

**VI. GENERAL, MISCELLANEOUS REVENUE, AND LIBRARY SERVICES IMPROVEMENT FUNDS****E. School Library Access Grant Applications Received – Information item**

The ICfL receives state funding annually to make subawards to school libraries through the School Library Access Grant program. Funds from this program are used to purchase books to help ensure access to high-quality reading materials for elementary and secondary students. This grant program has three primary goals:

- Increase the amount of recreational reading done by students in grades 6-12.
- Increase access to age-appropriate, high-quality, nonfiction and fiction titles in secondary school libraries.
- Increase the number of students in grades 6-12 reading on grade level.

In 2022, there were 42 applicants for the School Library Access Program. One application was declined, and 41 schools were awarded. Funds were distributed to schools in September. The following table lists applicants:
