

VI. FEDERAL FUNDS

A.1 Finances – FY2022 Object Transfers - Action Item

The Commission for Libraries received the authority to spend up to \$1,681,400 in the federal funds for FY2022. Program budget submissions indicate \$23,000 in additional Trustee and Benefits (T&B) spending authority is required.

Various programs will utilize the T&B option to assist libraries in building their capacity during these unprecedented times. ICfL staff are requesting approval of an object transfer to move \$23,000 from operating to T&B to support the current FY2022 budget.

Suggested motion: I move that the FY2022 federal fund appropriation be adjusted by transferring \$23,000 in operating funds to Trustee and Benefits to implement the FY2022 spending plan.
