

YOU'LL NEED
 (like this one)
 16-PAGE ZINE
 making a
 to get started

6	8	7	9
10	11	4	5
13	12	3	2
14	15	16	1

number the pages in pencil

now the page should look like this

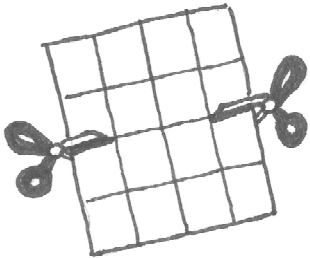

fold short edges together then cut halfway into the center

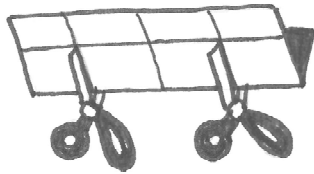

ANYONE
 can make a
 zine on
 ANY
 SUBJECT

open the paper back up to cut the edges at these two points

then cut halfway into the center at these two points

fold the long edges together

A zine is a multi-page self-publication made for passion, not for profit.

"pronounced like 'zeen'"

TO ASSEMBLE:
 starting at page one, fold page two behind page one, then fold page 2 and 3 together like pages in a book.

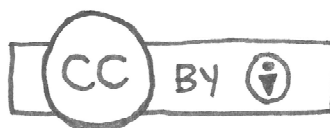

Fold page 4 behind page 3, then fold pages 4 and 5 together.

Repeat this process to create a book shape, with page one being the front and page 16 being the back cover.

tips

- have a margin (1/8 inch) or your text/art will get eaten by the photocopier
- pencil doesn't copy well, use pen or ink

WHAT IS A ZINE?

HOW to MAKE a TINY ZINE
