

IV. General (state funds), Miscellaneous Revenue, and Library Services Improvement Fund (LSIF)
C.i. Grants – Summer STEM from Your Library Grant Awards – Information item

The Summer STEM from Your Library grant program allows libraries to create meaningful summer learning opportunities that engage children in science, technology, engineering, and math. The \$500 grants are open to public, school, academic, and special (including tribal) libraries. In FY25, the Idaho Commission for Libraries awarded grants to 71 libraries on a first-come, first-served basis. Grant recipients will utilize funds to purchase STEM-related materials and/or bring fun, educational presenters to library programs.

This year’s awards were funded with state general funds, which is a departure from previous years when support came from the Library Services and Technology Act (LSTA), and the Idaho STEM Action Center.
