

Did you know...

Music is a great tool for the development of language and listening skills. By participating in music activities, your child can expand their vocabulary and improve their attention span, concentration, and memory.

Singing helps children develop phonological awareness, which is the ability to hear the smallest sounds in letters and words. When you sing, syllables are broken apart and children can hear letter sounds and rhymes clearly.

You don't have to be a great singer to sing with your child. If you don't know melodies or words of familiar children's songs, there are a lot of websites you can refer to. You can also check out CDs and songbooks from your local library.

Here's how...

- ✦ Sing together — anytime or anywhere.
- ✦ Encourage your child to move to the music. Allow them to do this in their own way.
- ✦ Teach your child songs that you remember from your childhood.
- ✦ Make a game of listening to and repeating words, rhythms, or sounds. Listening will develop the ability to hear the sounds and patterns in letters and words.
- ✦ Make homemade instruments for your child to play as you sing or listen to music (see page 2).
- ✦ Clap the parts of the words as you sing them:
Twink-le Twink-le lit-tle star...

Read

***Knick Knack Paddy Whack*, by Steven Songs**

This colorful song book includes a CD so you and your child can sing along. There are 10 verses of rhyme and a chorus that repeats itself so your child will quickly learn the words. This book also includes the musical notes to the song and a short description of the instruments that are shown in the drawings. It is a fun way to learn numbers and rhyming words.

You can see a video of this song, along with other singalong books from Barefoot at:

www.barefootbooks.com/knickknack

Choosing Books

More books with songs to sing:

Singing in the Rain, by Tim Hopgood

Down by the Bay, by Raffi

Five Little Monkeys Jumping on the Bed, by Eileen Cristelow

All You Need Is Love, by John Lennon

The Seals on the Bus, by Lenny Hort

Maria Had a Little Llama, by Angela Dominguez

Mary Wore Her Red Dress and Henry Wore His Green Sneakers, by Merle Peek

Talk

Every family has a story, and children love hearing about theirs. It is important to hear tales of when they were younger, or where they have lived. If you have a map or globe, or access to a computer, you can show them where their ancestors came from. Make sharing family stories a family tradition!

Write

Help your child make a book of a favorite song: Staple several pages of paper together, and write one verse or sentence on each page, in large printed letters. Let your child illustrate it. Point to the words as you sing along together.

Play

Make homemade instruments with your child and play along with your favorite songs:

Drum: coffee can with lid or oatmeal tub

Maracas (shakers): water bottles or juice cans filled about 1/3 full with rice or dry beans. Seal the top with paper and tape.

Tambourine: Put a small handful of dry beans inside two aluminum pie pans or sturdy paper plates. Seal together with duct tape and shake.

Rhythm sticks: Hit two wooden spoons or pencils together.

Here is a fun action rhyme to use with your new maracas (shakers):

We're Going to Shake Our Shakers

Sing

Old MacDonald Had a Band

(Tune of "Old MacDonald Had a Farm")

Old MacDonald had a band, E-I-E-I-O.

And in that band there was a flute, E-I-E-I-O.

With a tweet, tweet, here
and a tweet, tweet, there.

Here a tweet, there a tweet,
everywhere a tweet, tweet.

Old MacDonald had a band, E-I-E-I-O.

Repeat with other instruments:

... drum... boom...

... triangle... ding...

...guitar... strum...

... violin... rin...

... tambourine... tinkle...

... maracas... rattle...

Be creative!

At your library...

Most libraries have free Wi-Fi that families can use for at-home learning. During the pandemic, many libraries have expanded Wi-Fi service. Some are loaning mobile hotspots, as well as laptops or devices. Call your library or check their website for more information about computers, devices, and Wi-Fi.
