

VI. GENERAL, MISCELLANEOUS REVENUE, AND LIBRARY SERVICES IMPROVEMENT FUNDS
A.4. Finances – FY2020 Purchase Request – Action Item

As reported previously, the state vehicle supporting the northern field office is unreliable. Since the Governor's office is not accepting any budget enhancements this year, the purchase of a new vehicle using General Funds is not possible.

ICfL requests approval to purchase a replacement vehicle, not to exceed \$28,000 from the Library Services Improvement Fund (LSIF). All proceeds of the sale of the current vehicle will return to the LSIF. A report of new vehicle cost and revenue of the sale of previous vehicle will be presented at a future board meeting.

Suggested motion: I move that up to \$28,000 from the Library Improvement Fund be used to purchase a new vehicle for the northern field office.
