II. New Business

A. Rules – action item (Board document 19-53)

Background: The Idaho Legislature did not reauthorize all existing administrative rules as they have done in the past. This requires executive administrative action to ensure existing rules remain in effect in Fiscal Year 2020. To address this unique circumstance, we will submit the following form for all ICfL Rules found at <https://adminrules.idaho.gov/rules/current/30/index.html>. We will publish this information on the ICfL website in June and accept any written comments as per the usual procedure for rule making.

M/S Mecham/Franklin that the Board of Library Commissioners initiate the rulemaking process through the following Notice of Omnibus Rulemaking – Temporary and Proposed Rulemaking, for IDAPA 30, Title1, Chapter 1, Rules of the Idaho Commission for Libraries, Governing the Use of Commission Services.

III. Adjournment

Held adjourned the meeting at 10:19 a.m.
