwise authorized by law or by the applicable gift instrument, and without restriction to investments a fiduciary may make,
the governing board, subject to any specific limitations set forth in the applicable gift instrument or in the applicable law other than law relating to investments by a fiduciary, may:

(1) Invest and reinvest an institutional fund in any real or personal property deemed advisable by the governing board, whether or not it produces a current return, including mortgages, stocks, bonds, debentures, and other securities of profit or nonprofit corporations, shares in or obligations of associations, partnerships, or individuals, and obligations of any government or subdivision or instrumentality thereof;

(2) Retain property contributed by a donor to an institutional fund for as long as the governing board deems advisable;

(3) Include all or any part of an institutional fund in any pooled or common fund maintained by the institution; and

(4) Invest all or any part of an institutional fund in any other pooled or common fund available for investment, including shares or interests in regulated investment companies, mutual funds, common trust funds, investment partnerships, real estate investment trusts, or similar organizations in which funds are commingled and investment determinations are made by persons other than the governing board.

33-5005. Delegation of investment management. Except as otherwise provided by the applicable gift instrument or by applicable law relating to governmental institutions or funds, the governing board may: (1) delegate to its committees, officers or employees of the institution or the fund, or agents, including investment counsel, the authority to act in place of the board in investment and reinvestment of institutional funds; (2) contract with independent investment advisors, investment counsel or managers, banks, or trust companies, so to act; and (3) authorize the payment of compensation for investment advisory or management services.

33-5006. Standard of conduct. In the administration of the powers to appropriate appreciation, to make and retain investments, and to delegate investment management of institutional funds, members of a governing board shall exercise ordinary business care and prudence under the facts and circumstances prevailing at the time of the action or decision. In so doing they shall consider long and short-term needs of the institution in carrying out its educational, religious, charitable, or other eleemosynary purposes, its present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

33-5007. Release of restrictions on use or investment. (1) With the written consent of the donor, the governing board may release, in whole or in part, a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund.

(2) If written consent of the donor cannot be obtained by reason of his death, disability, unavailability, or impossibility of identification, the governing board may apply in the name of the institution to the district court for release of a restriction imposed by the applicable gift instrument on the use or investment of an institutional fund. The attorney general shall be notified of the application and shall be given an opportunity to be heard. If the court finds that the restriction is obsolete, inappropriate, or impracticable, it may by order release the restriction in whole or in part. A release under this subsection may not change an institutional endowment fund to a fund that is not an institutional endowment fund.
(3) A release under this section may not allow a fund to be used for purposes other than the educational, religious, charitable, or other eleemosynary purposes of the institution affected.

(4) This section does not limit the application of the doctrine of cy-pres.

33-5008. Short title. This chapter may be cited as the "Uniform Management of Institutional Funds Act."
34-106. Limitation upon elections. On and after January 1, 1994, notwithstanding any other provisions of the law to the contrary, there shall be no more than four (4) elections conducted in any county in any calendar year, except as provided in this section, and except that elections to fill vacancies in the United States house of representatives shall be held as provided in the governor's proclamation.

1. The dates on which elections may be conducted are:
   a. the first Tuesday in February of each year; and
   b. the fourth Tuesday in May of each year; and

   d. the Tuesday following the first Monday in November of each year.

2. In addition to the elections specified in paragraphs (a) through (d) of this subsection, an emergency election may be called upon motion of the governing board of a political subdivision. An emergency exists when there is a great public calamity, [such] as an extraordinary fire, flood, storm, epidemic, or other disaster, or if it is necessary to do emergency work to prepare for a national or local defense, or it is necessary to do emergency work to safeguard life, health or property. Such a special election, if conducted by the county clerk, shall be conducted at the expense of the political subdivision submitting the question.

3. Candidates for office elected in February, May or August shall take office on the date specified in the certificate of election but not more than sixty (60) days following the election.

4. Candidates for office elected in November shall take office as provided in the constitution, or on January 1, next succeeding the November election.

5. The governing board of each political subdivision subject to the provisions of this section, which, prior to January 1, 1994, conducted an election for members of that governing board on a date other than a date permitted in subsection (1) of this section, shall establish as the election date for that political subdivision the date authorized in subsection (1) of this section which falls nearest the date on which elections were previously conducted, unless another date is established by law.

6. The secretary of state is authorized to provide such assistance as necessary, and to prescribe any needed rules, regulations or interpretations for the conduct of election authorized under the provisions of this section.

7. School districts governed by title 33, Idaho Code, and water districts governed by chapter 6, title 42, Idaho Code, are exempt from the provisions of this section.

8. Initiative, referendum and recall elections conducted by any political subdivision shall be held on the nearest date authorized in subsection (1) of this section which falls more than forty-five (45) days after the clerk of the political subdivision orders that such initiative, referendum or recall election shall be held.

34-107. "Residence" defined. (1) "Residence," for voting purposes, shall be the principal or primary home or place of abode of a person. Principal or primary home or place of abode is that home or place in which his habitation is fixed and to which a person, whenever he is absent, has the present intention of returning after a departure or absence therefrom, regardless of the duration of absence.
(2) In determining what is a principal or primary place of abode of a person the following circumstances relating to such person may be taken into account: business pursuits, employment, income sources, residence for income or other tax pursuits, residence of parents, spouse, and children, if any, leaseholds, situs of personal and real property, situs of residence for which the exemption in section 63-602G, Idaho Code, is filed, and motor vehicle registration.

(3) A qualified elector who has left his home and gone into another state or territory or county of this state for a temporary purpose only shall not be considered to have lost his residence.

(4) A qualified elector shall not be considered to have gained a residence in any county or city of this state into which he comes for temporary purposes only, without the intention of making it his home but with the intention of leaving it when he has accomplished the purpose that brought him there.

(5) If a qualified elector moves to another state, or to any of the other territories, with the intention of making it his permanent home, he shall be considered to have lost his residence in this state.
34-302. Designation of precinct polling places. The board shall, not less than thirty (30) days before any election, designate a suitable polling place for each election precinct. Insofar as possible, the board shall designate the same polling place for the general election which it designated for the primary election. The physical arrangements of the polling place shall be sufficient to guarantee all voters the right to cast a secret ballot. All polling places designated as provided herein, shall conform to the accessibility standards adopted by the secretary of state pursuant to the "Voting Accessibility for the Elderly and Handicapped Act," P.L. 98-435. The expense of providing such polling places shall be a public charge and paid out of the county treasury.
34-702A. Declaration of intent for write-in candidates. No write-in vote for any office in a primary, special, or general election shall be counted unless a declaration of intent has been filed indicating that the person desires the office and is legally qualified to assume the duties of said office if elected. The declaration of intent shall be filed with the secretary of state if for a federal, state, or legislative district office and with the county clerk if for a county office. Such declaration of intent shall be filed not later than fourteen (14) days before the day of election. The secretary of state shall prescribe the form for said declaration.

In those counties which utilize optical scan ballots an elector shall not place on the ballot a sticker bearing the name of a person, or use any other method or device, except writing, to vote for a person whose name is not printed on the ballot.

34-704. Declaration of candidacy. Any person legally qualified to hold such office is entitled to become a candidate and file his declaration of candidacy. Each political party candidate for precinct, state, district or county office shall file his declaration of candidacy in the proper office between 8 a.m., on the twelfth Monday preceding the primary election and 5 p.m., on the tenth Friday preceding the primary election. All political party candidates shall declare their party affiliation in their declaration of candidacy, except candidates for nonpartisan office.

Candidates who file a declaration of candidacy under a party name and are not nominated at the primary election shall not be allowed to appear on the general election ballot under any other political party name, nor as an independent candidate.

Independent candidates shall file their declaration of candidacy in the manner provided in section 34-708, Idaho Code.

34-717. Withdrawal of candidacy. A candidate for nomination or candidate for election to an office may withdraw from the election by filing a notarized statement of withdrawal with the officer with whom his declaration of candidacy was filed. The statement must contain all information necessary to identify the candidate and the office sought and the reason for withdrawal. The filing officer shall immediately notify the proper central committee of the party, if any, of the individual withdrawing. A candidate may not withdraw later than forty-five (45) days before an election, except in the case of a general election when the deadline shall be no later than September 7. Filing fees paid by the candidate shall not be refunded.

Any candidate who has filed a statement of withdrawal pursuant to this section shall not be allowed to be appointed to fill a vacancy unless such vacancy occurs because of the death of a previous candidate.
34-1401. Election administration. Notwithstanding any provision to the contrary, the election official of each political subdivision shall administer all elections on behalf of any political subdivision, subject to the provisions of this chapter, including all special district elections and elections of special questions submitted to the electors as provided in this chapter. School districts governed by title 33, Idaho Code, and water districts governed by chapter 6, title 42, Idaho Code, irrigation districts governed by title 43, Idaho Code, ground water districts governed by chapter 52, title 42, Idaho Code, and municipal elections governed by the provisions of chapter 4, title 50, Idaho Code, are exempt from the provisions of this chapter. All municipal elections shall be conducted pursuant to the provisions of chapter 4, title 50, Idaho Code, except that they shall be governed by the elections dates authorized in section 34-106, Idaho Code, the registration procedures prescribed in section 34-1402, Idaho Code, and the time the polls are open pursuant to section 34-1409, Idaho Code. For the purposes of achieving uniformity, the secretary of state shall, from time to time, provide directives and instructions to the various county clerks and political subdivision election officials. Unless a specific exception is provided in this chapter, the provisions of this chapter shall govern in all questions regarding the conduct of elections on behalf of all political subdivisions. In all matters not specifically covered by this chapter, other provisions of title 34, Idaho Code, governing elections shall prevail over any special provision which conflicts therewith.

A political subdivision may contract with the county clerk to conduct all or part of the elections for that political subdivision. In the event of such a contract, the county clerk shall perform all necessary duties of the election official of a political subdivision including, but not limited to, notice of the filing deadline, notice of the election, and preparation of the election calendar.

34-1402. Registration. All electors must register with the county clerk before being able to vote in any primary, general, special or any other election conducted in this state. The county clerk shall determine, for each registered elector, the elections for which he is eligible to vote by a determination of the applicable code areas. The determination of tax code area shall be made for all political subdivisions including those otherwise exempt from the provisions of this chapter.

The county clerk shall conform to the provisions of chapter 4, title 34, Idaho Code, in the administration of registration for all political subdivisions within the county. The county clerk shall appoint each city clerk for any city within the county and each election official designated by a political subdivision, as an at-large registrar as provided in section 34-406, Idaho Code, except that no compensation shall be paid by the county clerk for electors registered by these special registrars.

34-1403. Conduct of elections. All elections conducted in this state on behalf of each political subdivision within the county shall be conducted in a uniform manner with regard to the qualifications of electors and shall be conducted on the dates as provided by law. In the event that a statute governing a political subdivision provides for qualifications more restrictive than the qualifications for an elector in section 34-402, Idaho Code, the election official of the district
shall provide an elector's oath to be executed at the time of the election certifying to the elector's qualifications for the specific election.

34-1404. Declaration of candidacy. Candidates for election in any political subdivision shall be nominated by nominating petitions, each of which shall bear the name of the nominee, the office for which the nomination is made, the term for which nomination is made, bear the signature of not less than five (5) electors of the candidate's specific zone or district of the political subdivision, and be filed with the election official of the political subdivision. The form of the nominating petition shall be as provided by the county clerk and shall be uniform for all political subdivisions. For an election to be held on the fourth Tuesday in May, in even-numbered years, the nomination petition shall be filed during the period specified in section 34-704, Idaho Code. The election official shall verify the qualifications of the nominees and shall, no more than seven (7) days after the close of filing, certify the nominees and any special questions placed by action of the governing board of the political subdivision. For an election to be held on the first Tuesday after the first Monday of November, in even-numbered years, the nomination petition shall be filed not later than 5:00 p.m. on the sixth Friday preceding the election for which the nomination is made. The election official shall verify the qualifications of the nominee, and shall not more than seven (7) days following the filing certify the nominees and any special questions placed by action of the governing board of the political subdivisions, to be placed on the ballot of the political subdivision.

34-1405. Notice of election filing deadline. [(1)] Not more than fourteen (14) nor less than seven (7) days preceding the candidate filing deadline for an election, the election official of each political subdivision shall cause to be published a notice of the forthcoming candidate filing deadline. The notice shall include not less than the name of the political subdivision, the place where filing for each office takes place, and a notice of the availability of declarations of candidacy. The notice shall be published in the official newspaper of the political subdivision. [(2)] The secretary of state shall compile an election calendar annually which shall include not less than a listing of the political subdivisions which will be conducting candidate elections in the forthcoming year, the place where filing for each office takes place, and the procedure for a declaration of candidacy. Annually in December, the county clerk shall cause to be published the election calendar for the county for the following calendar year. It shall be the duty of the election official of each political subdivision to notify the county clerk, not later than the last day of November, of any election for that political subdivision to occur during the next calendar year. In the event of failure to so notify the county clerk, the election official of the political subdivision shall cause to be published notice of the omitted election as soon as he is aware of the omission. This publication shall be in addition to the publication required by paragraph (1) of this section. The election calendar for the county shall be published in at least two (2) newspapers published within the county, but if this is not possible, the calendar shall be published in one (1) newspaper which has general circulation within the county. Copies of the election calendar shall be available, without charge, from the office of the secretary of state or the county clerk.
34-1406. Notice of election. The election official of each political subdivision shall give notice for any election by publishing such notice in the official newspaper of the political subdivision. The notice shall state the date of the election, the polling places, and the hours during which the polls shall be open for the purpose of voting. The first publication shall be made not less than twelve (12) days prior to the election, and the last publication of notice shall be made not less than five (5) days prior to the election.

34-1407. Write-in candidates. No write-in candidate for any nonpartisan elective office shall be counted unless a declaration of intent has been filed indicating that the person desires the office and is legally qualified to assume the duties of the office. The declaration of intent shall be filed with the election official not less than twenty-five (25) days before the date of the election.

If the statutes governing elections within a specific political subdivision provide that no election shall be held in the event that no more than one (1) candidate has filed for an office, that statute shall be interpreted in such a manner as to allow for filing a declaration of intent for a write-in candidate until twenty-five (25) days preceding the election. However, if no candidate has filed within that time, no election shall be held for that political subdivision. The provisions of this section shall not apply to candidates in the primary or general election covered by the provisions of section 34-702A, Idaho Code.

34-1408. Absentee ballots. Any registered elector may vote at any election by absentee ballot as provided in chapter 10, title 34, Idaho Code. In the event of a written application to the county clerk for an absentee ballot, the application shall be deemed to be an application for all ballots to be voted in the election, and the county clerk shall notify the election official of each political subdivision conducting an election at that date, and the election official shall provide the ballot of the political subdivision to the elector.

34-1409. Conduct of election on election day. At all elections conducted by any political subdivision, the polls shall be opened at 8:00 a.m. and remain open until all registered electors of that precinct have appeared and voted or until 8:00 p.m. of the same day, whichever comes first. However, the election official may, at his option, open the polls in his jurisdiction at 7:00 a.m.

All political subdivisions conducting elections on the same date shall, whenever practicable, use the same polling places.

34-1410. Canvassing of election results. Each political subdivision shall conduct the canvass of the election results, in the manner provided in chapter 12, title 34, Idaho Code. Each political subdivision shall issue the appropriate certificates of election.

      (a) Knowingly makes any false return, certification or affidavit concerning any recall petition, or the signatures appended thereto.

34-1715. Refusal to accept petition -- Mandate -- Injunction. If the secretary of state, county clerk, or city clerk, refuses to accept and file any petition for the recall of a public officer
with the requisite number of eligible signatures, any citizen may apply within ten (10) business days after such refusal to the district court for a writ of mandamus to compel him to do so. If it shall be decided by the court that such petition is legally sufficient, the secretary of state, county clerk, or city clerk shall then accept and file the recall petition, with a certified copy of the judgment attached thereto, as of the date on which it was originally offered for filing in his office, except that the time limitations required by section 34-1704(2), Idaho Code, shall begin to run only as of the date of the court judgment, which shall be so stated in the judgment. On a showing that the petition is not legally sufficient, the court may enjoin the secretary of state, county clerk, or city clerk, and all other officers from certifying or printing any official ballot for a recall election. All such suits shall be advanced on the court docket and heard and decided by the court as quickly as possible. Either party may appeal to the court of appeals within ten (10) business days after a decision is rendered. The district court of the state of Idaho in and for Ada County shall have jurisdiction in all cases involving the recall of state officers.
34-2001A. Bond election and mill levy contests -- Time for filing -- Validation of elections and bonds. A. The provisions of this chapter with respect to the contest of elections shall be applicable to bond elections conducted by cities, counties, school districts and water and sewer districts, and to elections conducted by school districts for mill levy increases as authorized by sections 33-802, 33-803 and 33-804, Idaho Code. Any such contest shall be regarded as one contesting the outcome of the vote on the bond or mill levy proposition, rather than election to office, and the public entity calling the election rather than a person declared to have been elected to office, shall be regarded as the defendant.

B. When the validity of any bond or mill levy election is contested upon any of the grounds enumerated in section 34-2001, Idaho Code, or upon any other grounds whatsoever the plaintiff or plaintiffs must, within forty (40) days after the votes are canvassed and the results thereof declared, file in the proper court a verified written complaint setting forth, in addition to the other requirements of this chapter, the following:

(1) The name of the party contesting the bond or mill levy election, and that he is an elector of the public entity conducting the bond or mill levy election.

(2) The proposition or propositions voted on at the election which are contested.

(3) The particular grounds of such contest.

C. No such election contest shall be maintained and no bond or mill levy election shall be set aside or held invalid unless a complaint is filed as permitted hereunder within the period prescribed in this section. As to bond or mill levy elections which have been held prior to the effective date of this act, no such contest shall be maintained wherein it is alleged that the election should be set aside or held on any ground enumerated in section 34-2001, Idaho Code, or on any other ground, unless such election contest be filed as herein provided within forty (40) days from and after the effective date of this act.

D. All bond elections conducted by cities, counties, school districts and water and sewer districts prior to the effective date of this act, and all proceedings had in the authorization and issuance of the bonds authorized thereat, are hereby validated, ratified and confirmed and all such bonds are declared to constitute legally binding obligations in accordance with their terms. Nothing in this section shall be construed to affect or validate any bond election, or bonds issued pursuant thereto, the legality of which is being contested at the time this act takes effect, or any election the legality of which is contested within the forty (40) day period from and after the effective date of this act.
39-4109. Application of codes. The following codes are hereby adopted effective January 1, 2005, for the state of Idaho division of building safety and shall only be applied by local governments as prescribed by section 39-4116, Idaho Code:

(1) The 2003 International Building Code:
(a) Including appendices thereto pertaining to building accessibility;
(b) Excluding the incorporated electrical codes, mechanical code, fuel gas code, plumbing codes, fire codes or property maintenance codes other than specifically referenced subjects or sections of the International Fire Code;
(c) Including the incorporated International Residential Code, parts I, II, III, IV and IX; International Energy Conservation Code; and rules promulgated by the board to provide equivalency with the provisions of the Americans with disabilities act accessibility guidelines and the fair housing act accessibility guidelines shall be included; and
(d) Replacing section 903.2.7 of the 2003 International Building Code with sections 903.2.7, 903.2.8 and 903.2.9 of the 2000 International Building Code, which pertain to fire sprinklers in group R occupancies.

(2) The 2003 International Residential Code as published by the International Code Council, except for parts V, VI, VII and VIII as they pertain to mechanical, fuel gas, plumbing and electrical requirements;

(3) The 2003 International Energy Conservation Code as published by the International Code Council except that in chapter 7, the reference to the ASHRAE/IESNA 90.1 standard shall be the 2001 edition of such standard, including addendum G; and

39-4116. Local government adoption and enforcement of building codes. (1) Local governments enforcing building codes shall do so only in compliance with the provisions of this section. Local governments that have not previously instituted and implemented a code enforcement program prior to the effective date of this act may elect to implement a building code enforcement program by passing an ordinance evidencing the intent to do so. Local governments may contract with a public or private entity to administer their building code enforcement program.

(2) By January 1, 2005, local governments that issue building permits and perform building code enforcement activities shall, by ordinance, adopt the following codes as published by the International Code Council together with any amendments or revisions set forth in section 39-4109, Idaho Code:
(a) International Building Code, including all rules promulgated by the board to provide equivalency with the provisions of the Americans with disabilities act accessibility guidelines and the federal fair housing act accessibility guidelines;
(b) International Residential Code, parts I-IV and IX; and
(c) International Energy Conservation Code.
Local governments are not required by this chapter to adopt the other referenced codes in the International Building Code.
(3) Local governments may amend by ordinance the adopted codes or provisions of referenced codes to reflect local concerns, provided such amendments establish at least an equivalent level of protection to that of the adopted building code. A local jurisdiction shall not have the authority to amend any accessibility provision pursuant to section 39-4109, Idaho Code.

(4) Local governments shall exempt agricultural buildings from the requirements of the codes enumerated in this chapter and the rules promulgated by the board. A county may issue permits for farm buildings to assure compliance with road setbacks and utility easements, provided that the cost for such permits shall not exceed the actual cost to the county of issuing the permits.

(5) Permits shall be governed by the laws in effect at the time the permit application is received.

(6) The division shall retain jurisdiction for in-plant inspections and installation standards for manufactured or mobile homes and for in-plant inspections and enforcement of construction standards for modular buildings and commercial coaches.
39-5501. Legislative findings and intent. (1) Public health officials have concluded that secondhand tobacco smoke causes disease, including lung cancer and heart disease, in nonsmoking adults, as well as causes serious conditions in children such as asthma, respiratory infections, middle ear infections, and sudden infant death syndrome. In addition, public health officials have concluded that secondhand smoke can exacerbate adult asthma and allergies and cause eye, throat and nasal irritation. The conclusions of public health officials concerning secondhand tobacco smoke are sufficient to warrant measures that regulate smoking in public places in order to protect the public health and the health of employees who work at public places.

(2) The intent of this chapter is to protect the public health, comfort and environment, the health of employees who work at public places and the rights of nonsmokers to breathe clean air by prohibiting smoking in public places and at public meetings.

(i) The breakroom is not accessible to minors;
(ii) The breakroom is separated from other parts of the building by a floor to ceiling partition;
(iii) The breakroom is not the sole means of entrance or exit to the establishment or its restrooms and is located in an area where no employee is required to enter as part of the employee's work responsibilities. For purposes of this paragraph, the term "work responsibilities" does not include custodial or maintenance work performed in a breakroom when it is unoccupied; and
(iv) "Warning: Smoking Permitted" signs are prominently posted in the smoking breakroom and properly maintained by the employer. The letters on such signs shall be at least one (1) inch in height.

Any person who refuses to either extinguish all lighted tobacco products or leave the premises is guilty of an infraction and is subject to a fine not to exceed fifty dollars ($50.00). Any violation may be reported to a law enforcement officer.
39-5508. Rules and regulations. The director of the Idaho department of health and welfare shall adopt rules and regulations necessary, reasonable and consistent with the intent of this chapter to implement the provisions of this chapter. 39-5511. Local provisions. Nothing in this chapter shall be interpreted to prevent local, county or municipal governments from adopting ordinances or regulations more restrictive than the provisions contained herein.
39-7206. Evaluation and review responsibilities. (1) Pursuant to the signed voluntary remediation agreement, the department or a person under contract with the department shall do the following:
   (a) Review and evaluate the site and the affected area surrounding the site;
   (b) Review and evaluate the proposed voluntary remediation work plan for protection of public health and the environment based on rules promulgated by the board.
(2) At any time during the evaluation of a proposed voluntary remediation work plan, the department may request that a person submit additional or corrected information to the department. A person may:
   (a) Comply with the request; or
   (b) Withdraw the person's proposed voluntary remediation work plan from consideration and terminate the voluntary remediation agreement.
(3) Before the department approves a proposed voluntary remediation work plan under this section, the department must:
   (a) Notify local government units located in a county affected by the proposed voluntary remediation work plan of the work plan; and,
   (b) Provide that a copy of the proposed voluntary remediation work plan and a copy of the voluntary remediation agreement be placed in at least one (1) public library in a county affected by the work plan; and,
   (c) Notify by reasonable public notice potentially affected persons to request comments concerning the proposed voluntary remediation work plan; and,
   (d) Provide a comment period of at least thirty (30) days following publication of a notice under this section. During the comment period, interested potentially affected persons may do the following:
      (i) submit written comments to the department concerning the proposed voluntary remediation work plan,
      (ii) request a public hearing concerning the proposed voluntary remediation work plan.
(4) If the department receives a significant number of written requests from potentially affected persons, the department may hold a public hearing in the geographical area affected by the proposed voluntary remediation work plan on the question of whether to modify, approve or reject the work plan. All written comments and public testimony shall be considered by the department.
(5) The department shall:

(b) Incorporate the approved voluntary remediation work plan into the voluntary remediation agreement.
39-7411. Design review procedure. (1) Design of a MSWLF unit shall not be reviewed until site certification has been obtained. After obtaining site certification, an applicant shall produce design plans and specifications which comply with the design standards set forth in sections 39-7409 and 39-7410, Idaho Code. The responsibility for complying with said standards shall rest solely with the applicant of the site.

(2) An applicant may notify the director of its intent to initiate a MSWLF site design and meet with the director to discuss standards, schedule, design process to be used and particular concerns of the director.

(3) The applicant shall conduct aerial and cadastral surveys, relevant studies, and prepare a hydrogeologic report which will satisfy standards and other provisions in accordance with this chapter and applicable state regulations. Specific climatic data and verification of location restrictions shall be included.

(4) The applicant shall submit findings and a tentative design plan, including preliminary schematic design of environmental monitoring systems to the director as a result of the preliminary design investigation. The submittal initiates a twenty-eight (28) day period for department review and comment. Concurrent with the submittal to the director, the applicant shall publish notice in a newspaper of general circulation, as determined by the criteria in section 31-819, Idaho Code, in the county wherein the MSWLF would be located notifying the public that a preliminary design plan has been submitted to the director and is available for public review. The date of publication initiates a twenty-eight (28) day period for department review and public comment. Written public comments concerning the proposed design plan shall be compiled by the director. The compiled public comments received by the director and those generated by the director shall be transmitted to the owner, and the applicant if other than the owner, no more than thirty-five (35) days after the date of publication of the notice or seven (7) days after the end of the public comment period, whichever is later.

(5) When a response is received from the director, the applicant may submit the facility design, ground water monitoring program, and specifications, in a final design report which addresses standards established by this chapter, applicable federal regulations and other relevant provisions of state law. Said submittal shall include a site-specific analysis of hydrogeologic conditions, location restrictions and other factors relevant to long-term site integrity, and shall address comments from the public and the director related to objective standards in the final design report. Said submittal shall be prepared by a qualified professional in a manner consistent with sound professional practices. The submittal of this final design report initiates a fifty-six (56) day period for the director's review.

(6) Concurrent with submittal to the director, the applicant shall release the final design report, including all supporting reports, plans and documentation, to the extent practicable, for public comment by placing it for inspection at every public library within the county where the proposed MSWLF would be located. Copies of the submittal shall be made available for possession, at the cost of duplication, at a public location in the county seat of the county where the proposed MSWLF unit would be located. The applicant shall publish notice in a newspaper of general circulation, as determined by the criteria in section 31-819, Idaho Code, in the county wherein the MSWLF would be located notifying the public that a final design report has been
submitted to the director and is available for public review. Public comments shall be submitted, in writing, to the director within twenty-eight (28) days of the date of publication.

(7) No more than fifty-six (56) days after publication of notice of submittal, or twenty-eight (28) days after the close of an advertised public comment period, whichever is later, the director shall enter a decision either approving or disapproving the final design. The decision shall be in writing and shall make one (1) of the following findings:

(a) Based upon the information submitted, design complies with applicable standards.
(b) Based upon the information submitted, the design does not comply with applicable standards, setting forth with specificity the material standards not met or insufficiently documented.
(c) Failure to comport with professional standards.

Failure of the director to respond to an applicant's request for approval in the manner provided herein shall constitute approval of the request. Construction shall not be initiated on a MSWLF unit until approval has been granted, except that construction prior to approval may be initiated prior to July 1, 1993, for a MSWLF unit which meets the design standard of section 39-7409(2)(a), Idaho Code. The applicant shall publish notice of approval in a newspaper of general circulation when affirmative or defacto approval is given.

(8) Upon entering a decision of disapproval, an automatic twenty-one (21) day stay of proceedings shall occur unless waived by the applicant. During the twenty-one (21) day stay, the director and the applicant may meet and confer to attempt to reconcile differences. At any point during that twenty-one (21) day period the director and applicant can reach an accord and approval can be granted, with construction authorized at that point. The applicant can tender a written waiver of this twenty-one (21) day reconciliation period which would initiate the requirement provided for in subsection (9) of this section. At any time in the review process or post-decision reconciliation process the applicant and director may mutually agree to extend the timeframes contained herein and may resort to mediation, arbitration, or binding arbitration to resolve differences as they mutually see fit.

(9) If differences are not reconciled in the period set forth in subsection (8) of this section, the director shall notify the owner that the design remains disapproved. Said notice of disapproval shall incorporate the rationale for disapproval contained in the original decision of disapproval, deleting any issues resolved in the post-decision reconciliation period.

(10) Following final action by the director the applicant may file a petition with the district court, with concurrent notice to the director, in the county where the proposed MSWLF would be located for expedited appellate review of the director's decision. The petition shall set forth the specific basis for the appeal and shall identify the legal and factual basis for contesting the disapproval by the director. The director shall submit a copy of the entire record upon which its disapproval has been based no more than fourteen (14) days after the date the applicant's petition for review has been filed. Only information which has been available during the design review process may be used in the judicial review process.

(11) All issues claimed as a basis of appeal by the applicant shall be addressed in a memorandum filed with the petition appealing disapproval by the director. The director shall submit a reply memorandum no later than fourteen (14) days after the applicant's petition for review has been filed.

(12) Upon the record, the applicable law, the memoranda of the respective parties, and such independent technical assistance as the court may find necessary and appropriate to retain, the court shall evaluate the applicant's petition and the decision by the director and shall
render a decision no more than twenty-one (21) days after the completed record, and accompanying memorandum, if one is filed, are submitted to the court by the director. The court shall sustain the director's disapproval action if it affirmatively finds that the record contains substantial evidence that the design does not comply with standards as specified pursuant to section 39-7412(7)(b) or (c), Idaho Code. If the court finds the disapproval is not supported by substantial evidence in the record, it shall reverse the director's action and remand the matter to the director with appropriate instructions.

(13) The procedure set forth in subsections (10) through (12) of this section are effective until January 1, 1994. On and after January 1, 1994, the applicant is entitled to judicial review pursuant to chapter 67, title 52, [title 67, chapter 52] Idaho Code. Upon waiver or expiration of the twenty-one (21) day reconciliation period, the director and the applicant shall stipulate to accelerated judicial review pursuant to court approval where the ordinary review period provided in chapter 67, title 52, [title 67, chapter 52] Idaho Code, may reasonably result in substantial increased costs to the applicant, potential violations of federal or state environmental laws or threats to the public health and environment.

Such affidavits shall be effective for the purposes of this section to and including January 31 next following the date of their filing, but no longer, and, on or before that date, if such institution is to continue as a designated public depository under this chapter, a like affidavit shall be filed in like manner for the succeeding year. Except where the public moneys of a depositing unit in the custody of the treasurer at any one (1) time are less than one thousand dollars ($1000), the treasurer shall deposit, and at all times keep on deposit, subject to the provisions of this law, in designated depositories, all public moneys coming into his hands, and it is hereby made the duty of said supervising board not less than once every six (6) months to certify to the treasurer the capital and surplus or reserves and unallocated or undivided earnings, as applicable, of each public depository, a copy of which certificate shall immediately be served on the treasurer by the supervising board or its clerk; provided, that with the approval of the supervising board of the depositing unit, the treasurer is authorized and empowered to invest surplus or idle funds of the depositing unit in investments permitted by section 67-1210, Idaho Code, and interest received on all such investments, unless otherwise required by law, shall be paid into the general fund of the depositing unit: and provided further, that as to all public moneys in the custody of the treasurer of a depositing unit for which there is no legal depository available under this chapter, it shall be the duty of the supervising board of the depositing unit to designate and place for the safekeeping of such public moneys, and until such designation it shall be the duty of the treasurer to deposit such excess sums on special deposit in any public depository, and the expense of such service shall be borne by the depositing unit.

57-127A. Deposit for safekeeping -- Responsibility. The treasurer may deposit for safekeeping with a designated depository or a federal reserve bank any bonds, notes, bills, debentures, obligations, or certificates of indebtedness in which the moneys of the taxing unit or
its agencies are invested pursuant to law; provided the treasurer shall take from the designated depository a receipt for the securities deposited. A treasurer may accept securities in authorized book entry form. The treasurer shall not be responsible for securities so deposited until they are withdrawn by the treasurer from the designated depository, except insofar as a violation by the treasurer of the prudent man investment rule contributes to any loss.

57-128. Designation of depository. The supervising board shall designate one or more financial institutions within the boundaries of the depositing unit which are qualified public depositories as defined by section 57-110, Idaho Code, and which is in compliance with section 57-113, Idaho Code, as depository or depositories for the moneys required to be kept by the treasurer. Such designation shall be determined by competitive bidding or by other means generally accepted as standard business practice. In no case shall the deposit or deposits of public funds of any depositing unit in any public depository, exceed at any one (1) time in the aggregate the total of the capital and surplus or reserves and unallocated or undivided earnings, as applicable, of such public depository. In the event that any financial institution has been designated as a depository under this chapter, such designation shall continue in force until revoked by the supervising board of the depositing unit.

57-130. Deposit in financial institutions outside of depositing unit. Where there are no approved depositories in the depositing unit, or where the money in the treasury exceeds the amount which the designated depositories in the depositing unit are willing to accept, the said excess moneys may be deposited in financial institutions outside of the depositing unit, but within the state of Idaho, which may be designated by the supervising board under the same conditions and subject to the same requirements as if in the depositing unit, and where the money in the treasury exceeds the amount which all designated depositories in the state are willing to accept, such excess may in that event and not otherwise, be deposited in banks outside the state, which banks shall be designated by the supervising board under the same conditions and subject to the same requirements as for designated depositories in the depositing unit.

57-131. Deposits subject to payment on demand. All deposits in public depositories shall be demand deposits or deposits in accounts upon which negotiable orders of withdrawal may be written, or in similar transaction deposit accounts except for deposits of surplus or idle funds which the said depositing units are authorized to make under section 57-127, Idaho Code, with the approval of their respective supervising boards. The term "surplus or idle funds" shall mean the excess of available moneys in the public treasury, including the reasonably anticipated revenues, over and above the reasonably anticipated expenditures chargeable to those moneys, taking into account the dates at which such revenues and expenditures may be expected to occur, the charges of expenses to revenues being done in such a manner as to produce the maximum amount of excess. This definition shall not apply to idle funds in the state treasury, which funds shall be as defined in section 67-1210, Idaho Code.

57-132. Deposits by tax collector and public administrator. It is hereby made the duty of the tax collector and public administrator of every county of this state to deposit any and all sums of money coming into his hands by virtue of his office in a depository designated by the supervising board under the provisions of this chapter, and any such moneys so deposited shall
be a part of the public moneys as defined in this chapter, but shall remain subject to withdrawal by such tax collector or public administrator so depositing the same. A public depository may pay interest to the depositing unit upon demand deposits, deposit accounts upon which negotiable orders of withdrawal may be written, and similar transaction deposit accounts made with it by such depositing unit as allowed by state or federal law.

The supervising boards of all depositing units are authorized in their discretion and from time to time to adopt, amend, and/or repeal rules and regulations not inconsistent with other provisions of this act providing for the payment by such depositing unit to its designated depository or depositories of reasonable charges for their services rendered in acting as such depositories. The rate of such charges and the terms and conditions thereof shall be fixed by such supervising boards in such rules and regulations, and shall be uniformly applicable to all designated depositories for such depositing unit under like circumstances and conditions. Such charges shall be allowed and paid from the funds of such depositing unit available for the payment of its general expenses as other claims against said funds are allowed and paid.

Every public depository shall pay interest upon time deposits made by the public depositing unit at rates not less than those paid to investors for deposits of the same amount and under like circumstances and conditions; provided, however, that such time deposits shall bear interest at a rate not in excess of the maximum rate permitted by any applicable governmental regulation.

57-133B. Unlawful disclosure of information relating to designated depositories -- Penalty. The treasurer shall require, and it is hereby made the duty of every such depository to keep accurate accounts of all such moneys deposited with it, showing the amount deposited, and when deposited, and to render, at the beginning of each and every month, to the treasurer and auditor a statement, in duplicate, showing the daily balance of the public moneys of the depositing unit held by it during the month next preceding.

57-135. Treasurer's monthly report. It is the duty of the treasurer to file a report in writing, verified by his affidavit, with the auditor on the last business day of each and every month, showing exactly how much cash he has in the treasury and in what bank or banks deposited, and if in more than one, how much in each, which reports shall be examined by the supervising board at the next regular session following the filing of the same, and compared by it
with the books of the treasurer at least twice a year, and if it shall find that the treasurer has wilfully made any false statement therein he may be suspended or removed from office.

57-137. Responsibility for loss through insolvency of bank. Where the treasurer in accordance with the terms and provisions of this chapter has deposited and kept on deposit any public moneys in designated depositories, he shall not be liable personally or upon his official bond for any public moneys that may be lost by reason of the failure or insolvency of any such depository.

57-138. Liability of county auditor under public depository law. The county auditor shall not be liable personally or upon his official bond for any losses by reason of his acts under the provisions of the public depository law, except in so far as such acts are in bad faith and have resulted in such loss.

57-139. Offenses by treasurer -- Penalty. The making of profit, directly or indirectly, by the treasurer of any depositing unit out of any money in the treasury, belonging to the depositing unit, the custody of which the treasurer is charged with, by loaning or otherwise using it, or depositing the same in any manner contrary to law, or the removal by the treasurer or by his consent, of such moneys, or a part thereof, out of the vault or safe of the treasurer's department, after the same shall have been provided by the depositing unit, or out of any legal depository of such moneys, except for the payment of warrants, legally drawn, or for the purpose of depositing the same, under the provisions of this law, in any designated depositories, shall constitute a felony, and on conviction thereof, shall subject the treasurer to imprisonment in the state penitentiary for a term of not exceeding two (2) years, or a fine not exceeding five thousand dollars ($5,000), or to both such fine and imprisonment, and the treasurer shall be liable upon his official bond for all profits realized from such unlawful use of such funds.

57-140. Neglect of treasurer -- Penalty. If the treasurer of any depositing unit shall wilfully fail or refuse at any time to do or perform any act required of him by the provisions of this law relative to the deposit of public funds, he shall be guilty of a misdemeanor, and upon conviction thereof, he shall be sentenced to pay a fine not exceeding $5000.

57-141. Bribery of treasurer a felony -- Penalty. The offering, or giving, directly or indirectly, by designated depository, or by any officer or stockholder thereof, or by any other person or persons in its or their behalf, or by its or their knowledge, acquiescence or authority, or in its or their interest, to the treasurer of any depositing unit, of any gift, compensation, reward or inducement, with the intent or for the purpose of inducing said treasurer to deposit public funds in any designated depository contrary to any law of this state, shall constitute a felony, and shall, upon conviction thereof, subject the person offending to imprisonment in the state penitentiary for a period not exceeding two (2) years, or to a fine not exceeding five thousand dollars ($5,000), or to both such fine and imprisonment.

59-201. Officers not to be interested in contracts. Members of the legislature, state, county, city, district and precinct officers, must not be interested in any contract made by them in their official capacity, or by any body or of which they are members.

59-201A. Remote interests. (1) A public officer shall not be deemed to be interested in a contract, within the meaning of section 59-201, Idaho Code, if he has only a remote interest in the contract and if the fact and extent of such interest is disclosed to the body of which he is an officer and noted in the official minutes or similar records prior to the formation of the contract, and thereafter the governing body authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer having the remote interest. As used in this section, "remote interest" means:
   (a) That of a nonsalaried officer of a nonprofit corporation; or
   (b) That of an employee or agent of a contracting party where the compensation of such employee or agent consists entirely of fixed wages or salary; or
   (c) That of a landlord or tenant of a contracting party; or
   (d) That of a holder of less than one percent (1%) of the shares of a corporation or cooperative which is a contracting party.

   (2) Although a public official's interest in a contract may be only remote, a public official shall not influence or attempt to influence any other officer of the board of which he is an officer to enter into the contract. Violation of the provisions of this subsection shall be a misdemeanor as provided in section 59-208, Idaho Code. Any contract created or entered into in violation of the provisions of this subsection shall be void.

59-202. Officers not to be interested in sales. State, county, district, precinct and city officers must not be purchasers at any sale nor vendors at any purchase made by them in their official capacity.

59-203. Prohibited contracts voidable. Every contract made in violation of any of the provisions of the two (2) preceding sections may be avoided at the instance of any party except the officer interested therein.

59-204. Dealing in warrants prohibited. The state treasurer and state controller, the several county, city, district or precinct officers of this state, their deputies and clerks, are prohibited from purchasing or selling, or in any manner receiving to their own use or benefit, or to the use or benefit of any person or persons, whatever, any state, county, or city warrants, scrip, orders, demands, claims, or other evidences of indebtedness against the state, or any county or city thereof, except evidences of indebtedness issued to or held by them for services rendered as such officer, deputy or clerk, and evidences of the funded indebtedness of such state, county, city, district or corporation.

59-205. Affidavit of nonviolation a prerequisite to allowance of accounts. Every officer whose duty it is to audit and allow the accounts of other state, county, district, city or precinct

59-206. Provisions of chapter violated -- Disbursing officer not to pay warrants. Officers charged with the disbursement of public moneys must not pay any warrant or other evidence of indebtedness against the state, county, city or district, when the same has been purchased, sold, received or transferred contrary to any of the provisions of this chapter.

59-207. Suspension of settlement or payment -- Prosecution of offenders. Every officer charged with the disbursement of public moneys, who is informed by affidavit that any officer whose account is to be settled, audited, or paid by him, has violated any of the provisions of this chapter, must suspend such settlement or payment, and cause such officer to be prosecuted for such violation.

59-208. Violation. A violation of the provisions of this chapter, unless otherwise provided, is a misdemeanor and shall be punished by a fine not exceeding one thousand dollars ($1,000), or incarceration in the county jail for a period not exceeding one (1) year, or by both such fine and incarceration.

59-209. Noncompensated public official -- Exception. When a person is a public official by reason of his appointment or election to a governing board of a governmental entity for which the person receives no salary or fee as compensation for his service on said board, he shall not be prohibited from having an interest in any contract made or entered into by the board of which he is a member, if he strictly observes the procedure set out in section 18-1361A, Idaho Code.

59-210. Violation relating to public contracts. Officers shall not commit any act prohibited by section 67-5726, Idaho Code, violations of which are subject to penalties as provided in section 67-5734, Idaho Code, and which prohibitions and penalties shall be deemed to extend to all public officers governed by the provisions of this chapter.
59-401. Loyalty oath -- Form. Before any officer elected or appointed to fill any office created by the laws of the state of Idaho enters upon the duties of his office, he must take and subscribe an oath, to be known as the official oath, which is as follows:

"I do solemnly swear (or affirm, as the case may be) that I will support the Constitution of the United States, and the Constitution of the State of Idaho, and that I will faithfully discharge the duties of (insert office) according to the best of my ability."

59-402. Time of taking oath. Whenever a different time is not prescribed by law the oath of office must be taken, subscribed and filed within ten (10) days after the officer has notice of his election or appointment, or before the expiration of fifteen (15) days from the commencement of his term of office, when no such notice has been given.

59-403. Before whom oath taken. Except when otherwise provided, the oath may be taken before any officer authorized to administer oaths.

59-404. County officers -- Time and place of taking oath. The oath of office of county elective officers shall be taken by the county commissioners before the county recorders of their respective counties, on the second Monday of January succeeding each general election, and on the same day the other county officers shall take and subscribe the official oath before the chairman of the board. Provided, however, in the event of inability to appear for the taking of the oath, for any reason, a duly elected county official may be sworn in and may subscribe to the oath, wherever he may be, provided he appear before an officer duly authorized to administer oaths, and provided further, that any person who is in any branch of the armed forces of the United States of America, may appear before any person qualified to administer oaths, as prescribed in section 55-705 and may take and subscribe the oath of office as provided for in section 59-401 of this title and chapter, and the oath of office shall have the same force and effect as though it were taken before the county commissioners as herein provided.

59-405. Where oath filed. Every oath of office, certified by the officer, before whom the same was taken, must be filed within the time required by law, except when otherwise specially directed, as follows:

TITLE 59, CHAPTER 7
ETHICS IN GOVERNMENT

59-701. Short title. This act shall be known and may be cited as the "Ethics in Government Act of 1990."

59-702. Policy and purpose. It is hereby declared that the position of a public official at all levels of government is a public trust and it is in the public interest to:
   (1) Protect the integrity of government throughout the state of Idaho while at the same time facilitating recruitment and retention of personnel needed within government;
   (2) Assure independence, impartiality and honesty of public officials in governmental functions;
   (3) Inform citizens of the existence of personal interests which may present a conflict of interest between an official's public trust and private concerns;
   (4) Prevent public office from being used for personal gain contrary to the public interest;
   (5) Prevent special interests from unduly influencing governmental action; and
   (6) Assure that governmental functions and policies reflect, to the maximum extent possible, the public interest.

59-703. Definitions. For purposes of this chapter:
   (1) "Official action" means any decision on, or proposal, consideration, enactment, defeat, or making of any rule, regulation, rate-making proceeding or policy action or nonaction by a governmental body or any other policy matter which is within the official jurisdiction of the governmental body.
   (2) "Business" means any undertaking operated for economic gain, including, but not limited to, a corporation, partnership, trust, proprietorship, firm, association or joint venture.
   (3) "Business with which a public official is associated" means any business of which the public official or member of his household is a director, officer, owner, partner, employee or holder of stock over five thousand dollars ($5,000) or more at fair market value.
   (4) "Conflict of interest" means any official action or any decision or recommendation by a person acting in a capacity as a public official, the effect of which would be to the private pecuniary benefit of the person or a member of the person's household, or a business with which the person or a member of the person's household is associated, unless the pecuniary benefit arises out of the following:
      (a) An interest or membership in a particular business, industry, occupation or class required by law as a prerequisite to the holding by the person of the office or position;
      (b) Any action in the person's official capacity which would affect to the same degree a class consisting of an industry or occupation group in which the person, or a member of the person's household or business with which the person is associated, is a member or is engaged;
      (c) Any interest which the person has by virtue of his profession, trade or occupation where his interest would be affected to the same degree as that of a substantial group or class of others similarly engaged in the profession, trade or occupation;
      (d) Any action by a public official upon any revenue measure, any appropriation measure or any measure imposing a tax, when similarly situated members of the general

(5) "Economic gain" means increase in pecuniary value from sources other than lawful compensation as a public official.

(6) "Governmental entity" means:
(a) The state of Idaho and all agencies, commissions and other governmental bodies of the state; and

(9) "Public office" means any position in which the normal and usual duties are conducted on behalf of a governmental entity.

(10) "Public official" means any person holding public office in the following capacity:

(d) As an employed public official meaning any person holding public office of a governmental entity by virtue of employment, or a person employed by a governmental entity on a consultive basis.

59-704. Required action in conflicts. A public official shall not take any official action or make a formal decision or formal recommendation concerning any matter where he has a conflict of interest and has failed to disclose such conflict as provided in this section. Disclosure of a conflict does not affect an elected public official's authority to be counted for purposes of determining a quorum and to debate and to vote on the matter, unless the public official requests to be excused from debate and voting at his or her discretion. In order to determine whether a conflict of interest exists relative to any matter within the scope of the official functions of a public official, a public official may seek legal advice from the attorney representing that governmental entity or from the attorney general or from independent counsel. If the legal advice is that no real or potential conflict of interest exists, the public official may proceed and shall not be subject to the prohibitions of this chapter. If the legal advice is that a real or potential conflict may exist, the public official:

(1) If he is an elected legislative public official, he shall disclose the nature of the potential conflict of interest and/or be subject to the rules of the body of which he/she is a member and shall take all action required under such rules prior to acting on the matter. If a member requests to be excused from voting on an issue which involves a conflict or a potential
conflict, and the body of which he is a member does not excuse him, such failure to excuse shall exempt that member from any civil or criminal liability related to that particular issue.

(2) If he is an elected state public official, he shall prepare a written statement describing the matter required to be acted upon and the nature of the potential conflict, and shall file such statement with the secretary of state prior to acting on the matter. A public official may seek legal advice from the attorney representing that agency or from the attorney general or from independent counsel. The elected public official may then act on the advice of the agency's attorney, the attorney general or independent counsel.

(3) If he is an appointed or employed state public official, he shall prepare a written statement describing the matter to be acted upon and the nature of the potential conflict, and shall deliver the statement to his appointing authority. The appointing authority may obtain an advisory opinion from the attorney general or from the attorney representing that agency. The public official may then act on the advice of the attorney general, the agency's attorney or independent counsel.

(4) If he is an appointed or employed state public official, he shall prepare a written statement describing the matter required to be acted upon and the nature of the potential conflict, and shall file such statement with the secretary of state prior to acting on the matter. A public official may seek legal advice from the attorney representing that agency or from the attorney general or from independent counsel. The elected public official may then act on the advice of the agency's attorney, the attorney general or independent counsel.

(5) If he is an appointed or employed public official of a county or municipality, he shall prepare a written statement describing the matter required to be acted upon and the nature of the potential conflict, and shall deliver the statement to his appointing authority. The appointing authority may obtain an advisory opinion from the attorney for the appointing authority, or, if none, the attorney general. The public official may then act on the advice of the attorney general or attorney for the county or municipality or his independent counsel.

(6) Nothing contained herein shall preclude the executive branch of state government or a political subdivision from establishing an ethics board or commission to perform the duties and responsibilities provided for in this chapter. Any ethics board or commission so established shall have specifically stated powers and duties including the power to:

(a) Issue advisory opinions upon the request of a public official within its jurisdiction;
(b) Investigate possible unethical conduct of public officials within its jurisdiction and conduct hearings, issue findings, and make recommendations for disciplinary action to a public official's appointing authority;
(c) Accept complaints of unethical conduct from the public and take appropriate action.

59-704A. Noncompensated public official -- Exception. When a person is a public official by reason of his appointment or election to a governing board of a governmental entity for which the person receives no salary or fee as compensation for his service on said board, he shall not be prohibited from having an interest in any contract made or entered into by the board of which he is a member, if he strictly observes the procedure set out in section 18-1361A, Idaho Code.
59-705. Civil penalty. (1) Any public official who intentionally fails to disclose a conflict of interest as provided for in section 59-704, Idaho Code, shall be guilty of a civil offense, the penalty for which may be a fine not to exceed five hundred dollars ($500), provided that the provisions of this subsection shall not apply to any public official where the governmental entity on which said official serves has put into operation an ethics commission or board described in section 59-704(6), Idaho Code.

(2) The penalty prescribed in subsection (1) of this section does not limit the power of either house of the legislature to discipline its own members, nor limit the power of governmental entities, including occupational or professional licensing bodies, to discipline their members or personnel. A violation of the provisions of this chapter shall not preclude prosecution and conviction for any criminal violation that may have been committed.
59-1026. Willful and knowing avoidance of competitive bidding and procurement statutes -- Civil penalties. It is a violation of this section for an official of any political subdivision or the state itself to willfully or knowingly avoid compliance with procurement or competitive bidding statutes or to willfully or knowingly split or separate purchases or work projects with the intent of avoiding compliance with such statutes. If any officer or employee of any public entity willfully or knowingly violates this section, the public entity which the officer or employee serves shall be liable for civil penalties not to exceed five thousand dollars ($5,000) for each offense, such civil penalty to be payable to the office of the public agency bringing an enforcement action, upon court order, to reimburse the reasonable expense of enforcing compliance with competitive bidding and procurement statutes.
TITLE 60, CHAPTER 1
CONTRACT FOR PRINTING – PUBLICATION OF NOTICES

60-101. Contracts for state printing -- Execution within state -- Exception. All printing, binding (excluding binding for state supported libraries), engraving and stationery work executed for or on behalf of the state, and for which the state contracts, or becomes in any way responsible, shall be executed within the state of Idaho, except as provided in section 60-103, Idaho Code. Provided, however, that this section shall not apply to any compilation, publication or codification of the laws of the state of Idaho.

60-103. Exception in case of excessive charge -- Exceptions for lack of production facilities on bids on state work. (a) Whenever it shall be established that any charge for printing, engraving, binding (excluding binding for state supported libraries) or stationery work is in excess of the charge usually made to private individuals for the same kind and quality of work, then the state or county officer or officers having such work in charge shall have power to have such work done outside of said county or state, but nothing in this chapter shall be construed to oblige any of said officers to accept any unsatisfactory work.

(b) Any work referred to in section 60-101, Idaho Code, and which is to be executed for or on behalf of the state may be executed outside of this state in any case (1) where the execution of such work shall require the use of a technique or process which cannot be performed through the use of physical production facilities located within this state and the use of such technique or process is essential to a necessary function to be served by the printing, binding, engraving or stationery work required; (2) where, after requests for proposals or bids have been made or notice thereof has been given as required by section 67-5718, Idaho Code, as amended, no bid or proposal is made thereon by any person, firm or corporation proposing to execute such work within this state, or (3) where, after requests for proposals or bids have been made or notice thereof given as required by section 67-5718, Idaho Code, the lowest bid from a person, firm or corporation proposing to execute such work within this state is more than ten percent (10%) more than the lowest bid from a person, firm or corporation proposing to execute such work outside this state.

60-106. Qualifications of newspapers printing legal notices. No legal notice, advertisement or publication of any kind required or provided by the laws of the state of Idaho, to be published in a newspaper, shall be published or have any force or effect, as such, unless the same be published in a newspaper of general interest published in the state of Idaho, and which newspaper, if published weekly, has been continuously and uninterruptedly published in the county during a period of seventy-eight (78) consecutive weeks prior to the first publication of the notice, or advertisement, and, if published daily, has been so published as a daily newspaper in the county during a period of twelve (12) consecutive months prior to the first publication of the notice or advertisement; provided that, notwithstanding any other provision of Idaho laws, the term "newspaper of (or having) general circulation," wherever used in Idaho Code as a qualification of newspapers required to be used for the publication of notice, shall mean a "newspaper," as defined in this section, that is published within the boundaries of the governmental entity wherein the notice is required to be published and which newspaper has the largest paid circulation among all newspapers published in that governmental entity as verified by the sworn statement of average total paid or requested circulation for the preceding twelve...
(12) months that was filed on the annual statement of ownership, management and circulation with the U.S. postal service on the date immediately preceding the date of the required publication of notice; excepting that, where no newspaper is published within the governmental entity required to publish a notice, the term "newspaper of (or having) general circulation" shall mean the newspaper with the largest paid circulation published within any county in which the governmental entity is located, or the newspaper published nearest to the boundaries of the governmental entity; provided, that nothing in this chapter shall invalidate the publication of such notice or advertisement in any newspaper which has simply changed its name, frequency of publication, suspended publication because of an act of God, or public enemy, fire, strike, or other labor dispute, explosion, flood, government prohibition, government requisition of essential property, preferential government orders, breakdown, legal acts of public authorities or other acts beyond the control of the publisher for a period of not to exceed six (6) months, or changed the place of publication from one part of the county to another part thereof, without breaking the continuity of its regular issues for the required length of time; and, provided further, that this chapter shall not apply to counties in which no newspaper has been published for the required length of time: provided the term "Newspaper" as used in this section shall apply only to such newspapers of general interest made up of at least four (4) pages of at least five (5) columns each, printed from type matter or from "slugs" cast upon the linotype or intertype or similar "slug-casting" machine, or by the process known as "offset," or stereotyped forms of at least seventeen and three-fourths (17 3/4) inches depth; or, if smaller pages, then comprising an equivalent amount of type matter, and which shall have at least two hundred (200) bona fide subscribers living within the county in which the newspaper is published at regular intervals and, in no case, less frequently than once a week; provided that a newspaper produced by the process known as mimeographing or similar methods shall not be deemed a legal newspaper for publications of any kind. And provided further, that any duly qualified newspaper, as hereinbefore defined, shall not forfeit its standing as such by reason of the fact that it has suspended publication for all or any part of the period during which the United States has been or shall be engaged in the prosecution of any war, or for one (1) year following the date of the proclamation of the President of the United States declaring that this nation is no longer at war, or the termination of a state of war shall be otherwise established. And if any such newspaper shall resume regular publication within one (1) year from the date when the termination of the state of war shall be so established, it shall then be as fully qualified to publish any legal notice, advertisement, or publication required to be published by the laws of the state of Idaho, as if such newspaper had not suspended regular publication during the above mentioned period of time.

No newspaper shall qualify under this section unless the same shall hold a valid second class mailing permit from the United States Post Office. Any violations of the previous requirements of this section concerning printing of newspapers other than in the governmental entity in which a notice or advertisement is required to be printed are hereby excused and any advertisement published in any such newspapers is hereby validated.

(d) The amount of taxable market value added to the property on the current year's property roll that is directly the result of new construction or a change in use of the land or both.

(2) As soon as possible, but in any event by no later than the first Monday in June, the new construction roll shall be certified to the county auditor and a listing showing the amount of value on the new construction roll in each taxing district or unit be forwarded to the state tax commission on or before the fourth Monday in July. Provided however, the value shown in subsection (3)(f) of this section shall be reported to the appropriate county auditor by the state tax commission by the third Monday in July and the value sent by the county auditor to each taxing district. The value established pursuant to subsection (3)(f) of this section is subject to correction by the state tax commission until the first Monday in September and any such corrections shall be sent to the appropriate county auditor, who shall notify any affected taxing districts.

(3) The value shown on the new construction roll may include the value increase from:

No replacement equipment or improvements may be included; or
(g) Increases in value over the base value of property on the base assessment roll within an urban renewal revenue allocation area that has been terminated pursuant to section 50-2909(4), Idaho Code, to the extent that this increment has not been previously included on any new construction rolls, provided however, the increased value during the existence of the revenue allocation area is due to changes identified in subsections (a) through (e) of this subsection.
(4) The amount of taxable market value of new construction shall be the change in net taxable market value that is attributable directly to new construction or a change in use of the land or loss of the exemption provided by section 63-602W(3), Idaho Code. It shall not include any change in value of existing property that is due to external market forces such as general or localized inflation.
63-602. Property exempt from taxation. (1) Property shall be exempt from taxation as provided in this chapter; provided, that no deduction shall be made in assessment of shares of capital stock of any corporation or association for exemptions claimed under this section, and provided further, that the term "full cash value" wherever used in this act shall mean the actual assessed value of the property as to which an exemption is claimed.

(2) The use of the words "exclusive" or "exclusively" in this chapter shall mean used exclusively for any one (1) or more, or any combination of, the exempt purposes provided hereunder and property used for more than one (1) exempt purpose, pursuant to the provisions of sections 63-602A through 63-602Z, Idaho Code, shall be exempt from taxation hereunder so long as the property is used exclusively for one (1) or more or any combination of the exempt purposes provided hereunder.

(1) Except as provided in subsection (3) of this section for tax year 1995, and each year thereafter, no taxing district shall certify a budget request for an amount of property tax revenues to finance an annual budget that exceeds the greater of:

(a) The dollar amount of property taxes certified for its annual budget for any one (1) of the three (3) tax years preceding the current tax year, whichever is greater, which amount may be increased by a growth factor of not to exceed three percent (3%) plus the amount of revenue that would have been generated by applying the levy of the previous year, not including any levy described in subsection (4) of this section, to any increase in market value subject to taxation resulting from new construction or change of land use classification as evidenced by the value shown on the new construction roll compiled pursuant to section 63-301A, Idaho Code; and by the value of annexation during the previous calendar year, as certified by the state tax commission for market values of operating property of public utilities and by the county assessor; or

(b) The dollar amount of property taxes certified for its annual budget during the last year in which a levy was made; or

(c) The dollar amount of the actual budget request, if the taxing district is newly created except as may be provided in subsection (1)(h) of this section; or

(d) In the case of school districts, the restriction imposed in section 33-802, Idaho Code; or

(e) In the case of a nonschool district for which less than the maximum allowable increase in the dollar amount of property taxes is certified for annual budget purposes in any one (1) year, such a district may, in any following year, recover the foregone increase by certifying, in addition to any increase otherwise allowed, an amount not to exceed one hundred percent (100%) of the increase originally foregone. Said additional amount shall be included in future calculations for increases as allowed; or

(f) In the case of cities, if the immediately preceding year's levy subject to the limitation provided by this section, is less than 0.004, the city may increase its budget by an amount not to exceed the difference between 0.004 and actual prior year's levy multiplied by the prior year's market value for assessment purposes. The additional amount must be approved by sixty percent (60%) of the voters voting on the question at an election called for that purpose and held on the date in May or November provided by law, and may be included in the annual budget of the city for purposes of this section; or

(g) A taxing district may submit to the electors within the district the question of whether the budget from property tax revenues may be increased beyond the amount authorized in this section, but not beyond the levy authorized by statute. The additional amount must be approved by sixty-six and two-thirds percent (66 2/3%) or more of the voters voting on the question at an election called for that purpose and held on the May or November dates provided by section 34-106, Idaho Code. If approved by the required minimum sixty-six and two-thirds percent (66 2/3%) of the voters voting at the election, the new budget amount shall be the base budget for the purposes of this section; or

(h) When a nonschool district consolidates with another nonschool district or dissolves and a new district performing similar governmental functions as the dissolved district
forms with the same boundaries within three (3) years, the maximum amount of a budget of the district from property tax revenues shall not be greater than the sum of the amounts that would have been authorized by this section for the district itself or for the districts that were consolidated or dissolved and incorporated into a new district; or
(i) In the instance or case of cooperative service agencies, the restrictions imposed in sections 33-315 through 33-318, Idaho Code.

(2) In the case of fire districts, during the year immediately following the election of a public utility or public utilities to consent to be provided fire protection pursuant to section 31-1425, Idaho Code, the maximum amount of property tax revenues permitted in subsection (1) of this section may be increased by an amount equal to the current year's taxable value of the consenting public utility or public utilities multiplied by that portion of the prior year's levy subject to the limitation provided by subsection (1) of this section.

(3) No board of county commissioners shall set a levy, nor shall the state tax commission approve a levy for annual budget purposes which exceeds the limitation imposed in subsection (1) of this section, unless authority to exceed such limitation has been approved by a majority of the taxing district's electors voting on the question at an election called for that purpose and held pursuant to section 34-106, Idaho Code, provided however, that such voter approval shall be for a period of not to exceed two (2) years.

(4) The amount of property tax revenues to finance an annual budget does not include revenues from nonproperty tax sources, and does not include revenue from levies that are voter approved for bonds, override levies or supplemental levies, plant facilities reserve fund levies, school emergency fund levies or for levies applicable to newly annexed property or for levies applicable to new construction as evidenced by the value of property subject to the occupancy tax pursuant to section 63-317, Idaho Code, for the preceding tax year.

63-802A. Notice of budget hearing. (1) Not later than April 30 of each year, each taxing district shall set and notify the county clerk of the date and location set for the budget hearing of the district. If no budget hearing is required by law, the county clerk shall be so notified.

(2) Beginning in 2003, a taxing district that fails to comply with subsection (1) of this section shall be prohibited from including in its budget any budget increase otherwise permitted by either subsection (1)(a) or (1)(e) of section 63-802, Idaho Code.

(3) If a taxing district wishes to change the time and location of such budget hearing as stated on the assessment notice, it shall publish such change of time and location in advance of such hearing as provided by law.

63-803. Certification of budgets in dollars. (1) Whenever any taxing district is required by law to certify to any county treasurer, county auditor, county assessor, county commissioners or to any other county officer, any property tax levy, upon property located within said district, such certification shall, notwithstanding any other provision of the law applicable to any such district, be made at the time and in the manner hereinafter provided.

(2) The county auditor shall inform each of the taxing districts within his county of the taxable value of that district as soon as such value is known to the auditor, whether the value comes from the appraisal and assessment of real and personal property, or from allocation of the taxable value of operating property, or from other sources.

(3) Using the taxable value of the district, the council, trustees, board or other governing body of any taxing district shall certify the total amount required from a property tax upon
property within the district to raise the amount of money fixed by their budget as previously
prepared or approved. The amount of money so determined shall be certified in dollars to the
appropriate county commissioners. Any taxing unit, except regional airport authorities, located
in more than one (1) county shall divide its dollar budget for certification to the separate counties
by multiplying the amount of such budget by a fraction, the numerator of which shall be the total
taxable value of all property in such taxing unit within the county to which such certification is
to be made, and the denominator of which shall be the total taxable value of property in such
taxing unit in all such counties. Budget certification to the participating counties of regional
airport authorities shall be made in the manner prescribed in section 21-807(10), Idaho Code.
Taxable value shall be certified by the county auditor of each affected county to such taxing unit
and such certification shall be used in this formula. Except as provided in section 33-805, Idaho
Code, relating to school emergency fund levies, the certification to the county commissioners
required in this section shall be made not later than the Thursday prior to the second Monday in
September, unless, upon application therefor, the county commissioners grant an extension of
not more than seven (7) working days. After receipt of this certification, the county
commissioners shall make a tax levy as a percent of taxable value of all property in the taxing
district, which when applied to the tax rolls, will meet the budget requirements certified by such
taxing districts.

(4) For the purpose of this section, "taxable value" shall mean the portion of the
equalized assessed value, less any exemptions and the value that exceeds the value of the base
assessment roll for the portion of any taxing district within a revenue allocation area of an urban
renewal district, located within each taxing district which certifies a budget to be raised from a
property tax levy. When the county auditor is notified of revenues sufficient to cover expenses as
provided in section 50-2903(5), Idaho Code, taxable value shall also include the value that
exceeds the value of the base assessment roll for the portion of any taxing district within a
revenue allocation area. For each taxing district, taxable value shall include the value from the
property and operating property rolls for the current year and subsequent and missed property
rolls for the prior year or the best estimate of the subsequent and missed property rolls for the
current year.

63-804. Filing copy of budget. The council, trustees, board or other governing body of
any taxing district shall at the time of certifying the total amount required from a property tax
upon property within the district to raise the amount of money fixed by their budget as
previously prepared or approved and as provided for in section 63-803, Idaho Code, file with the
appropriate county commissioners a certified copy of their budget as previously prepared,
approved and adopted.

63-807. Levy by new taxing units -- Duties of auditor. Except as otherwise provided by
law, no taxing district formed or organized after the first day of January, in any year, shall be
authorized to make a levy for that calendar year, nor shall the auditor of any county in which the
taxing district may be situated be required to extend any levy on behalf of the taxing district
upon the county rolls extended by him for the year. No existing taxing district which shall annex
any territory after the first day of January of the current year, shall be authorized to levy a
property tax for the year upon the property situated in the annexed territory and the property
shall in all respects be taxed as if the annexation had not taken place. However, should any
existing school district or school districts divide, consolidate or reorganize after the assessment
date in any year, the board of trustees of the divided, consolidated or reorganized school district shall have the power to levy property taxes and certify the levy for the year in the same manner and according to the same boundaries which the separate school districts involved in the division, consolidation or reorganization could have levied property taxes had the division, consolidation or reorganization not taken place.

63-810. Erroneous Levy -- Corrective action. (1) Whenever the county commissioners have discovered that a levy has been made by unintentional clerical, mathematical or electronic error, in any levy certified by such board, the county commissioners on its own motion may:

(a) If discovered prior to the fourth Monday of November of the year for which the levy is certified, order all necessary corrections made in all property tax records, if the corrected levy is otherwise within statutory limits.

(b) If discovered after the fourth Monday of November of the year for which the levy is certified, but before January 30 of the succeeding year, order all necessary corrections made in all property tax records, if the corrected levy is otherwise within statutory limits.

The corrected levy shall be applied to the taxable value within each taxing district and the property taxes so applied shall be a perpetual lien on the property, and such property tax levy and tax charge shall supersede all previous incorrect levies and charges made for that year, except that the property tax computed using the corrected levy shall allow a credit for the amount of property taxes previously paid. If additional property tax is owed due to the corrected levy, the county tax collector shall, prior to the fourth Monday in May, mail to the last record owner of any property affected by such erroneous levy a notice of tax correction. The deadline for paying such property tax shall be no later than June 20 of that year. Late charges and interest will be added if full property tax is not paid by June 20 and interest will be calculated from January 1 as provided in section 63-1001, Idaho Code.

(c) The levy correction shall be considered at a hearing held by the county commissioners at which time any taxpayer may appear and be heard upon the issue. Notice of the date, time, place and purpose of such hearing shall be published in a newspaper published in the county, or if there is none, then in a newspaper of general circulation in the county. The notice shall be run once each week for the two (2) weeks preceding the hearing. The hearing shall be held not less than seven (7) days after the first notice is published.

(2) The county commissioners shall submit the corrected levy and a copy of the order to the state tax commission. The state tax commission shall review the corrected levy and take action as required in section 63-809, Idaho Code.

(3) For the purposes of sections 63-701 through 63-710, Idaho Code, and for the purposes of the distributions required in section 63-3638, Idaho Code, the state tax commission, county auditor, and the county commissioners shall use the corrected values and numbers allowed in this section to recompute and correct such distributions by adjusting future distributions to account for any difference. For the purposes of chapters 8 and 10, title 33, Idaho Code, the state department of education shall use the corrected values and numbers allowed in this section.
63-1309. Special taxing district or bond proposal defeated in election bars subsequent elections for specified time -- Exception -- Board of education may conduct election -- Municipalities, water or sewer districts may conduct bond election. If any election has been held for the formation of any special taxing district, or for the approval of any bond issue or other proposal which would have resulted in a property tax levy, and the proposal submitted at such election was defeated, no subsequent election shall be held within six (6) months from and after the date of such prior election for the same or a similar purpose in any district which includes any part of the area which was affected by the prior election. In the event any school building is destroyed or rendered unusable for school purposes by reason of fire, flood or other catastrophe, and a school bond election for the purpose of the replacement of such building is prohibited by the provisions of this section, the state board of education shall have the power to authorize an election for such purpose by order based upon a finding of such facts. The provisions of this section shall not apply to school elections held solely for determining property tax levies for general school purposes not involving the issuance of bonds. This time requirement between elections shall not apply to municipalities or water and/or sewer districts when bond issues are being proposed for the installation or improvement of water supply systems or public sewerage systems which have been deemed necessary by the Idaho state board of health to bring such system or systems in conformance with state statutes or rules of the state board of health.

63-1311. Fees for services. (1) Notwithstanding any other provision of law, the governing board of any taxing district may impose and cause to be collected fees for those services provided by that district which would otherwise be funded by property tax revenues. The fees collected pursuant to this section shall be reasonably related to, but shall not exceed, the actual cost of the service being rendered.

(2) No charge, other than property taxes shall be included on a tax notice unless the taxing district placing such charge has received approval by the board of county commissioners to place such charge on the tax notice and meets the criteria set forth in section 63-902, Idaho Code.

63-1311A. Advertisement of and hearing on fee increases. No taxing district may make a decision approving a fee increase that exceeds one hundred five per cent (105%) of the amount of the fee last collected or a decision imposing a new fee, unless it first holds a hearing upon such proposed fee increase or fee imposition at a regular or special meeting of the district's governing body and after it gives public notice of such hearing in the manner provided in this section. Any taxing district that is required to hold a hearing and give public notice of the hearing as provided in this section, and which fails to do so, shall have the validity of all or a portion of the fee increase that it collects be voidable.

The taxing district shall give public notice of its intent to make a decision on a proposed fee increase, that exceeds one hundred five per cent (105%) of the amount of fees last collected prior to such decision, or a decision to impose a new fee by giving public notice either by advertising in at least one (1) newspaper as defined in section 60-106, Idaho Code, or by holding three (3) public meetings in three (3) different locations in the district or by a single mailing notice to all district residents, providing that the same information is given and providing the
meeting shall be held not less than seven (7) days after mailing of the notice. An advertisement used to satisfy the requirements of this section shall be run once each week for the two (2) weeks preceding the week during which the hearing required by this section will be held. The advertisement shall state that the taxing district will meet on a certain day, time and place fixed in the advertisement, for the purpose of hearing public comments regarding any proposed fee increase beyond the limits prescribed by this section, or imposition of a new fee and to explain the reasons for such action.

63-1312. Municipal property taxes -- Notification of valuation. (1) Prior to the fourth Monday of March of the current year the county auditor must notify every taxing district or authority and the state board of education of the total taxable valuation of all the taxable property situated within such districts for the preceding calendar year for the purpose of assisting such governing authorities in their determination of tax rates to be levied for the current year and other informational purposes.

(2) Prior to the first Monday in August the auditor of each county in the state shall notify the state tax commission and the clerk of each taxing unit in his county of the taxable valuation of all the taxable property situated within that taxing district from the property roll for the current year, from the operating property roll for the previous year, from the prior year's actual or current year's estimated subsequent property roll and missed property roll, and the amount of value subject to occupancy tax notwithstanding exemptions authorized in chapter 6, title 63, Idaho Code, for the previous year.

(3) The auditor shall furnish the valuation from the current operating property roll upon receipt from the state tax commission.

(4) Subsequent to the notification of the county auditor of revenues sufficient to cover expenses as provided in section 50-2903(5), Idaho Code, taxable value as used in this section shall also include the value that exceeds the value of the base assessment roll for the portion of any taxing district within a revenue allocation area.

63-1313. Limitation on property taxes -- Value of real and personal property -- Special tax levies.

(1) (a) Except as provided in section 63-802, Idaho Code, during any one (1) tax year, the maximum amount of all property taxes from all sources on any property subject to appraisal, assessment, and property taxation within the state of Idaho shall not exceed one percent (1%) of the market value for assessment purposes of such property, including the current market values of all residential improvements, notwithstanding any exemption of a portion of such values from property taxation.

(b) The limitation provided for in paragraph (a) of this subsection shall not apply to property taxes or special assessments to pay the principal of and the interest and redemption charges on any indebtedness incurred prior to the time this section becomes effective, nor shall the limitation provided for in paragraph (a) of this subsection apply to property taxes to pay the principal of and the interest and redemption charges on any indebtedness incurred on or after November 7, 1978, as prescribed by the constitution of the state of Idaho, nor shall the limitation provided for in paragraph (a) of this subsection apply to special assessments levied on or after November 7, 1978, as provided by law.

(2) The market value for assessment purposes of real and personal property subject to appraisal by the county assessor shall be determined by the county assessor according to the
rules prescribed by the state tax commission, as provided in section 63-208, Idaho Code, but where real property is concerned it shall be the actual and functional use of the real property. All taxable property shall be annually appraised or indexed to reflect that valuation.
63-3022J. Deduction of value for technological equipment. (1) For taxable years commencing on and after January 1, 1985, any individual or corporation may deduct from taxable income an amount equal to the fair market value of technological equipment donated to public elementary or public secondary schools, public universities, private universities, public colleges, private colleges, public community colleges, private community colleges, public technical colleges or private technical colleges, or public libraries and library districts located within the state of Idaho, except that the amount of the deduction shall not reduce Idaho taxable income to less than zero. The deduction allowed pursuant to this section shall be in addition to any other deduction allowed pursuant to this chapter. In order to take the deduction pursuant to this section, the taxpayer shall receive a written statement from the donee in which the donee agrees to accept the technological equipment donated.

(2) For the purposes of this section, "technological equipment" means a computer, computer software, scientific equipment or apparatus to be used by the university, college, community college, technical college, school or library directly or indirectly in the education program of the university, college, community college, technical college, school or library and which is donated to the university, college, community college, technical college, school or library no later than five (5) years after its manufacture has been substantially completed.

63-3029A. Income tax credit for charitable contributions -- Limitation. At the election of the taxpayer, there shall be allowed, subject to the applicable limitations provided herein, as a credit against the income tax imposed by chapter 30, title 63, Idaho Code, an amount equal to fifty percent (50%) of the aggregate amount of charitable contributions made by such taxpayer during the year to a nonprofit corporation, fund, foundation, trust, or association organized and operated exclusively for the benefit of institutions of higher learning located within the state of Idaho, including a university related research park, to nonprofit private or public institutions of elementary, secondary, or higher education or their foundations located within the state of Idaho, to Idaho education public broadcast system foundations within the state of Idaho, to the Idaho state historical society or its foundation, to the Idaho commission for libraries and to public libraries or their foundations and library districts or their foundations located within the state of Idaho.

TITLE 63, CHAPTER 31
ANTICIPATION OF REVENUE BY TAXING DISTRICTS

63-3101. Taxing district defined. A taxing district within the meaning of this act is any county, any political subdivision of the state, any municipal corporation, including specially chartered cities, any school districts, including specially chartered school districts, any quasi-municipal corporation, or any other public corporation authorized by law to levy taxes, now or hereafter organized.

63-3102. Authority to borrow money. Any taxing district shall have power from time to time by resolution to borrow money and issue revenue anticipation bonds or notes, bearing interest at such rate as may be determined by the governing board, and maturing not more than one (1) year from the date thereof, for the purpose of providing funds in anticipation of the collection of taxes of the current fiscal year, in anticipation of the distribution of state appropriated funds, and in anticipation of other revenues of any nature, for the year in which said revenue anticipation bonds or notes are issued, exclusive of taxes required to be raised to pay the principal of outstanding bonded indebtedness of the taxing district, the proceeds of such bonds or notes to be used for the purpose for which said taxes are levied or such funds or other revenues are appropriated. The amount authorized to be borrowed by means of such revenue anticipation bonds or notes shall not exceed seventy-five per cent (75%) of the taxes levied for the current fiscal year and not yet collected by said taxing district, seventy-five per cent (75%) of the anticipated distribution from the public school income fund not yet collected for the current fiscal year, and seventy-five per cent (75%) of other revenues anticipated, as shown by the budget duly adopted by the taxing district and certified in accordance with section 63-804, Idaho Code, and not yet collected for the fiscal year. If the tax levy or budget for any fiscal year has not been completed, then the amount of revenue anticipation bonds or notes issued in anticipation of taxes, state funds, or other revenues to be levied for such fiscal year shall not exceed seventy-five per cent (75%) of the taxes levied or state funds or other revenues received by said taxing district in the previous fiscal year. In determining the amount of revenue anticipation bonds or notes which may be issued, the governing body shall declare in the resolution providing for the issuance of such bonds or notes the amount of taxes levied or state funds or other revenues anticipated for the current fiscal year and the amount of such taxes or state funds or other revenues anticipated not yet collected by said taxing district, or in the event that the tax levy or budget for the fiscal year has not been completed, the governing authority shall declare in the resolution providing for the issuance of such revenue anticipation bonds or notes the amount of taxes levied or state funds or other revenues received by said taxing district in the previous fiscal year. In each instance, taxes raised or to be raised to pay the principal of outstanding bonded indebtedness of the taxing district shall not be included in the amount of taxes or state funds or other revenues anticipated against which such revenue anticipation bonds or notes are authorized to be issued. Such revenue anticipation bonds or notes shall be negotiable instruments, and the full faith, credit and resources of the taxing district shall be pledged for the payment of the same. Such bonds or notes shall be issued in such form and detail as shall be determined by the governing authority of the taxing district by resolution duly adopted.
63-3103. Sale of revenue anticipation bonds or notes. Such revenue anticipation bonds or notes may be sold at public or private sale at such times, in such amounts and on such terms as may be determined by the governing body.

63-3104. Creation of fund to pay bonds or notes at maturity -- Payment of bonds or notes. To provide for the payment of said revenue anticipation bonds or notes at maturity, there shall be created by the resolution providing for the issuance of said revenue anticipation bonds or notes a special fund to be known as the "Revenue Anticipation Bond or Note Redemption Fund." Whenever any revenue anticipation bonds or notes have been issued in anticipation of the collection of taxes, or of state appropriated funds or other revenues, all such moneys thereafter collected or received, the collection of which has been so anticipated, shall be placed in the "Revenue Anticipation Bond or Note Redemption Fund" until such time as the funds accumulated therein shall be sufficient to pay all such revenue anticipation bonds or notes outstanding, together with interest thereon at maturity, and the funds so accumulated in the "Revenue Anticipation Bond or Note Redemption Fund" are hereby appropriated and set apart for such purpose only, and shall be used for no other purpose; provided, however, that nothing in this section shall be construed to limit the payment of the principal of and interest on said revenue anticipation bonds or notes solely to the taxes or other funds or revenues, in anticipation of which said bonds or notes were issued, but such bonds or notes shall be the direct and general obligation of the taxing district.

63-3105. Tax levy to cover deficiency in bond or note payments. In the event that the taxes collected for any fiscal year prior to date on which final installment of such taxes becomes delinquent, or other anticipated funds or revenues, shall not be sufficient to pay the revenue anticipation bonds or notes issued in anticipation of the collection of taxes or other funds or revenues of such fiscal year, the taxing district shall, in providing for the levy of taxes for the succeeding fiscal year, include in such tax levy for the succeeding fiscal year the amount necessary to cover such deficiency in the collection of such taxes or other funds or revenues, such levy in the succeeding year to be in an amount which, together with the amount of taxes then in such "Revenue Anticipation Bond or Note Redemption Fund" shall be sufficient to provide for the payment of principal of and interest on the revenue anticipation bonds or notes issued in anticipation of such taxes, funds, or other revenues and payable out of such fund.

63-3106. Issuance and sale of refunding bonds or notes by taxing districts to pay for revenue anticipation bonds or notes. A taxing district shall have power to issue refunding bonds or notes, with like limitations upon interest and maturity, and shall issue refunding bonds or notes where such refunding bonds or notes shall be necessary to provide for the payment of any revenue anticipation bonds or notes at maturity, or to provide for the payment of any revenue anticipation notes or bonds heretofore issued by any taxing district where such revenue anticipation notes or bonds are outstanding and unpaid after their maturity date. Said refunding bonds or notes shall be authorized by resolution and shall be issued, sold and paid as herein provided for the issuance, sale and payment of revenue anticipation bonds or notes. At no time shall the total amount outstanding of such revenue anticipation bonds or notes and such refunding bonds or notes exceed seventy-five per cent (75%) of the amount of taxes levied or state funds or other revenues anticipated for the current fiscal year and not yet collected by said taxing district, or if such refunding bonds or notes are issued before the tax levy or budget for
any fiscal year has been completed, then the total amount outstanding of such revenue
anticipation bonds or notes and such refunding bonds or notes shall not exceed seventy-five per
cent (75%) of the amount of taxes levied or state funds or other revenues received by said taxing

issued or the issuance thereof has been provided for by the adoption of a resolution for the
purpose of refunding any revenue anticipation bonds or notes, the said revenue anticipation
bonds or notes to be refunded by said refunding bonds or notes shall not be included in
determining the total amount of revenue anticipation bonds and notes outstanding, but for that
purpose shall be treated as having been refunded and retired by such refunding bonds or notes.

63-3107. Construction. This act shall be construed as full authority for the issuance of
such revenue anticipation bonds or notes, and it shall not be necessary to comply with the
requirements or provisions of any other statute relative to the issuance or sale of bonds or notes
of any taxing district, in connection with the issuance of revenue anticipation bonds or notes
issued under the authority of this act.

The state tax commission shall calculate
district current property tax budgets to include any unrecovered foregone amounts as
determined under section 63-802(1)(e), Idaho Code. When a special purpose taxing
district is situated in more than one (1) county, the tax commission shall determine the
portion attributable to the special purpose taxing district from each county in which it is
situated.

(iv) If special purpose taxing districts are consolidated, the resulting district is entitled to
a base amount equal to the sum of the base amounts which were received in the last
calendar quarter by each district prior to the consolidation.

one-fourth (1/4) of this amount certified quarterly to each county. For school districts, the state
tax commission shall distribute one-fourth (1/4) of the amount certified quarterly to each school
district. For nonschool districts, the county auditor shall distribute to each district within thirty

by the counties and other taxing districts and budgeted at the same time, in the same manner and
in the same year as revenues from taxation on personal property which these moneys replace. If
taxing districts are consolidated, the resulting district is entitled to an amount equal to the sum of
the amounts which were received in the last calendar quarter by each district pursuant to this
subsection prior to the consolidation. If a taxing district is dissolved or disincorporated, the state
tax commission shall continuously distribute to the board of county commissioners an amount

Idaho Code, based on the tax year 2000 tax charges for maintenance and operation as limited by
sections 33-802 2. and 33-1002D, Idaho Code, shall not be subtracted from the maximum school
district maintenance and operation property taxes permitted in accordance with section 33-802
2., Idaho Code. For purposes of the limitation provided by section 63-802, Idaho Code, moneys
received pursuant to this section as property tax replacement for property exempt from taxation pursuant to section 63-602EE, Idaho Code, shall be treated as property tax revenues.

The state or any public agency thereof when acting jointly with another public agency of this state may exercise and enjoy the power, privilege and authority conferred by this act; but nothing in this act shall be construed to extend the jurisdiction, power, privilege or authority of the state or public agency thereof, beyond the power, privilege or authority said state or public agency might have if acting alone.

this state unless the state of Idaho or public agency thereof is provided due process for

submitted to the state officer or agency having such power of control and shall be approved or
disapproved by him or it as to all matters within his or its jurisdiction. Failure to disapprove an
agreement submitted hereunder within thirty (30) days of its submission shall constitute approval

program or service.

Any suit brought for the purpose of having an action declared or determined to be null and void pursuant to subsection (1) of this section shall be commenced within thirty (30) days of the time of the violation or alleged violation of the provisions of this act. Organizations with gross revenues of twenty-five thousand dollars ($25,000) or less shall pay a fee of one hundred dollars ($100). Organizations with gross revenues of twenty-five thousand dollars ($25,000) to seventy-five thousand dollars ($75,000) shall pay a fee of two hundred dollars ($200). Organizations with gross revenues exceeding seventy-five thousand dollars ($75,000) shall pay a fee of three hundred dollars ($300). New organizations with no history of gross revenues shall pay a fee of one hundred dollars ($100), and the gross revenues indicated in the organization's first annual report shall determine the license renewal fee.

(e) Has been convicted, forfeited bond, or has been granted a withheld judgment, upon a charge involving forgery, theft, willful failure to make required payments or reports to a governmental agency at any level, or filing false reports to a governmental agency, or any similar offense or offenses, or of bribing or otherwise unlawfully influencing a public official or employee of any state or the United States, or of any crime, whether a felony or misdemeanor, involving gambling activity, physical injury to individuals or moral turpitude;

(f) Denies the state lottery access to any place where a licensed game is conducted, denies access to any law enforcement officer, or fails promptly to produce for inspection or audit any records or items as required by law;

(g) Fails to have the license available for verification where the licensed game is conducted;

(h) Misrepresents or fails to disclose to the state lottery or any investigating law enforcement officer any material fact;

(j) Is subject to current prosecution or pending charges, or to a conviction regardless of whether it has been appealed, for any offense described in paragraph (e) of this subsection. At the request of an applicant for an original license, the state lottery may defer decision upon the application during the pendency of the prosecution or appeal;

(k) Has pursued or is pursuing economic gain in a manner or context which violates criminal or civil public policy of this state and creates a reasonable belief that the participation of the person in gaming operations by charitable or nonprofit organizations would be harmful to the proper operation of a lawful bingo or raffle.

(3) The state lottery may, upon its own motion or upon a written verified complaint of any other person, investigate the operation of any gaming purportedly authorized in this chapter. If the state lottery has reasonable cause to believe that any gaming as described in this chapter violates any of the provisions of this chapter or rules promulgated pursuant to this chapter, it may, in its discretion revoke, cancel, rescind or suspend any license for a period not to exceed one (1) year, or it may refuse to grant a renewal of the license or it may take other action as may be appropriate under this act and any rules promulgated pursuant to this act. If the state lottery shall refuse to grant a license or refuse to grant a renewal of a license or revoke, cancel, rescind or suspend a license, it shall give the applicant or licensee fifteen (15) calendar days' written notice of its intended action stating generally the basis for its action. Within the fifteen (15) calendar day notice period, the applicant or licensee shall indicate its acceptance of the decision of the state lottery or shall request a hearing to be held in the same manner as hearings in contested cases pursuant to chapter 52, title 67, Idaho Code. The hearing shall be conducted within twenty-one (21) days of the request. The applicant or licensee may appeal the decision of the state lottery after the hearing within the same time and manner as provided for judicial review of actions pursuant to chapter 52, title 67, Idaho Code. Failure to make the request for a hearing as provided herein, shall render the decision of the state lottery final and not subject to further appeal.

67-7713. Licensure requirements. A charitable or nonprofit organization conducting a bingo game shall be required to obtain a license if the gross annual bingo sales are ten thousand dollars ($10,000) or more. A charitable or nonprofit organization conducting a raffle shall be
required to obtain a license if the maximum aggregate value of merchandise exceeds one thousand dollars ($1,000).

67-7714. Rules and forms. The state lottery commission is authorized to promulgate rules consistent with this act in compliance with chapter 52, title 67, Idaho Code, to implement the provisions of this act and shall prescribe standardized forms for implementation of this act.

(1) No person or entity shall manufacture, sell, distribute, furnish or supply to any person or entity any gaming device, equipment or material, in this state or for use in this state, without first obtaining a vendor's license from the state lottery commission. Vendor licenses shall not be issued by the state lottery except respecting devices, equipment or material designed and permitted to be used in connection with activities authorized under this chapter. Provided however, that this licensing requirement shall apply only insofar as the state lottery commission has adopted rules implementing it as to particular categories of gaming devices and related material and equipment.

(2) Any person or entity that manufactures, sells, distributes, furnishes or supplies any gaming device, equipment or material, in this state or for use in this state shall make application for a vendor license to the state lottery. The state lottery shall review the license application and shall approve or deny the issuing of a license within fifteen (15) calendar days of receipt of the license application. The state lottery may deny the application if it determines that the applicant has not met the requirements imposed in this act and rules promulgated pursuant to this act. Whenever an application is denied, it shall be returned to the applicant by the state lottery with specific reasons for the denial. When the license application is approved by the state lottery, the state lottery shall issue a license to the applicant.
