

# Kindergarten Readiness Grant

## Application for Awardees of 2018-2019 Grant

### Seeking Continued Funding for 2019-2020

(Application Deadline: August 23, 2019)

This application is for **libraries that received a Kindergarten Readiness Grant in 2018-2019**, who wish to apply for grant funds that support the continuation or extension of their grant project.

*If your library is a first-time applicant (meaning your library was not awarded a K Ready grant last year), please use the alternate application found at <https://libraries.idaho.gov/rtm/kinder-grant/>.*

The Idaho Commission for Libraries (ICfL) is offering a grant to build the capacity of Idaho's public libraries to better prepare children to be successful in school. The Kindergarten Readiness grant will provide state funding to help public libraries partner with their local school districts and other community partners to reach children and their families before they enter school. Libraries play an important role in early childhood success through the expertise of trained librarians, early literacy programs, books, and digital tools that many families cannot afford on their own. Children who start school behind rarely catch up with their peers without costly direct reading intervention. Children who have been exposed to early literacy practices before they enter school are more likely to become successful readers throughout their years of schooling, and especially by the critical third-grade year.

#### **The program has three primary goals:**

- 1) Ensure that more Idaho four-year-olds and their families have public library cards to gain access to the tools and resources needed to help children succeed in school.
- 2) Increase the amount of early literacy activities done in the homes of four-year-olds across the state.
- 3) Increase the number of successful public library, school, and community partnerships that increase third-grade reading proficiency by focusing on pre-kindergarten experiences.

#### **Grant Eligibility**

Libraries that received a Kindergarten Readiness grant in 2018-2019 are eligible to re-apply for **up to half** the funds awarded previously. ICfL supports long-term efforts by the libraries to build sustainable programs and projects.

Applications will be ranked by the applicants' responses to the weighted grant application questions and include: how your project components met specific needs in your community, how you plan to use grant funds to continue, extend, expand, or revise your project in the coming year, strength and commitment of partnerships, the plan to reach four-year-olds in the library's

service area, ability to measure the project's success/impact, and budget description. The ranking committee may also take into consideration the geographical distribution across the state.

## **Grant Requirements**

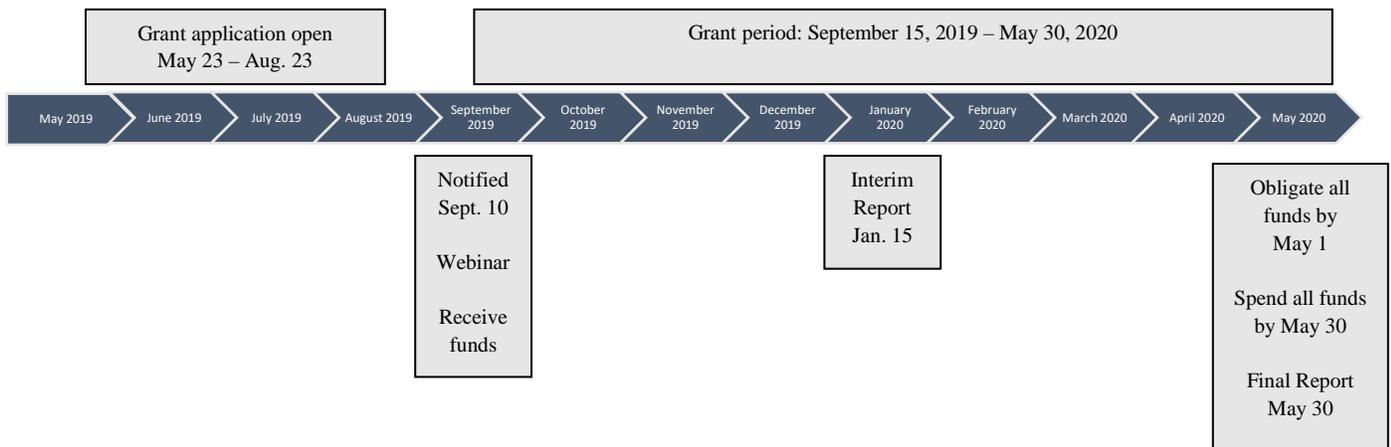

If your library is awarded grant funds, the following requirements will need to be met during the grant period (September 15, 2019 – May 30, 2020):

- Library staff and partners will be required to attend a webinar to review grant requirements and share information about your plans with other grant recipients. Dates, locations, and other details for the training are to be determined. If you can't attend the live webinar, viewing the recorded version will be required. An ICfL consultant will also be assigned to provide assistance and technical support throughout the grant cycle.
- Grantee will complete both an interim grant report (due January 15, 2020) and a final grant report (due May 30, 2020). Interim and final reports will include a summary report of grant expenditures and feedback on what has been accomplished with grant funds.
- Grant funds can be spent on:
  - Programs focused on kindergarten readiness for four-year-olds that provide blended learning opportunities (i.e. time to socialize with peers, hands-on learning opportunities, and introductions to digital learning tools)
  - Outreach events; taking early literacy programming to where young children and their families gather
  - Consumable educational materials for families to use at home to build early learning skills
  - Educational materials that can be checked out for home or daycare use, to build early learning skills
  - Devices and mobile hot spots for families to check out, in order to access early learning resources externally
  - Dedicated children's computers for the library to facilitate early learning resources internally
  - Waiving overdue fines for children (not to exceed 25% of grant award)
  - Non-resident library card fees
  - Library card materials
  - Public Relations materials
  - Personnel, especially native Spanish-speakers, for programs and outreach
  - Parent & family events (noting that food is not an allowable expense)
  - Summer reading / out-of-school reading support
  - Community audits or surveying parents of preschoolers
  - Translation of materials/signage into other languages
  - Other materials and/or services that will support your community plan to increase early literacy

(For a list of what grant funds cannot be spent on, please see the budget restrictions listed in Question #8 of the application.)

## Grant Timeline

- **Applications must be submitted electronically on or before August 23, 2019 to be considered.**
- Applicants will be notified about their status via email by September 10, 2019.
- Grant recipients attend a grant webinar in September 2019.
- Grant funds will be distributed to the library in September 2019.
- January 15, 2020 – Interim grant report is due.
- May 1, 2020 – Last of grant funds are obligated to ensure all invoices are paid before May 30, 2020.
- May 30, 2020 – Final grant report is due.

## **Part B: Grant Application Instructions & Checklist**

- The application contains weighted questions for a total of 100 possible points. Review these questions before completing the application.
- Below is a worksheet to help you draft your responses to the questions on the grant application. **You will submit the official application online at <https://form.jotform.com/icfl/KGR-1920-Second>**
- A letter from each school\* and/or community partner included in your project description is **required**. Letters should describe exactly what the partner’s role will be in the project, and how they will support the goals of the grant. These should be uploaded with your application.  
\*Keep in mind that most school/district staff are unavailable in the month of July.

If you have questions about the grant application or the application process, please contact Jamie Mott, Grants/Contracts Officer, at [libgrants@libraries.idaho.gov](mailto:libgrants@libraries.idaho.gov) or Staci Shaw, Youth Services Consultant, at [staci.shaw@libraries.idaho.gov](mailto:staci.shaw@libraries.idaho.gov) or by phone at 1-800-458-3271.

## III. Narrative Section

1. **(Up to 25 pts) Project and Need:** *This is a heavily weighted question in the grant—please provide answers to all parts of the question.*

Please describe your project in 2018-2019, and explain how **each** component of your project met a need in your community. If there were aspects of the grant that did not meet the needs of the

community, please explain those components. Any revisions to the project in the coming year can be explained in #2 below.

2. **(Up to 25 pts) Continuation of Project:** *The more details you provide, the better understanding we will have of your library-led efforts to increase the number of children in your community who are ready for kindergarten. Address all parts of the question.*

Please describe your plans to continue, extend, expand, or revise your project. Include the outcomes you wish to achieve, the various components of the project, how many children/families you estimate will benefit from the grant funds, how staff time will be spent, how you will continue to get more library cards to four year-olds and increase access to library services, and an overview of how the funds will be spent.

3. **(Up to 15 points) Collaboration with Partners:** *Answer both parts of this question.*
- a. (5 points) List each partner and explain their role in your project.
  - b. (10 points) Describe your existing partnership with your school district and/or other community partners in regard to efforts to increase the number of students reading on grade level. How often do you meet to collaborate, how long have you been actively partnering, what have you accomplished so far? What resources will your partner(s) contribute to the project? How did the first year of your grant project strengthen these partnerships? If you are establishing new partnerships for the next grant cycle, describe how the new partnership will help build and expand your project reach.
  - c. Upload a letter of commitment from each partner, in which they explain their role in your project and what resources they will contribute.
4. **(Up to 5 pts)** What methods will you use to evaluate the success of your project?
5. **(Up to 10 points)** Describe how the library plans to sustain the project/program after the grant cycle is completed. Include funding, dedicated staff time, resources, etc. to which the library is committed.

6. Please complete the following table:

7. (Up to 20 pts) Budget:

Please note the following budget restrictions:

- If spending grant funds on personnel, grant funds cannot be used to fulfill regular institution salary costs. Personnel will be required to document time spent working on the grant project to verify that costs are true, accurate and not double-billed to the grant and normal operational costs.
- If spending grant funds to waive the overdue fines for children, no more than 25% of the grant funds can be spent for this purpose.
- Grant funds cannot be spent on construction or other capital improvements.
- Grant funds cannot be spent on food or snacks.
- During the grant period, if grantee determines that significant changes need to be made to the budget and spending within the budget categories, grantee will need to contact ICfL with a newly proposed budget. (A significant change to the budget is defined as 10% of the grant total being moved from one category to another – i.e. If grant is \$10,000, a \$1,000 change from one budget category to another would be considered significant.) Significant budget changes must be reviewed and approved by ICfL.

Note: Please include details in your budget, such as estimated cost per item, examples of items, personnel hours and pay rate... If your budget costs or calculations are unclear it is difficult to determine how sound your budget is. Budgets with clear explanations will score more points than vague categories or descriptions.

Examples: The first example is detailed and explains exactly how the sum of \$600 was determined. The second example is vague and we are left with many questions.
