

IV. Federal Fund

C.3. Grants – Summer STEM from Your Library Grant Awards – Information item

The Summer STEM from Your Library grant program allows libraries to create meaningful summer learning opportunities that engage children in science, technology, engineering, and math. The \$500 grants are open to public, school, academic, and tribal libraries. In FY24, the Idaho Commission for Libraries awarded grants to 72 libraries on a first-come, first-served basis. Grant recipients will utilize funds to purchase STEM-related materials and/or bring fun, educational presenters to library programs.

This year’s awards were funded with Library Services and Technology Act (LSTA) funds, which is a departure from the past source, the Idaho STEM Action Center. Next fiscal year, the grants will be supported with state general funds.

Summer STEM from Your Library Grant Awards – FY2024
