Welcome

By Kristina Taylor

Welcome to Fall – otherwise known as “Scoop Newbie Season”! I am excited to support my co-workers Staci and Tammy with their myriad of program responsibilities. Bear with me as I share the very first Scoop Newsletter that I have created for the Read to Me Team here at ICfL. Enjoy!

Meridian Public Library hosts “Supercharged Storytime” workshop with Saroj Ghoting

On September 29th, 40 library staff spent a day with early childhood literacy consultant Saroj Ghoting (http://www.earlylit.net/) learning all about “Supercharged Storytimes” and demonstrating that “what we do in storytimes makes a difference in children’s early literacy behaviors.” Saroj helped participants become familiar with the VIEW S2 study and VIEWS2 domains, connecting them to storytime activities which enhance children’s early literacy. She reviewed the principles of a Supercharged Storytime: interactivity, intentionality, scaffolding, parent tips, self-reflection, assessment, and
community of practice. One hundred percent of the workshop participants “strongly agreed” that they will apply what they learned from this amazing training. Thanks to Saroj, Megan and all who attended!

**Note:** If you missed this training, it is also offered online at Library Juice Academy.

“A life-long love of the library” – Azam Houle featured in local news cast just before retiring

“The exclamation point outside the Boise Public Library helps explain the atmosphere inside it on Wednesday mornings. The children’s wing is usually the hot spot and Bloomin’ Baby Story Time is the reason why.”

(KTVB, September 20, 2017)
Best Small Library in America!

Congratulations to the Boundary County Library District for being chosen as the Best Small Library in America for 2017 by Library Journal!

The headline of the article says it well: “A Culture of Opportunity” is what recently retired Director Sandy Ashworth began, and current Director Craig Anderson and his team continue.

In her letter of support of the nomination, State Librarian Ann Joslin said, “Of special note to me is the level of outreach to city, county, and regional agencies and organizations that Sandy started and Craig continues. The Boundary County Library is a model for the amazing things that can happen when a library director, staff, and board truly listen to the needs and aspirations of their community, and then take action to not only meet those needs, but exceed them.”
And a thank you to Meridian Library District Director Gretchen Caserotti for nominating the Boundary County Library District. The Library Journal article is here:

**A Book of Her Own**

A few months ago, Cascade Library volunteer Naomi Rogers, wrote her very own children’s book – *The Amazing Tree House*, published by Tru Publishing and illustrated by Travis Eberhard. Naomi recently received news that Rediscovered Books in downtown Boise will carry her book and has requested that she do a signing. Her book is in rhyme, and has a cute little squirrel wandering the pages. Naomi participated in the My First Books program through ICfL for several years, and knows what makes a great read-aloud book. Check out *The Amazing Tree House* here:

Do Overdue Fines Short-Change the Library?
Who loves to collect overdue fines from students? Nobody. But fines are necessary, aren’t they? And for some school libraries, they are a needed source of revenue. But what if collecting the fine costs more than the fine itself? In a recent conversation with a school librarian, the topic of overdue fines came up. She’s done away with them for these reasons:

October Is National Bullying Prevention Month
And the activity this week is to make friends with some you don’t know at school. This seems a wonderful way for the library to get involved in a personal way in Bully Prevention Month. Next week is STAND UP for Others Week.

Read To Me Rendezvous – Registration deadline of Oct 15th!

Registration is now open for Idaho public and school librarians planning to attend the biennial Read to Me Rendezvous in Boise, November 2 – 3.

November 2 will focus on topics that build the capacity of public libraries to better serve their communities.

November 3 will focus on how public and school libraries can support early learning and beginning readers, and partner with each other to make the most impact in their communities.

Public librarians and library staff are encouraged to attend both days, November 2 – 3.

School librarians and school staff are encouraged to attend Day 2, on November 3.

We encourage library staff to contact your public library or school library partner(s), and attend together if possible.

We have a great lineup of sessions, designed to meet the needs of both new and experienced staff working with young children.

See Agenda

And we hope you will join us at 5:00 on November 2 to celebrate Read to Me’s 20th Anniversary, with a look back at all the great ways Idaho libraries have supported early learning through outreach and library programming over the years. And, of course, there will be cake!

Registration includes breakfast and lunch on both days for all attendees, and travel reimbursement and lodging on November 2 if traveling more than 40 miles one-way. Those traveling more than three hours are also eligible for lodging on November 1. See Travel Guidelines for more information.
Register now, as seating is limited and available on a first-come, first-served basis! Limit two staff per library or school, please. **Deadline is October 15!**

**Lights On Afterschool – October 26, 2017!**

Launched in October 2000, Lights On Afterschool is the only nationwide event celebrating afterschool programs and their important role in the lives of children, families and communities. The effort has become a hallmark of the afterschool movement and generates media coverage across the country each year.

The Afterschool Alliance organizes Lights On Afterschool to draw attention to the many ways afterschool programs support students by offering them opportunities to learn new things—such as science, community service, robotics, Tae Kwon Do and poetry—and discover new skills. Libraries are a very important provider of quality afterschool programs, and this is a fantastic opportunity to highlight our offerings.

**Annual Idaho Library Association Conference**

We saw many of you on October 4th – 6th at the Riverside Hotel in Boise for ILA’s annual conference. This year’s conference was focused on “Community Built Libraries” and was kicked off with an informative panel about library programs built through community outreach, listening to the members of the community, and successful partnering with other organizations to implement community-based programs. Participants were wowed by a presentation by Janie Veltkamp, a raptor biologist and rehabilitator who founded Birds of Prey Northwest. She told the story of Beauty the Bald Eagle who was rescued by Janie and became the recipient of a 3D printed prosthetic beak. Learn more about Beauty’s book, Beauty STEM activities and how your library can receive the 3D STL file to print your very own bald eagle beak:

CE news you can use

By Gina Persichini

Autumn isn’t usually the time of year when one thinks of sowing seeds. It tends to be a topic for Spring. But some of my favorite sowing happens now -- it’s when we put the garlic in. Taking its time over the cooler months, garlic is building up its power. Those little bits of green poke up from the ground. Sometimes covered with snow. Sometimes just dark, wet soil with sprouts of opportunity peeking up. Over some of the darkest days, it grows stronger. By spring, it stands tall, ready to make the best dishes in the kitchen. I love this time of year!

This isn’t just the time to plant the garlic. This is also the time to sow the seeds for our own growth. Here are some ideas to plant for your own professional development:

Children’s Books Exploring the Refugee Crisis

“As the present global refugee crisis continues to surge—with more than a million migrants fleeing war from not only Syria, but across the Middle East, Africa, Asia, and Eastern Europe—efforts to both explain and humanize the experience for young readers are proliferating on publishers’ latest lists.” (Publishers Weekly, July 13, 2017)

Movie Alert

R.J. Palacio never envisioned that her “little book about a little boy with enormous challenges” would one day become a feature-length film. But it has; the Lionsgate adaptation of Palacio’s _Wonder_ (Knopf, 2012) releases on November 17, starring Jacob Tremblay, Julia Roberts, and Owen Wilson. _The Perks of Being a Wallflower_ author Stephen Chbosky directed.

Not only was a _Wonder_ movie nowhere on Palacio’s horizon, when she was writing the book, she didn’t know that it would necessarily even be published: “I had no idea that it would become what it’s become,” Palacio said.
