

Six Steps of Strategic Foresight

Use this worksheet to walk through the six steps of the strategic foresight process.

Adapted from “Thinking about the Future: Guidelines for Strategic Foresight” by Andy Hines and Peter Bishop

 <p>Framing</p>	Frame the project and define the key issues and current conditions:
 <p>Scanning</p>	Scan for signals of change or indicators of the future:
 <p>Futuring</p>	Identify a baseline future and several potential alternate futures:
 <p>Visioning</p>	Develop and commit to a preferred future:
 <p>Designing</p>	Develop prototypes to achieve the vision and goals:
 <p>Adapting</p>	Take action on the plan:
