**Questions?
Call or visit
your local
PRLD branch
for more info!**

Adult patrons of PRLD may borrow a kit for one week. Each branch has 12 kits that will rotate every 3 months.

Does your family have a pre-school age child?

These kits are for you!

- **Libraries play an important role in early childhood success through early literacy programs, books, and digital tools that many families cannot afford on their own.**
- **Children who start school behind rarely catch up with their peers without costly direct reading intervention.**
- **Children who have been exposed to early literacy practices before they enter school are more likely to become successful readers throughout their years of schooling.**

****Kits must be borrowed and returned at the same branch.****
