

IV. General (state funds), Miscellaneous Revenue, and Library Services Improvement Fund (LSIF)
C.i. Grants – Summer STEM from Your Library Grant Awards

The Summer STEM from Your Library grant program allows libraries to create meaningful summer learning opportunities that engage children in science, technology, engineering, and math. The \$500 grants are open to public, school, academic, and special (including tribal) libraries.

In FY2026, the Idaho Commission for Libraries awarded grants to 71 libraries on a first-come, first-served basis. Grant recipients will utilize funds to purchase STEM-related materials and/or bring fun, educational presenters to library programs.

This year's awards, totaling \$35,500, were funded with state general funds following an enhancement to the ICfL's FY2026 budget for this grant. Before FY2026, the grant was supported by the Library Services and Technology Act (LSTA) and the Idaho STEM Action Center.

The following libraries received the \$500 Summer STEM grant:

1. Aberdeen District Library
2. Ada Community Library, Lake Hazel
3. Ada Community Library, Star
