B. Program – Draft Strategic Plan, FY2023-2026 – action item

The State Strategic Plan continues to address Idaho library needs described in terms of the Commission’s mission and identified state priorities. The plan provides flexibility to manage and improve current programs and, at the same time, strategically positions the Commission to take advantage of opportunities that might appear.

The full plan, with a brief needs assessment and objectives for each strategy, is to be submitted to the Division of Financial Management (DFM) by July 1, 2022.

Suggested motion: I move that the mission, vision, goals, and strategies included in the draft Strategic Plan for FY2023-2026 as described in Board Document 22-63 be approved.
