

**Please be prepared to answer these questions for the Round 2 Final Report:**

1. How many books were each grade level in your school (including PreK's, if applicable) allowed to check out from your library and take home each week during the 2020-2021 school year?
2. Describe challenges, push back, or feedback you've received as a result of checking out books for students to take home during the Spring 2021 semester.
3. We love to learn that students are excited about new books in the library! In addition to student excitement, please describe the biggest success in your program.
4. How many total books have you purchased with your grant funds?
5. What percentage of those titles were age-appropriate non-fiction?
6. If not included in your Interim Report, please describe the family literacy or other outreach event you held during the grant period (in-person, virtual, or remote). What was the purpose of the event; what activities were available; how many families participated; what feedback did you receive? Are there other pertinent details you'd like to share? If you used grant funds for this event, please list what was purchased and its purpose.
7. How many books have you circulated to students this year? Please compare the 2019-2020 and the 2020-2021 school years. This information is accessible through your ILS, or wherever you keep track of circulation.
8. You will attach a title list of the books you've purchased since your Interim Report. It is not necessary to include the titles that were listed in your Interim Report. Our electronic form requires a PDF, please.
9. If your school serves Spanish-speaking families, please describe if and how this grant changed their library experience.
10. Please describe the additional training/professional development experience in which you participated. Include information about the source of the training and the topic of the content. Type "Interim Report" if you reported this in your Interim Report.
11. Additional Comments: Please provide any additional comments that would provide further explanation or would help us improve this program.

12. You will attach a financial report that has been produced by your school's or district's accounting software. It should clearly show the grant funds hitting the account, and each transaction for book purchases. Again, the electronic form requires a PDF.
13. Provide the amount of your award.
14. Provide the amount of grant funds that have been spent. It should be the amount you were awarded and show that you have spent every cent of your grant award.
15. Has more than 5% been spent on vendor processing or labeling fees? If so, how much?
16. In the spirit of ICfL's quest for continual improvement, please describe any challenges that occurred ordering book titles and using grant funds, or in your overall grant experience.

If you have questions or concerns about any of these questions, please contact [Jeannie.standal@libraries.idaho.gov](mailto:Jeannie.standal@libraries.idaho.gov).
